4. Add § 230.193 to read as follows:

§ 230.193 Review of underlying assets in asset-backed securities transactions.

An issuer of an “asset-backed security,” as that term is defined in Section 3(a)(77) of the Securities Exchange Act of 1934 (15 U.S.C. 78c(a)(77)), offering and selling such a security pursuant to a registration statement shall perform a review of the pool assets underlying the asset-backed security. At a minimum, such review must be designed and effected to provide reasonable assurance that the disclosure regarding the pool assets in the form of prospectus filed pursuant to § 230.424 of this chapter is accurate in all material respects. The issuer may conduct the review or an issuer may employ a third party engaged for purposes of performing the review. If the findings and conclusions of the review are attributed to the third party, the third party must be named in the registration statement and consent to being named as an expert in accordance with § 230.436 of this chapter.

Instruction to § 230.193: An issuer of an “asset-backed security” may rely on one or more third parties to fulfill its obligation to perform a review under this section, provided that the reviews performed by the third parties and the issuer, in the aggregate, comply with the minimum standard in this section. The issuer must comply with the requirements of this section for each third party engaged by the issuer to perform the review for purposes of this section. An issuer may not rely on a review performed by an unaffiliated originator for purposes of performing the review required under this section.
