

complicated, the Secretary may extend the 180-day period to 300 days, and may extend the 90-day period to 150 days. See 19 CFR 351.214(i)(2).

Extension of Time Limit for Final Results

The Department determines that this new shipper review involves extraordinarily complicated methodological issues, including the continued evaluation of the UbonaU UfideU nature of the company's sales. Therefore, in accordance with section 751(a)(2)(B)(iv) of the Act and 19 CFR 351.214(i)(2), the Department is extending the time limit for the final results from 90 days to 150 days. Therefore the final results will now be due no later than September 24, 2010.

We are issuing and publishing this notice in accordance with sections 751(a)(2)(B)(iv) and 777(i) of the Act.

Dated: June 29, 2010.

John M. Andersen,

Acting Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

National Telecommunications and Information Administration

Commerce Spectrum Management Advisory Committee Meeting

AGENCY: National Telecommunications and Information Administration, U.S. Department of Commerce.

ACTION: Notice of open meeting.

SUMMARY: This notice announces a public meeting of the Commerce Spectrum Management Advisory Committee (Committee). The Committee provides advice to the Assistant Secretary of Commerce for Communications and Information on spectrum management policy matters.

DATES: The meeting will be held on July 27, 2010 from 9 a.m. to 12 p.m., Mountain Daylight Time.

ADDRESSES: The meeting will be held at the U.S. Department of Commerce, National Telecommunications and Information Administration, Institute for Telecommunication Sciences, 325 Broadway, Room 1107, Boulder, Colorado. Public comments may be mailed to Spectrum Management Advisory Committee, National Telecommunications and Information Administration, 1401 Constitution Avenue, NW., Room 4725, Washington, DC 20230 or e-mailed to spectrumadvisory@ntia.doc.gov.

FOR FURTHER INFORMATION CONTACT: Joe Gattuso, Designated Federal Officer, at (202) 482-0977 or jgattuso@ntia.doc.gov; and/or visit NTIA's Web site at <http://www.ntia.doc.gov/advisory/spectrum>.

SUPPLEMENTARY INFORMATION:

Background: The Committee provides advice to the Assistant Secretary of Commerce for Communications and Information on needed reforms to domestic spectrum policies and management in order to: License radio frequencies in a way that maximizes their public benefits; keep wireless networks as open to innovation as possible; and make wireless services available to all Americans (*See* charter, at http://www.ntia.doc.gov/advisory/spectrum/csmac_charter.html). This Committee is subject to the Federal Advisory Committee Act (FACA), 5 U.S.C. App. 2, and is consistent with the National Telecommunications and Information Administration Act, 47 U.S.C. 904(b). The Committee functions solely as an advisory body in compliance with the FACA. For more information about the Committee visit: <http://www.ntia.doc.gov/advisory/spectrum>.

Matters To Be Considered: The Committee will consider draft reports from one or more of its subcommittees and will review work plans of two new subcommittees. NTIA will post a detailed agenda on its Web site, <http://www.ntia.doc.gov>, prior to the meeting. There also will be an opportunity for public comment at the meeting.

Time and Date: The meeting will be held on July 27, 2010, from 9 a.m. to 12 p.m., Mountain Daylight Time. The times and the agenda topics are subject to change. The meeting may be Webcast or made available via audio link. Please refer to NTIA's Web site, <http://www.ntia.doc.gov>, for the most up-to-date meeting agenda and access information.

Place: The meeting will be held at the U.S. Department of Commerce, National Telecommunications and Information Administration, Institute for Telecommunication Sciences, 325 Broadway, Room 1107, Boulder, Colorado. For more information regarding directions to the Boulder facility please consult <http://www.boulder.nist.gov/maps.htm>. The meeting will be open to the public and press on a first-come, first-served basis. Space is limited. The public meeting is physically accessible to people with disabilities. Individuals requiring accommodations, such as sign language interpretation or other ancillary aids, are

asked to notify Mr. Gattuso, at (202) 482-0977 or jgattuso@ntia.doc.gov, at least five (5) business days before the meeting.

Status: Interested parties are invited to attend and to submit written comments with the Committee at any time before or after a meeting. Parties wishing to submit written comments for consideration by the Committee in advance of this meeting should send them to NTIA's Washington, DC office at the above-listed address and must be received by close of business on July 20, 2010, to provide sufficient time for review. Comments received after July 20, 2010 will be distributed to the Committee but may not be reviewed prior to the meeting. It would be helpful if paper submissions also include a compact disc (CD) in HTML, ASCII, Word or WordPerfect format (please specify version). CDs should be labeled with the name and organizational affiliation of the filer, and the name of the word processing program used to create the document. Alternatively, comments may be submitted electronically to spectrumadvisory@ntia.doc.gov. Comments provided via electronic mail also may be submitted in one or more of the formats specified above.

Records: NTIA maintains records of all Committee proceedings. Committee records are available for public inspection at NTIA's Washington, DC office at the address above. Documents including the Committee's charter, membership list, agendas, minutes, and any reports are available on NTIA's Committee Web page at <http://www.ntia.doc.gov/advisory/spectrum>.

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

Nomination of Existing Marine Protected Areas to the National System of Marine Protected Areas

AGENCY: NOAA, Department of Commerce (DOC).

ACTION: Public notice and opportunity for comment on the list of nominations received from federal, state and territorial marine protected area programs to join the National System of Marine Protected Areas.

SUMMARY: NOAA and the Department of the Interior (DOI) invited federal, state, commonwealth, and territorial marine protected area (MPA) programs with potentially eligible existing MPAs to nominate their sites to the National System of MPAs (national system). The national system and the nomination process are described in the *Framework for the National System of Marine Protected Areas of the United States* (Framework), developed in response to Executive Order 13158 on Marine Protected Areas. The final Framework was published on November 19, 2008, (73 FR 69608) and provides guidance for collaborative efforts among federal, state, commonwealth, territorial, tribal and local governments and stakeholders to develop an effective and well coordinated national system of MPAs that includes existing MPAs meeting national system criteria as well as new sites that may be established by managing agencies to fill key conservation gaps in important ocean areas.

DATES: Comments on the nominations to the national system of MPAs are due August 5, 2010.

ADDRESSES: Comments should be sent to Joseph A. Uravitch, National Oceanic and Atmospheric Administration, National Marine Protected Areas Center, 1305 East West Highway, N/ORM, Silver Spring, MD 20910. Fax: (301) 713-3110. E-mail: mpa.comments@noaa.gov. Comments will be accepted in written form by mail, e-mail, or fax.

FOR FURTHER INFORMATION CONTACT: Lauren Wenzel, NOAA, at 301-713-3100, ext. 136 or via e-mail at mpa.comments@noaa.gov. An electronic copy of the list of nominated MPAs is available for download at <http://www.mpa.gov>.

SUPPLEMENTARY INFORMATION:

Background on National System

The national system of MPAs includes member MPA sites, networks and systems established and managed by federal, state, tribal and/or local governments that collectively enhance conservation of the nation's natural and cultural marine heritage and represent its diverse ecosystems and resources. Although participating sites continue to be managed independently, national system MPAs also work together at the regional and national levels to achieve common objectives for conserving the nation's important natural and cultural resources, with emphasis on achieving the priority conservation objectives of the Framework. Executive Order 13158 defines an MPA as: "any area of the

marine environment that has been reserved by Federal, State, territorial, tribal, or local laws or regulations to provide lasting protection for part or all of the natural and cultural resources therein." As such, MPAs in the national system include sites with a wide range of protections, including multiple use areas that manage a broad spectrum of activities and no-take reserves where all extractive uses are prohibited. Although sites in the national system may include both terrestrial and marine components, the term MPA as defined in the Framework refers only to the marine portion of a site (below the mean high tide mark).

Benefits of joining the national system of MPAs, which are expected to increase over time as the system matures, include a facilitated means to work with other MPAs in the region, and nationally on issues of common conservation concern; fostering greater public and international recognition of MPAs, MPA programs, and the resources they protect; priority in the receipt of available training and technical support, MPA partnership grants with the National Fish and Wildlife Foundation, cooperative project participation, and other support for cross-cutting needs; and the opportunity to influence federal and regional ocean conservation and management initiatives (such as integrated ocean observing systems, systematic monitoring and evaluation, targeted outreach to key user groups, and helping to identify and address MPA research needs). In addition, the national system provides a forum for coordinated regional planning about place-based conservation priorities that does not currently exist.

Joining the national system does not restrict or require changes affecting the designation process for new MPAs or management of existing MPAs. It does not bring state, territorial or local sites under federal authority. It does not establish new regulatory authority or interfere with the exercise of existing agency authorities. The national system is a mechanism to foster greater collaboration among participating MPA sites and programs to enhance stewardship in the marine waters of the United States.

Nomination Process

The Framework describes two major focal areas for building the national system of MPAs—a nomination process to allow existing MPAs that meet the entry criteria to become part of the system and a collaborative regional gap analysis process to identify areas of significance for natural or cultural

resources that may merit additional protection through existing federal, state, commonwealth, territorial, tribal or local MPA authorities. The first call for nominations was issued in November 2008, resulting in the acceptance of 225 charter sites to the national system of MPAs in April 2009. The second nomination process for the national system began in August 2009, resulting in the admission of 29 additional sites accepted into the national system in May 2010. This notice is for the third round of nominations to the national system.

