[FTA Docket No. FTA–2002–13634]

Agency Information Collection Activity Under OMB Review

AGENCY: Federal Transit Administration, DOT.

ACTION: Notice of request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), this notice announces the Information Collection Request (ICR) abstracted below has been

forwarded to the Office of Management and Budget (OMB) for extension of the currently approved information collection. The **Federal Register** Notice with a 60-day comment period soliciting comments was published on July 30, 2002.

DATES: Comments must be submitted before November 27, 2002. A comment to OMB is most effective if OMB receives it within 30 days of publication.

FOR FURTHER INFORMATION CONTACT: Sylvia L. Marion, Office of Administration, Office of Management Planning, (202) 366-6680.

SUPPLEMENTARY INFORMATION:

Title: Rail Fixed Guideway Systems, State Safety Oversight (OMB Number: 2132-0558)

Abstract: 49 U.S.C. section 5330 requires each State to designate a State Safety Oversight agency to oversee the safety and security operations of "a rail fixed guideway system" within the State's jurisdiction. To comply with Section 5330, State oversight agencies must require System Safety Program Plans (SSPPs) from rail fixed guideway systems; review and approve these SSPPs; require notification of unacceptable hazardous conditions according to the American Public Transportation Association (APTA) Hazard Classification Matrix; require and review corrective action plans from rail fixed guideway systems to eliminate such conditions; require an ongoing safety audit process at the rail fixed guideway systems; and submit both an annual certification to FTA that the State is in compliance with the requirements of Section 5330 and an annual report documenting safety activities. Collection of this information will enable the State oversight agency to monitor effectively the safety of the rail fixed guideway system. Without certification from the State oversight agency, FTA would be unable to determine each State's compliance with Section 5330.

If a State fails to comply with the requirements of Section 5330, FTA may withhold up to five percent of funds apportioned under section 5307 to a State, or urbanized area within a State, beginning in Fiscal Year 1997.

Estimated Annual Burden: 37,158 hours.

ADDRESSES: All written comments must refer to the docket number that appears at the top of this document and be submitted to the Office of Information and Regulatory Affairs, Office of Management and Budget, 725—17th Street, NW., Washington, DC 20503, Attention: FTA Desk Officer.

Comments are Invited On: Whether the proposed collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; the accuracy of the Department's estimate of the burden of the proposed information collection; ways to enhance the quality, utility, and clarity of the information to be collected; and ways to minimize the burden of the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

Issued: October 22, 2002.

Dorrie Y. Aldrich,

Associate Administrator for Administration.

Over-the-Road Bus Accessibility Program Announcement of Project Selection

AGENCY: Federal Transit Administration, DOT.

ACTION: Notice.

SUMMARY: The U.S. Department of Transportation (DOT) Federal Transit Administration (FTA) announces the

selection of projects to be funded under Fiscal Year 2002 appropriations for the Over-the-road Bus (OTRB) Accessibility Program, authorized by section 3038 of the Transportation Equity Act for the 21st Century (TEA-21). The OTRB Accessibility Program makes funds available to private operators of over-the-road buses to help finance the incremental capital and training costs of complying with DOT's over-the-road bus accessibility rule, published in a **Federal Register** notice on September 24, 1998.

FOR FURTHER INFORMATION CONTACT: The appropriate FTA Regional Administrator for grant-specific issues; or Sue Masselink, Office of Program Management, 202-366-2053, for general information about the OTRB Program.

SUPPLEMENTARY INFORMATION: A total of \$6.9 million was appropriated for the program in FY 2002 which together with \$204,100 in prior year unobligated funds made a total of \$7.1 million available for allocation: \$5.3 million for intercity fixed-route providers and \$1.8 million for all other providers, such as commuter, charter, and tour operators. A total of 91 applicants requested \$18.4 million: \$11.5 million was requested by intercity fixed-route providers, and \$6.9 million was requested by all other providers. Project selections were made on a discretionary basis, based on each applicant's responsiveness to statutory project selection criteria, fleet size, and level of funding received in previous years. Because of the high demand for the funds available, most applicants received less funding than they requested, but all qualified applicants received some funding. The selected projects will provide funding for the incremental cost of adding lifts to 149 new vehicles, retrofitting 68 vehicles, and \$476,279 for training. Each of the following 73 awardees, as well as the 18 applicants who were not selected for funding, will receive a letter that explains how funding decisions were made.
