#### Proposed Information Collection Activity; Comment Request

*Title:* Evaluation of Tribal Health Profession Opportunity Grants (HPOG).  
*OMB No.:* New Collection.

*Billing Accounting Code (BAC):* 418408.

*Description:* The Administration for Children and Families (ACF) is proposing information collection activities as part of the Evaluation of the Tribal Health Profession Opportunity Grants (HPOG) (HHS-2010-ACF-OFA-FY-0124). Through this information collection, ACF seeks to conduct a comprehensive process and outcome evaluation to provide documentation and lessons learned about diverse programmatic approaches to health professions trainings for Tribal populations.

The goals of the Tribal HPOG evaluation are to: (1) Provide an in-depth, systematic analysis of program structure, implementation and outcomes of the sites served by the five Tribal HPOG grantees funded in FFY 2010, and (2) compare these data within and across grantees to generate hypotheses about the effectiveness of different program approaches for Tribal populations.

Both of these goals require collecting information from Tribal HPOG grantees and other program stakeholders on an annual basis for three years. The information collection will include data gathered through in-person and telephone interviews and focus groups. Program operations data related to this effort will be collected through a Web-based performance management system under a separate information collection (the **Federal Register** Notice for this information collection was published in Vol. 76, No. 18, January 27, 2011, page 4912).

#### Respondents

Respondents to the Grantee and Partner Administrative Staff interview will be the administrators of the Tribal HPOG program, workforce development and TANF agencies, public and private university-based partners, and not-for-profit organizations.

Respondents to the Program Implementation Staff interview will be instructors, trainers, and providers of program or supportive services.

Respondents to the Program Participant focus groups or interviews

will be current program participants. Interviews will be conducted in lieu of focus groups with program participants at secondary implementation sites (additional locations where the Tribal HPOG program are being implemented) in Year 2.

Respondents to the Employers interview will be local or regional employers at public or private companies or organizations that are partnering with the Tribal HPOG program or have employed program participants.

Respondents to the Program Completers interview will be program completers.

Respondents to the Program Non-completers interview will be individuals who did not complete the programs.

##### State Median Income Estimate for a Four-Person Family: Notice of the Federal Fiscal Year (FFY) 2012 State Median Income Estimates for Use Under the Low Income Home Energy Assistance Program (LIHEAP)

**AGENCY:** Administration for Children and Families, Office of Community Services, Division of Energy Assistance, HHS.

**ACTION:** Notice of State median income estimates for FFY 2012.

**SUMMARY:** This notice announces to LIHEAP grantees the estimated median income of four-person families in each State and the District of Columbia for FFY 2012 (October 1, 2011, to September 30, 2012). LIHEAP grantees that choose to base their income eligibility criteria on these State median income (SMI) estimates may adopt these estimates (up to 60 percent) on the estimates' date of publication in the **Federal Register** or on a later date as discussed below. This enables these grantees to implement this notice during the period between the heating and cooling seasons. However, by October 1, 2011, or the beginning of the grantees' fiscal years, whichever is later, these grantees must adjust their income eligibility criteria so that such criteria are in accord with the FFY 2012 SMI.

This listing of 60 percent of SMI provides one of the maximum income criteria that LIHEAP grantees may use in determining a household's income eligibility for LIHEAP.

LIHEAP appropriations for FFY 2009 through FFY 2010 raised this criterion from 60 percent of SMI to 75 percent of SMI for those years. The Continuing Resolutions covering FFY 2011 through the date of this publication have maintained this criterion at 75 percent of SMI. This criterion will remain at 75 percent SMI for FFY 2011 unless Congress acts otherwise after the date of this publication. This criterion will return to 60 percent of SMI for FFY 2012 unless Congress acts otherwise in providing FFY 2012 appropriations after the publication of this notice. This is because no change to the LIHEAP authorizing statute has been made.

**DATES: Effective Date:** For each LIHEAP grantee, these estimates become effective at any time between their date of publication in the **Federal Register** and the later of October 1, 2011, or the beginning of that grantee's fiscal year.

**FOR FURTHER INFORMATION CONTACT:** Peter Edelman, Office of Community Services, Division of Energy Assistance, 5th Floor West, 370 L'Enfant Promenade, SW., Washington, DC 20447, Telephone: (202) 401-5292, E-Mail: [peter.edelman@acf.hhs.gov](mailto:peter.edelman@acf.hhs.gov).

**SUPPLEMENTARY INFORMATION:** Under the provisions of section 2603(11) of Title XXVI of the Omnibus Budget Reconciliation Act of 1981, Public Law (Pub. L.) 97-35, as amended, HHS announces the estimated median income of four-person families for each State, the District of Columbia, and the United States for FFY 2012 (October 1, 2011, through September 30, 2012).

Section 2605(b)(2)(B)(ii) of this Act provides that 60 percent of the median income of four-person families for each State and the District of Columbia (State median income, or SMI), as annually
