

Exchange when certain Customer options orders are routed to CBOE⁸ as well as when certain Professional options orders are routed to the various destination markets. Each destination market's transaction charge varies and there is a standard clearing charge for each transaction incurred by the Exchange. The Exchange believes that the routing fees proposed will enable the Exchange to recover the transaction fees assessed by away markets, where applicable, plus clearing fees for the execution of Customer, Firm, Market Maker and Professional orders. As with all fees, the Exchange may adjust these Routing Fees in response to competitive conditions by filing a new proposed rule change.

While fee changes pursuant to this proposal are effective upon filing, the Exchange has designated these changes to be operative on December 1, 2010.

2. Statutory Basis

NASDAQ believes that the proposed rule changes are consistent with the provisions of Section 6 of the Act,⁹ in general, and with Section 6(b)(4) of the Act,¹⁰ in particular, in that it provides for the equitable allocation of reasonable dues, fees and other charges among members and issuers and other persons using any facility or system which NASDAQ operates or controls.

The Exchange believes that the proposed fees are reasonable because they seek to recoup costs that are incurred by the Exchange when routing Customer orders greater than 99 contracts in NDX, MNX, ETFs, ETNs and HOLDRs to CBOE and also when routing orders designated as Professional to the various destination markets listed herein, on behalf of its members. The Exchange also believes that the proposed fees are equitable because they will be uniformly applied to all Customers and Professionals.

NASDAQ is one of nine options markets in the national market system for standardized options. Joining NASDAQ and electing to trade options is entirely voluntary. Under these circumstances, NASDAQ's fees must be competitive and low in order for NASDAQ to attract order flow, execute orders, and grow as a market. NASDAQ thus believes that its fees are fair and

reasonable and consistent with the Exchange Act.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act¹¹ and paragraph (f)(2) of Rule 19b-4¹² thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's Internet comment form <http://www.sec.gov/rules/sro.shtml>; or
- Send an e-mail to rule-comments@sec.gov. Please include File Number SR-NASDAQ-2010-149 on the subject line.

Paper Comments

- Send paper comments in triplicate to Elizabeth M. Murphy, Secretary, Securities and Exchange Commission, 100 F Street, NE., Washington, DC 20549-1090.

All submissions should refer to File Number SR-NASDAQ-2010-149. This file number should be included on the

subject line if e-mail is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's Internet Web site <http://www.sec.gov/rules/sro.shtml>. Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for Web site viewing and printing in the Commission's Public Reference Room, 100 F Street, NE., Washington, DC 20549, on official business days between the hours of 10 a.m. and 3 p.m. Copies of such filing also will be available for inspection and copying at the principal office of the Exchange. All comments received will be posted without change; the Commission does not edit personal identifying information from submissions. Clearing Corporation ("NSCC") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II below, which items have been prepared primarily by NSCC.³ The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of the Substance of the Proposed Rule Change

The purpose of this proposed rule change is to amend Procedure II ("Trade Comparison and Recording Service") of the NSCC Rules & Procedures to modify the money tolerance comparison provisions for fixed income securities.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, NSCC included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. NSCC has prepared summaries, set forth in sections (A), (B), and (C) below, of the most significant aspects of these statements.⁴

(A) Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

Trade Comparison and Recording Service

NSCC provides a Real-Time Trade Matching ("RTTM") service for trade input and comparison of corporate bond, municipal bond, and unit investment trust (collectively "CMU") fixed income securities. Matching requires that the two trade counterparties submit certain required trade details to RTTM that either match exactly or fall within predefined parameters. If the trade details are matched within RTTM, a valid and binding contract between the submitting trade parties results. If the purchaser and seller submit trade data that matches in all required aspects except for trade value, NSCC uses the seller's money (referred to as "seller's value") as the trade value and deems the trade compared as long as the difference

between the seller's submitted trade value and the buyer's submitted trade value falls within prescribed dollar values as more fully described below.

Currently, Procedure II of NSCC's Rules & Procedures provides two scenarios in which trades are compared using the seller's value. In the first scenario, NSCC will use the seller's value to match a trade submitted prior to the cut-off time for intraday comparison if the respective trade parties have submitted contract amounts that are within (1) a net \$2 difference for trades of \$1 million or less and (2) \$2 per million for trades greater than \$1 million. In the second scenario, NSCC will also use the seller's value during the end-of-day enhanced comparison process to match a trade that remained uncompleted after the intraday comparison process if the contract amounts are within (i) a net \$10.00 difference for trades of \$100,000 or less and (ii) \$.10 per \$1,000 for trades greater than \$100,000.

Proposed Amendments to NSCC Procedure II

Since the establishment of these CMU money tolerance amounts in 1995, member firms have significantly improved the timing and accuracy of fixed income trade reporting. In 2005, the Municipal Securities Rulemaking Board ("MSRB") instituted a requirement that firms report trades in municipal securities to the RTTM engine within 15 minutes. This, in turn, required member firms to improve their reporting accuracy and technology. As a result, RTTM is matching a greater percentage of CMU trades upon initial trade input from the buyer and seller.

NSCC believes that because of these improvements, the current money tolerance is wider than needed. NSCC believes that best practices dictates that the money tolerance be modified to reflect current business conditions. Accordingly, NSCC is proposing to amend the CMU money tolerance for the second scenario in which trades are compared using the seller's value. Transactions that remain uncompleted after the intraday comparison process shall be deemed compared during the end-of-day enhanced comparison process if the seller's value has a net \$10.00 difference for trades of \$250,000 or less and \$0.04 per \$1,000 for trades greater than \$250,000. NSCC members will be advised of the implementation date through the issuance of an NSCC Important Notice.

Section 17A(b)(3)(F) of the Act requires, among other things, that the rules of a clearing agency be designed to promote the prompt and accurate

clearance and settlement of securities transactions.⁵ The proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder applicable to NSCC because it should enhance the efficiency of NSCC's clearance and settlement processes and should therefore better enable NSCC to facilitate the prompt and accurate clearance and settlement of securities transactions.

(B) Self-Regulatory Organization's Statement on Burden on Competition

NSCC does not believe that the proposed rule change would impose any burden on competition.

(C) Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

Written comments relating to the proposed rule change have not been solicited or received. NSCC will notify the Commission of any written comments received by NSCC.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within forty-five days of the date of publication of this notice in the **Federal Register** or within such longer period (i) as the Commission may designate up to ninety days of such date if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the self-regulatory organization consents, the Commission will:

(A) By order approve or disapprove the proposed rule change, or

(B) Institute proceedings to determine whether the proposed rule change should be disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:
