

### *B. Self-Regulatory Organization's Statement on Burden on Competition*

The Exchange does not believe that the proposed rule change would impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. To the contrary, the Exchange understands that FINRA and other national securities exchanges will also file similar proposals to extend their respective clearly erroneous execution pilot programs. Thus, the proposed rule change will help to ensure consistency across market centers without implicating any competitive issues.

### *C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others*

No comments were solicited or received on the proposed rule change.

### **III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action**

Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act<sup>16</sup> and Rule 19b-4(f)(6) thereunder.<sup>17</sup>

A proposed rule change filed under Rule 19b-4(f)(6)<sup>18</sup> normally does not become operative prior to 30 days after the date of the filing. However, Rule 19b-4(f)(6)(iii)<sup>19</sup> permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay so that the proposed rule change may become effective and operative immediately upon filing. The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest, as it will allow the current clearly erroneous execution pilot program to continue

uninterrupted, without any changes, while the Exchange and the other national securities exchanges consider a permanent proposal for clearly erroneous execution reviews. For this reason, the Commission hereby waives the 30-day operative delay and designates the proposed rule change as operative upon filing.<sup>20</sup>

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

### **IV. Solicitation of Comments**

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

**Applicants' Representations**

1. The Initial Fund is a Delaware statutory trust that is registered under the Act as a closed-end management investment company and operated as an interval fund pursuant to rule 23c-3 under the Act. The investment objective of the Initial Fund is to generate long-term capital appreciation. The Initial Fund pursues its investment objective primarily by investing in private equity investments.

2. The Adviser is a Delaware limited liability company and is an investment adviser registered with the Commission under the Investment Advisers Act of 1940. The Adviser serves as investment adviser to the Initial Fund.

3. Applicants seek an order to permit the Funds (as defined below) to issue multiple classes of shares, each having its own fee and expense structure and to impose early withdrawal charges ("EWCs") and asset-based distribution and/or service fees with respect to certain classes.

4. Applicants request that the order also apply to any continuously-offered registered closed-end management investment company that has been previously organized or that may be organized in the future for which the Adviser or any entity controlling, controlled by, or under common control with the Adviser, or any successor in interest to any such entity,<sup>1</sup> acts as investment adviser and that operates as an interval fund pursuant to rule 23c-3 under the Act or provides periodic liquidity with respect to its shares pursuant to rule 13e-4 under the Securities Exchange Act of 1934, as amended (the "Exchange Act") (each, a "Future Fund" and together with the Initial Fund, the "Funds").<sup>2</sup>

5. The Initial Fund is currently offering its common shares of beneficial interest ("Initial Class Shares") on a continuous basis. Applicants state that additional offerings by any Fund relying on the order may be on a private placement or public offering basis. Shares of the Funds will not be listed on any securities exchange, nor quoted on any quotation medium, and the Funds do not expect there to be a secondary trading market for their shares.

6. If the requested relief is granted, the Initial Fund intends to continuously offer at least one additional class of shares ("New Class Shares"). Each of the Initial Class Shares and the New Class Shares will have its own fee and expense structure. Because of the different distribution and/or service fees, services, and any other class expenses that may be attributable to each class of shares, the net income attributable to, and the dividends payable on, each class of shares may differ from each other.

7. Applicants state that, from time to time, the Funds may create additional classes of shares, the terms of which may differ from their other share classes in the following respects: (i) The amount of fees permitted by different

distribution plans and/or different service fee arrangements; (ii) voting rights with respect to a distribution and/or service plan of a class; (iii) different class designations; (iv) the impact of any class expenses directly attributable to a particular class of shares allocated on a class basis as described in the application; (v) any differences in dividends and net asset value resulting from differences in fees under a distribution plan and/or service fee arrangement or in class expenses; (vi) any EWC or other sales load structure; and (vii) exchange or conversion privileges of the classes as permitted under the Act.

8. Applicants state that the Initial Fund has adopted a fundamental policy to repurchase a specified percentage of its shares (no less than 5% and no more than 25%) at net asset value on a periodic basis. Such repurchase offers will be conducted pursuant to rule 23c-3 under the Act. Each of the other Funds will likewise adopt fundamental investment policies and make periodic repurchase offers to its shareholders in compliance with rule 23c-3 or will provide periodic liquidity with respect to its shares pursuant to rule 13e-4 under the Exchange Act.<sup>3</sup> Any repurchase offers made by the Funds will be made to all holders of shares of each such Fund as of the selected record date.

