(Catalog of Federal Domestic Assistance No. 97.022, "Flood Insurance.")

Dated: April 21, 2011.

Sandra K. Knight,

Deputy Federal Insurance and Mitigation Administrator, Mitigation, Department of Homeland Security, Federal Emergency Management Agency.

[FR Doc. 2011-18598 Filed 7-21-11; 8:45 am]

BILLING CODE 9110-12-P

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

44 CFR Part 67

[Docket ID FEMA-2008-0020; Internal Agency Docket No. FEMA-B-1120]

Proposed Flood Elevation Determinations

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Proposed rule; correction.

SUMMARY: On June 3, 2010, FEMA published in the **Federal Register** a proposed rule that contained an erroneous table. This notice provides corrections to that table, to be used in lieu of the information published at 75 FR 31342. The table provided here

represents the flooding sources, location of referenced elevations, effective and modified elevations, and communities affected for Tazewell County, Illinois, and Incorporated Areas. Specifically, it addresses the flooding sources Bull Run Creek, Dempsey Creek, Farm Creek, Fond Du Lac Creek, Illinois River, Lick Creek, Mackinaw River, Prairie Creek, and School Creek.

DATES: Comments are to be submitted on or before October 20, 2011.

ADDRESSES: You may submit comments, identified by Docket No. FEMA-B-1120, to Luis Rodriguez, Chief, Engineering Management Branch, Federal Insurance and Mitigation Administration, Federal Emergency Management Agency, 500 C Street, SW., Washington, DC 20472, (202) 646-4064 or (e-mail) luis.rodriguez1@dhs.gov.

FOR FURTHER INFORMATION CONTACT: Luis Rodriguez, Chief, Engineering Management Branch, Federal Insurance and Mitigation Administration, Federal Emergency Management Agency, 500 C Street, SW., Washington, DC 20472, (202) 646-4064 or (e-mail) luis.rodriguez1@dhs.gov.

SUPPLEMENTARY INFORMATION: The Federal Emergency Management Agency (FEMA) publishes proposed determinations of Base (1% annual-chance) Flood Elevations (BFEs) and

modified BFEs for communities participating in the National Flood Insurance Program (NFIP), in accordance with section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR 67.4(a).

These proposed BFEs and modified BFEs, together with the floodplain management criteria required by 44 CFR 60.3, are minimum requirements. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own or pursuant to policies established by other Federal, State, or regional entities. These proposed elevations are used to meet the floodplain management requirements of the NFIP and also are used to calculate the appropriate flood insurance premium rates for new buildings built after these elevations are made final, and for the contents in those buildings.

Correction

In the proposed rule published at 75 FR 31342, in the June 3, 2010, issue of the **Federal Register**, FEMA published a table under the authority of 44 CFR 67.4. The table, entitled "Tazewell County, Illinois, and Incorporated

Areas'' addressed the flooding sources Bull Run Creek, Dempsey Creek, Farm Creek, Fond Du Lac Creek, Illinois River, Lick Creek, Mackinaw River, Prairie Creek, and School Creek. That table contained inaccurate information

as to the location of referenced elevation, effective and modified elevation in feet, and/or communities affected for those flooding sources. In this notice, FEMA is publishing a table containing the accurate information, to

address these prior errors. The information provided below should be used in lieu of that previously published.

Flooding source(s)	Location of referenced elevation**	*Elevation in feet (NGVD) + Elevation in feet (NAVD) # Depth in feet above ground ^ Elevation in meters (MSL)		Communities affected
		Effective	Modified	
Tazewell County, Illinois, and Incorporated Areas				
Bull Run Creek	Approximately 900 feet upstream of the Prairie Creek confluence.	None	+655	Unincorporated Areas of Tazewell County, Village of Morton.
Dempsey Creek	At the upstream side of Idlewood Street extended	None	+680	
	Approximately 1.4 miles upstream of the Farm Creek confluence.	None	+541	Unincorporated Areas of Tazewell County.
Farm Creek	Approximately 2.56 miles upstream of the Farm Creek confluence.	None	+603	
	Approximately 770 feet upstream of the railroad bridge.	None	+740	Unincorporated Areas of Tazewell County.
Fond Du Lac Creek	At the downstream side of Diebel Road	None	+742	
	At the Farm Creek confluence	None	+492	City of East Peoria, Unincorporated Areas of Tazewell County.
Illinois River	At the downstream side of East Washington Street (State Route 8).	None	+508	
	At the upstream side of Mason Road extended	+455	+454	City of Pekin, Unincorporated Areas of Tazewell County.
Lick Creek	Approximately 1,950 feet upstream of State Route 9 ..	+458	+457	
	Approximately 480 feet downstream of Parkway Drive	None	+472	City of Pekin.
Mackinaw River	Approximately 680 feet upstream of Parkway Drive	None	+476	
	Approximately 0.97 mile downstream of Dee Mac Road (County Highway 6).	None	+588	Village of Mackinaw.
Prairie Creek	Approximately 0.78 mile downstream of Dee Mac Road (County Highway 6).	None	+591	
	Approximately 0.49 mile downstream of the Bull Run Creek confluence.	None	+648	Unincorporated Areas of Tazewell County.
School Creek	Approximately 650 feet downstream of Farm Road	None	+657	
	At the Farm Creek confluence	None	+496	City of East Peoria, Unincorporated Areas of Tazewell County.
	Approximately 0.91 mile upstream of Gravel Pit Access Road.	None	+640	

* National Geodetic Vertical Datum.

