Large Power Transformers From the Republic of Korea: Initiation and Preliminary Results of Antidumping Duty Changed Circumstances Review

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: In response to a request for a changed circumstances review (CCR), the U.S. Department of Commerce (Commerce) is initiating a CCR of the antidumping duty (AD) order on large power transformers (LPTs) from the Republic of Korea (Korea). Additionally, Commerce preliminarily determines that HD Hyundai Electric Co., Ltd. (HDHE) is the successor-in-interest to Hyundai Electric & Energy Systems Co., Ltd. (HEES). Interested parties are invited to comment on these preliminary results.

DATES: Applicable August 9, 2023.

FOR FURTHER INFORMATION CONTACT: John K. Drury, AD/CVD Operations, Office VI, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-0195.

SUPPLEMENTARY INFORMATION:

Background

On August 31, 2012, Commerce published the AD order on LPTs from Korea in the **Federal Register**.¹ In the most recently completed administrative review, covering the period August 1, 2020, through July 31, 2021, HEES was assigned the cash deposit rate of 4.32 percent as a company not selected for individual review.²

On May 15, 2023, HDHE informed Commerce that HEES had officially

changed its Korean name from Hyundai Electric & Energy Systems Co., Ltd. to HD Hyundai Electric Co., Ltd.³ HDHE requested the initiation of a CCR to find that HDHE is the successor-in-interest to HEES.⁴ On June 16, 2023, Commerce extended the time period by 35 days, until August 3, 2023, for determining whether to initiate and whether to issue a simultaneous preliminary determination.⁵ On July 28, 2023, HDHE filed a copy of its first quarter 2023 financial statements in Korean, with a partial translation into English.⁶ On August 2, 2023, HDHE filed a copy of its first quarter 2023 financial statements which were fully translated into English.⁷ We did not receive comments from other interested parties concerning this request.

Scope of the Order

The merchandise covered by the *Order* is LPTs from Korea. For a full description of the merchandise covered by the scope of the *Order*, see the Preliminary Decision Memorandum.⁸

Initiation of Changed Circumstances Review

Pursuant to section 751(b)(1) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.216, Commerce will conduct a CCR of an order upon receipt of information or a review request from an interested party for a review of an order which shows changed circumstances sufficient to warrant a review of the order.⁹ In the past, Commerce has used CCRs to address the applicability of cash deposit rates after there have been changes in the name or structure of a respondent, such as a merger or spinoff (“successor-in-interest,” or “successorship,” determinations).¹⁰ The information

submitted by HDHE supporting its claim that it is the successor-in-interest to HEES demonstrates changed circumstances sufficient to warrant such a review.¹¹

The information submitted by HDHE demonstrates that its request is based solely on a change in the Korean name of the company from “Hyundai Electric & Energy Systems Co., Ltd.” to “HD Hyundai Electric Co., Ltd.,” effective March 27, 2023.¹² Moreover, the evidence submitted in support of HDHE’s request demonstrates that HDHE is otherwise the same business entity as HEES. Therefore, in accordance with the regulation referenced above, Commerce is initiating a CCR to determine whether HDHE is the successor-in-interest to HEES.

Preliminary Results

Commerce is permitted by 19 CFR 351.221(c)(3)(ii) to combine the notice of initiation of a CCR and the preliminary results if Commerce concludes that expedited action is warranted. In this instance, because the record contains information necessary to make a preliminary finding, we find that expedited action is warranted and we have combined the notice of initiation and the preliminary results.

Accordingly, pursuant to section 751(b) of the Act, we have conducted a successor-in-interest analysis in response to HDHE’s request. In making a successor-in-interest determination in an AD CCR, Commerce examines several factors, including, but not limited to, changes in the following: (1) management and ownership; (2) production facilities; (3) supplier relationships; and (4) customer base.¹³ While no single factor or combination of factors will necessarily provide a dispositive indication of a successor-in-interest relationship, generally, Commerce will consider the new company to be the successor to the previous company if the new company’s resulting operation is not materially dissimilar to that of its predecessor.¹⁴ Thus, if the evidence demonstrates that,

with respect to the production and sales of the subject merchandise, the new company operates as essentially the same business entity as the former company, Commerce will assign to the new company the cash deposit rate of its predecessor.¹⁵

In its CCR request, HDHE provided evidence demonstrating that HDHE’s operations are not materially dissimilar from those of HEES. Based on the record, we preliminarily determine that HDHE is the successor-in-interest to HEES, as the change in the business’ Korean name was not accompanied by significant changes to its management and ownership, production, facilities, supplier relationships, or customer base. There is also no evidence of significant changes between HEES and the successor-in-interest company HDHE’s operations, ownership, or corporate or legal structure during the relevant period that could have impacted the successor-in-interest company’s subsidy levels.¹⁶ Thus, we preliminarily determine that HDHE operates as essentially the same business entity as HEES, that HDHE is the successor-in-interest to HEES, and that HDHE should receive the same AD cash deposit rate with respect to subject merchandise as its predecessor, HEES.

For a complete discussion of the information that HDHE provided, and the complete successor-in-interest analysis, see the Preliminary Decision Memorandum. A list of topics discussed in the Preliminary Decision Memorandum is included as an appendix to this notice. Steel Concrete Reinforcing Bar From Mexico: Amended Final Results of Antidumping Duty Administrative Review; 2020–2021; Correction

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

ACTION: Notice; correction.

SUMMARY: The U.S. Department of Commerce (Commerce) published a notice in the **Federal Register** of July 28, 2023, in which it issued the amended final results of the administrative review of the antidumping duty (AD) order on steel concrete reinforcing bar (rebar) from Mexico. This notice inadvertently omitted a company, Sidertul S.A. de C.V., that was subject to the AD review.

DATES: Applicable August 9, 2023.

FOR FURTHER INFORMATION CONTACT: Kyle Clahane, AD/CVD Operations, Office III, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–5449.

SUPPLEMENTARY INFORMATION:**Correction**

In the **Federal Register** of July 28, 2023, in FR Doc 2023–16033, on pages 48792–48973, in the weighted-average dumping margin table, Commerce did not list a company named “Sidertul S.A. de C.V.”

Background

On December 28, 2021, Commerce initiated this administrative review on multiple companies, including Sidertul S.A. de C.V. (Sidertul), covering the period November 1, 2020, through October 31, 2021.¹ Subsequently, on June 9, 2023, Commerce published in

the **Federal Register** the final results of the administrative review; this notice listed Sidertul as one of the companies not selected for individual examination that was assigned the weighted average of the dumping margins calculated for the two mandatory respondents, Deacero S.A.P.I. de C.V./Ingeteknos Estructurales, S.A. de C.V. and Grupo Acerero S.A. de C.V.² Finally, Commerce published the *Amended Final Results* on July 28, 2023, to correct a ministerial error that resulted in amended weighted-average dumping margins assigned to certain companies, including the companies not selected for individual examination.³ In the *Amended Final Results*, Commerce inadvertently omitted Sidertul, and the amended final rate that it was assigned, from the weighted-average dumping margin table.⁴ With the issuance of this notice of correction, we confirm that Sidertul is included among the group of firms that was assigned the rate for companies not selected for individual examination in this administrative review covering the period November 1, 2020, through October 31, 2021.

The corrected weighted-average dumping margin table, including Sidertul, is as follows:

Producer or exporter	Weighted-average dumping margin (percent)
Deacero S.A.P.I. de C.V./Ingeteknos Estructurales, S.A. de C.V.	2.49