9. Applicants represent that any asset-based service and/or distribution fees for each class of shares of the Funds will comply with the provisions of FINRA Rule 2341 (formerly NASD rule 2380(d)) (the "FINRA Sales Charge Rule").<sup>4</sup> Applicants also represent that each Fund will include in its prospectus disclosure the fees, expenses and other characteristics of each class of shares offered for sale by the prospectus, as is required for open-end multi-class funds under Form N-1A.<sup>5</sup> As is required for open-end funds, each Fund will disclose fund expenses borne by shareholders during the reporting period in shareholder reports, and describe in their prospectuses any arrangements that result in breakpoints in, or elimination of, sales loads.<sup>6</sup> In

<sup>3</sup> Applicants submit that rule 23c-3 and Regulation M under the Exchange Act permit an interval fund to make repurchase offers to repurchase its shares while engaging in a continuous offering of its shares pursuant to Rule 415 under the Securities Act of 1933, as amended.

<sup>4</sup> Any reference in the application to the FINRA Sales Charge Rule includes any successor or replacement to the FINRA Sales Charge Rule.

<sup>5</sup> In all respects other than class by class disclosure, each Fund will comply with the requirements of Form N-2.

<sup>6</sup> See Shareholder Reports and Quarterly Portfolio Disclosure of Registered Management Investment

<sup>1</sup> A successor in interest is limited to an entity that results from a reorganization into another jurisdiction or a change in the type of business organization.

<sup>2</sup> Applicants represent that any of the Funds relying on this relief in the future will do so in a manner consistent with the terms and conditions of the application. Applicants further represent that each entity presently intending to rely on the requested relief is listed as an Applicant.

addition, applicants will comply with applicable enhanced fee disclosure requirements for fund of funds.<sup>7</sup>

10. Each Fund will comply with any requirements that the Commission or FINRA may adopt regarding disclosure at the point of sale and in transaction confirmations about the costs and conflicts of interest arising out of the distribution of open-end investment company shares, and regarding prospectus disclosure of sales loads and revenue sharing arrangements, as if those requirements applied to each Fund. In addition, each Fund will contractually require that any distributor of the Fund's shares comply with such requirements in connection with the distribution of such Fund's shares.

11. Each Fund will allocate all expenses incurred by it among the various classes of shares based on the net assets of that Fund attributable to each such class, except that the net asset value and expenses of each class will reflect the expenses associated with the distribution and/or service plan of that class (if any), service fees attributable to that class (if any), including transfer agency fees, and any other incremental expenses of that class. Expenses of a Fund allocated to a particular class of shares will be borne on a pro rata basis by each outstanding share of that class. Applicants state that each Fund will comply with the provisions of rule 18f-3 under the Act as if it were an open-end investment company.

12. Applicants state that each Fund may impose an EWC on shares submitted for repurchase that have been held less than a specified period and may grant waivers of the EWCs on repurchases in connection with certain categories of shareholders or transactions established from time to time. Applicants state that each Fund will apply the EWC (and any waivers, scheduled variations or eliminations of the EWC) uniformly to all shareholders in a given class and consistently with the requirements of rule 22d-1 under the Act as if the Funds were open-end investment companies.

13. Each Fund that operates or will operate as an interval fund pursuant to rule 23c-3 under the Act may offer its shareholders an exchange feature under which the shareholders of the Fund may, in connection with such Fund's periodic repurchase offers, exchange their shares of the Fund for shares of the same class of (i) registered open-end investment companies or (ii) other registered closed-end investment companies that comply with rule 23c-3 under the Act and continuously offer their shares at net asset value, that are in the Fund's group of investment companies (collectively, the "Other Funds"). Shares of a Fund operating pursuant to rule 23c-3 that are exchanged for shares of Other Funds will be included as part of the amount of the repurchase offer amount for such Fund as specified in rule 23c-3 under the Act. Any exchange option will comply with rule 11a-3 under the Act, as if the Fund were an open-end investment company subject to rule 11a-3. In complying with rule 11a-3, each Fund will treat an EWC as if it were a contingent deferred sales load ("CDSL").