+ North American Vertical Datum.

Depth in feet above ground.

^ Mean Sea Level, rounded to the nearest 0.1 meter.

** BFEs to be changed include the listed downstream and upstream BFEs, and include BFEs located on the stream reach between the referenced locations above. Please refer to the revised Flood Insurance Rate Map located at the community map repository (see below) for exact locations of all BFEs to be changed.

Send comments to Luis Rodriguez, Chief, Engineering Management Branch, Mitigation Directorate, Federal Emergency Management Agency, 500 C Street SW., Washington, DC 20472.

BILLING CODE 9110-12-P

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

44 CFR Part 67

[Docket ID FEMA-2011-0002; Internal Agency Docket No. FEMA-B-1204]

Proposed Flood Elevation Determinations

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Proposed rule.

SUMMARY: Comments are requested on the proposed Base (1% annual-chance) Flood Elevations (BFEs) and proposed BFE modifications for the communities listed in the table below. The purpose of this proposed rule is to seek general information and comment regarding the proposed regulatory flood elevations for the reach described by the downstream and upstream locations in the table below. The BFEs and modified BFEs are a part of the floodplain management measures that the community is required either to adopt or to show evidence of having in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP). In addition, these elevations, once finalized, will be used by insurance agents and others to calculate appropriate flood insurance premium rates for new buildings and the contents in those buildings.

DATES: Comments are to be submitted on or before October 20, 2011.

ADDRESSES: The corresponding preliminary Flood Insurance Rate Map (FIRM) for the proposed BFEs for each community is available for inspection at the community's map repository. The respective addresses are listed in the table below.

You may submit comments, identified by Docket No. FEMA-B-1204, to Luis Rodriguez, Chief, Engineering Management Branch, Federal Insurance and Mitigation Administration, Federal Emergency Management Agency, 500 C Street, SW., Washington, DC 20472, (202) 646-4064, or (e-mail) luis.rodriguez1@dhs.gov.

FOR FURTHER INFORMATION CONTACT: Luis Rodriguez, Chief, Engineering Management Branch, Federal Insurance and Mitigation Administration, Federal Emergency Management Agency, 500 C Street, SW., Washington, DC 20472, (202) 646-4064, or (e-mail) luis.rodriguez1@dhs.gov.

SUPPLEMENTARY INFORMATION: The Federal Emergency Management Agency (FEMA) proposes to make determinations of BFEs and modified BFEs for each community listed below, in accordance with section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR 67.4(a).

These proposed BFEs and modified BFEs, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own or pursuant to policies established by other Federal, State, or regional entities. These proposed elevations are used to meet the floodplain management requirements of the NFIP and also are used to calculate the appropriate flood insurance premium rates for new buildings built after these elevations are

made final, and for the contents in those buildings.

Comments on any aspect of the Flood Insurance Study and FIRM, other than the proposed BFEs, will be considered. A letter acknowledging receipt of any comments will not be sent.

National Environmental Policy Act.

This proposed rule is categorically excluded from the requirements of 44 CFR part 10, Environmental Consideration. An environmental impact assessment has not been prepared.

Regulatory Flexibility Act. As flood elevation determinations are not within the scope of the Regulatory Flexibility Act, 5 U.S.C. 601-612, a regulatory flexibility analysis is not required.

Executive Order 12866, Regulatory Planning and Review. This proposed rule is not a significant regulatory action under the criteria of section 3(f) of Executive Order 12866, as amended.

Executive Order 13132, Federalism. This proposed rule involves no policies that have federalism implications under Executive Order 13132.

Executive Order 12988, Civil Justice Reform. This proposed rule meets the applicable standards of Executive Order 12988.

List of Subjects in 44 CFR Part 67

Administrative practice and procedure, Flood insurance, Reporting and recordkeeping requirements.

Accordingly, 44 CFR part 67 is proposed to be amended as follows:

PART 67—[AMENDED]

1. The authority citation for part 67 continues to read as follows:

Authority: 42 U.S.C. 4001 *et seq.*; Reorganization Plan No. 3 of 1978, 3 CFR, 1978 Comp., p. 329; E.O. 12127, 44 FR 19367, 3 CFR, 1979 Comp., p. 376.

§ 67.4 [Amended]

2. The tables published under the authority of § 67.4 are proposed to be amended as follows:
