

objects excavated from the Rudder site have always been in the physical custody of the AMNH at the University of Alabama. The 205 unassociated funerary objects are comprised of 1 ceramic bowl, 2 ceramic water bottles, 199 pottery sherds, 2 pieces of graphite, and 1 sandstone pallet.

These unassociated funerary objects were recovered from six burial features. The human remains from these burial features were either not collected during excavation or have been misplaced in the last 74 years. These burial features, however, were derived from Henry Island phase strata in the mounds at this site. These unassociated funerary objects are, therefore, from Mississippian culture burials.

Although there is no scientific certainty that Native Americans of the Henry Island phase are directly related to modern Federally recognized tribes, Spanish and French explorers of the 16th and 17th centuries do indicate the presence chiefdom level tribal entities in the southeastern United States. The Coosa paramount chiefdom noted in historical chronicles is the most likely entity related to Henry Island phase sites in this part of the Guntersville Reservoir. Tribal groups or towns now part of The Muscogee (Creek) Nation claim descent from the Coosa chiefdom. The preponderance of the evidence indicates that in this part of the Guntersville Reservoir area, Henry Island phase sites are most likely culturally associated with groups now part of the Muscogee (Creek) Nation.

Determinations Made by the Tennessee Valley Authority

Officials of TVA have determined that:

- Pursuant to 25 U.S.C. 3001(3)(B), the 205 cultural items described in this notice are reasonably believed to have been placed with or near individual human remains at the time of death or later as part of the death rite or ceremony and are believed, by a preponderance of the evidence, to have been removed from the specific burial sites of a Native American individuals.
- Pursuant to 25 U.S.C. 3001(2), there is a relationship of shared group identity that can be reasonably traced between the unassociated funerary objects and The Muscogee (Creek) Nation.

Additional Requestors and Disposition

Lineal descendants or representatives of any Federally recognized Indian tribe not identified in this notice that wish to claim these cultural items should submit a written request with information in support of the claim to

Dr. Thomas O. Maher, TVA, 400 West Summit Hill Drive, WT11D, Knoxville, TN 37902–1401, telephone (865) 632–7458, email tomaher@tva.gov, by February 18, 2014. After that date, if no additional claimants have come forward, transfer of control of the unassociated funerary objects to The Muscogee (Creek) Nation may proceed.

TVA is responsible for notifying the University of Alabama and the Absentee-Shawnee Tribe of Oklahoma; Alabama-Coushatta Tribe of Texas (previously listed as the Alabama-Coushatta Tribes of Texas); Alabama-Quassarte Tribal Town; Cherokee Nation; Eastern Band of Cherokee Indians; Eastern Shawnee Tribe of Oklahoma; Kialegee Tribal Town; Poarch Band of Creeks (previously listed as the Poarch Band of Creek Indians of Alabama); Seminole Tribe of Florida (previously listed as the Seminole Tribe of Florida (Dania, Big Cypress, Brighton, Hollywood & Tampa Reservations)); Shawnee Tribe; The Chickasaw Nation; The Muscogee (Creek) Nation; The Seminole Nation of Oklahoma; Thlopthlocco Tribal Town; and the United Keetoowah Band of Cherokee Indians in Oklahoma, that this notice has been published.