#### Applicants' Legal Analysis

##### *Multiple Classes of Shares*

1. Section 18(a)(2) of the Act provides that a closed-end investment company may not issue or sell a senior security that is a stock unless certain requirements are met. Applicants acknowledge that the creation of multiple classes of shares of the Funds may violate section 18(a)(2) because the Funds may not meet such requirements with respect to a class of shares that may be a senior security.

2. Section 18(c) of the Act provides, in relevant part, that a closed-end investment company may not issue or sell any senior security if, immediately thereafter, the company has outstanding more than one class of senior security. Applicants acknowledge that the creation of multiple classes of shares of the Funds may be prohibited by section 18(c), as a class may have priority over another class as to payment of dividends because shareholders of different classes would pay different fees and expenses.

3. Section 18(i) of the Act provides that each share of stock issued by a registered management investment company will be a voting stock and have equal voting rights with every other outstanding voting stock. Applicants acknowledge that multiple classes of shares of the Funds may violate section 18(i) of the Act because each class would be entitled to

exclusive voting rights with respect to matters solely related to that class.

4. Section 6(c) of the Act provides that the Commission may exempt any person, security or transaction or any class or classes of persons, securities or transactions from any provision of the Act, or from any rule or regulation under the Act, if and to the extent such exemption is necessary or appropriate in the public interest and consistent with the protection of investors and the purposes fairly intended by the policy and provisions of the Act. Applicants request an exemption under section 6(c) from sections 18(a)(2), 18(c) and 18(i) to permit the Funds to issue multiple classes of shares.

5. Applicants submit that the proposed allocation of expenses relating to distribution and/or services and voting rights is equitable and will not discriminate against any group or class of shareholders. Applicants submit that the proposed arrangements would permit a Fund to facilitate the distribution of its securities and provide investors with a broader choice of shareholder services. Applicants assert that the proposed closed-end investment company multiple class structure does not raise concerns underlying section 18 of the Act to any greater degree than open-end investment companies' multiple class structures. Applicants state that each Fund will comply with the provisions of rule 18f-3 as if it were an open-end investment company.

##### *Early Withdrawal Charges*

1. Section 23(c) of the Act provides, in relevant part, that no registered closed-end investment company shall purchase securities of which it is the issuer, except: (a) On a securities exchange or other open market; (b) pursuant to tenders, after reasonable opportunity to submit tenders given to all holders of securities of the class to be purchased; or (c) under other circumstances as the Commission may permit by rules and regulations or orders for the protection of investors.

2. Rule 23c-3 under the Act permits a registered closed-end investment company (an "interval fund") to make repurchase offers of between five and twenty-five percent of its outstanding shares at net asset value at periodic intervals pursuant to a fundamental policy of the interval fund. Rule 23c-3(b)(1) under the Act permits an interval fund to deduct from repurchase proceeds only a repurchase fee, not to exceed two percent of the proceeds, that is paid to the interval fund and is reasonably intended to compensate the

Companies, Investment Company Act Release No. 26372 (Feb. 27, 2004) (adopting release) (requiring open-end investment companies to disclose fund expenses in shareholder reports); and Disclosure of Breakpoint Discounts by Mutual Funds, Investment Company Act Release No. 26464 (June 7, 2004) (adopting release) (requiring open-end investment companies to provide prospectus disclosure of certain sales load information).

<sup>7</sup> Fund of Funds Investments, Investment Company Act Rel. Nos. 26198 (Oct. 1, 2003) (proposing release) and 27399 (Jun. 20, 2006) (adopting release). See also Rules 12d1-1, *et seq.* of the Act.

fund for expenses directly related to the repurchase.

3. Section 23(c)(3) provides that the Commission may issue an order that would permit a closed-end investment company to repurchase its shares in circumstances in which the repurchase is made in a manner or on a basis that does not unfairly discriminate against any holders of the class or classes of securities to be purchased. Applicants state that the Initial Fund currently charges, and Future Funds may charge, a repurchase fee at a rate of no greater than 2 percent of the aggregate net asset value of a shareholder's shares repurchased by the Fund (an "Early Repurchase Fee") if the interval between the date of purchase of the shares and the valuation date with respect to the repurchase of those shares is less than one year. Applicants represent that any Early Repurchase Fee imposed by a Fund will apply equally to all New Class Shares and to all classes of shares of such Fund, consistent with section 18 of the Act and rule 18f-3 thereunder.

4. Applicants request relief under section 6(c), discussed above, and section 23(c)(3) from rule 23c-3 to the extent necessary for the Funds to impose EWCs on shares of the Funds submitted for repurchase that have been held for less than a specified period.

5. Applicants state that the EWCs they intend to impose are functionally similar to CDSLs imposed by open-end investment companies under rule 6c-10 under the Act. Rule 6c-10 permits open-end investment companies to impose CDSLs, subject to certain conditions. Applicants note that rule 6c-10 is grounded in policy considerations supporting the employment of CDSLs where there are adequate safeguards for the investor, and state that the same policy considerations support imposition of EWCs in the interval fund context. In addition, applicants state that EWCs may be necessary for the distributor to recover distribution costs. Applicants represent that any EWC imposed by the Funds will comply with rule 6c-10 under the Act as if the rule were applicable to closed-end funds. Applicants further represent that each Fund will disclose EWCs in accordance with the requirements of Form N-1A concerning CDSLs as if the Fund were an open-end investment company.

#### *Asset-Based Distribution and/or Service Fees*

1. Section 17(d) of the Act and rule 17d-1 under the Act prohibit an affiliated person of a registered investment company, or an affiliated person of such person, acting as

principal, from participating in or effecting any transaction in connection with any joint enterprise or joint arrangement in which the investment company participates unless the Commission issues an order permitting the transaction. In reviewing applications submitted under section 17(d) and rule 17d-1, the Commission considers whether the participation of the investment company in a joint enterprise or joint arrangement is consistent with the provisions, policies and purposes of the Act, and the extent to which the participation is on a basis different from or less advantageous than that of other participants.

2. Rule 17d-3 under the Act provides an exemption from section 17(d) and rule 17d-1 to permit open-end investment companies to enter into distribution arrangements pursuant to rule 12b-1 under the Act. Applicants request an order under section 17(d) and rule 17d-1 under the Act to the extent necessary to permit the Funds to impose asset-based distribution and/or service fees. Applicants represent that the Funds will comply with rules 12b-1 and 17d-3 as if those rules applied to closed-end investment companies.

3. For the reasons stated above, applicants submit that the exemptions requested are necessary and appropriate in the public interest and are consistent with the protection of investors and the purposes fairly intended by the policy and provisions of the Act. Applicants further submit that the relief requested pursuant to section 23(c)(3) will be consistent with the protection of investors and will insure that applicants do not unfairly discriminate against any holders of the class of securities to be purchased. Finally, applicants state that the Funds' imposition of asset-based distribution and/or service fees is consistent with the provisions, policies and purposes of the Act and does not involve participation on a basis different from or less advantageous than that of other participants.

#### **Applicants' Condition**

Applicants agree that any order granting the requested relief will be subject to the following condition:

Each Fund relying on the order will comply with the provisions of rules 6c-10, 12b-1, 17d-3, 18f-3, 22d-1, and, where applicable, 11a-3 under the Act, as amended from time to time or replaced, as if those rules applied to closed-end management investment companies, and will comply with the FINRA Sales Charge Rule, as amended from time to time, as if that rule applied to all closed-end management investment companies.

### **Self-Regulatory Organizations; Financial Industry Regulatory Authority, Inc.; Notice of Filing of a Proposed Rule Change To Amend the FINRA Codes of Arbitration Procedure To Increase Arbitrator Chairperson Honoraria and Certain Arbitration Fees**

October 20, 2020.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")<sup>1</sup> and Rule 19b-4 thereunder,<sup>2</sup> notice is hereby given that on October 16, 2020, the Financial Industry Regulatory Authority, Inc. ("FINRA") filed with the Securities and Exchange Commission ("SEC" or "Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by FINRA. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

#### **I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change**

FINRA is proposing to amend the Code of Arbitration Procedure for Customer Disputes ("Customer Code") and the Code of Arbitration Procedure for Industry Disputes ("Industry Code") (together, "Codes") to increase arbitrator chairperson ("Chair") honoraria. Specifically, the proposed rule change would: (1) Increase the additional hearing-day honorarium Chairs receive for each hearing on the merits from \$125 to \$250 and (2) create a new \$125 Chair honorarium for each prehearing conference in which the Chair participates. Under the proposed rule change, these increases would be funded primarily by minimal increases to the member surcharge and process fees for claims of more than \$250,000 or claims for non-monetary or unspecified damages. The proposed rule change would also increase filing fees and hearing session fees for customers, associated persons and members bringing claims of more than \$500,000