There are three entry criteria for existing MPAs to join the national system, plus a fourth for cultural heritage. Sites that meet all pertinent criteria are eligible for the national system.

1. Meets the definition of an MPA as defined in the Framework.

2. Has a management plan (can be site-specific or part of a broader programmatic management plan; must have goals and objectives and call for monitoring or evaluation of those goals and objectives).

3. Contributes to at least one priority conservation objective as listed in the Framework.

4. Cultural heritage MPAs must also conform to criteria for the National Register for Historic Places.

The MPA Center used existing information in the MPA Inventory to determine which MPAs meet the first and second criteria. The inventory is online at http://www.mpa.gov/helpful_resources/inventory.html, and potentially eligible sites are posted online at <http://mpa.gov/pdf/national-system/allsitesumsheet809.pdf>. As part of the nomination process, the managing entity for each potentially eligible site is asked to provide information on the third and fourth criteria.

List of MPAs Nominated to the National System

The following four MPAs have been nominated by NOAA, in consultation with the Mid-Atlantic Fishery Management Council (Council), to join the national system of MPAs. The public was invited to provide comments regarding the Council's proposed MPA sites at the October and December 2009 Council meetings. At the December 2009 meeting, the Council voted to unanimously recommend the inclusion of the four Tilefish Gear Restricted Areas. A list providing more detail for each site is available at <http://www.mpa.gov>.

Federal Marine Protected Areas

Fishery Management Gear Restricted Areas (Under Tilefish Fishery Management Plan):

Oceanographer Canyon

Lydonia Canyon

Veatch Canyon

Norfolk Canyon

Review and Approval

Following this public comment period, the MPA Center will forward public comments to the relevant managing entity or entities, which will reaffirm or withdraw (in writing to the MPA Center), the nomination. After final MPA Center review, mutually agreed upon MPAs will be accepted into the national system and the List of National System MPAs will be posted at <http://www.mpa.gov>.

Certain Large Diameter Carbon and Alloy Seamless Standard, Line, and Pressure Pipe From Japan: Rescission of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: On July 29, 2009, the U.S. Department of Commerce ("the Department") published a notice of initiation of an administrative review of the antidumping duty order on certain large diameter carbon and alloy seamless standard, line, and pressure pipe from Japan. The review covers four manufacturers/exporters: JFE Steel Corporation ("JFE Steel"); Nippon Steel Corporation; NKK Tubes; and Sumitomo Metal Industries, Ltd. ("SMI"). The period of review ("POR") is June 1, 2008, through May 31, 2009. Following the receipt of a certification of no shipments from all four of the potential respondents, we notified all interested parties of the Department's intent to rescind this review and provided an opportunity to comment on the rescission. We received no comments. Therefore, we are rescinding this administrative review.

DATES: *Effective Date:* Insert date of publication in the **Federal Register**.

FOR FURTHER INFORMATION CONTACT: Mary Kolberg, AD/CVD Operations, Office 1, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-1785.

SUPPLEMENTARY INFORMATION:**Background**

On June 1, 2009, the Department published a notice of opportunity to request an administrative review of the antidumping duty order on carbon and alloy seamless standard, line, and pressure pipe (over 4½ inches) from Japan for the period June 1, 2008, through May 31, 2009. *See Antidumping or Countervailing Duty Order, Finding or Suspended Investigation; Opportunity To Request Administrative Review*, 74 FR 26202 (June 1, 2009). On June 30, 2009, United States Steel Corporation ("U.S. Steel"), a domestic producer of the subject merchandise, made a timely request that the Department conduct an administrative review of JFE Steel, Nippon Steel Corporation, NKK Tubes, and SMI. On July 29, 2009, in accordance with section 751(a) of the Tariff Act of 1930, as amended ("the Act"), the Department published in the **Federal Register** a notice of initiation of this antidumping duty administrative review. *See Initiation of Antidumping and Countervailing Duty Administrative Reviews and Deferral of Administrative Review*, 74 FR 37690 (July 29, 2009). On August 13, 25, and 28, 2009, JFE Steel, NKK Tubes, and SMI, respectively, submitted letters to the Department, certifying that each company made no shipments or entries for consumption in the United States of the subject merchandise during the POR. On September 23, 2009, the Department issued its antidumping duty questionnaire to Nippon Steel Corporation. On October 2, 2009, Nippon Steel Corporation submitted a letter to the Department, certifying that the company made no shipments or entries for consumption in the United States of the subject merchandise during the POR.

Scope of the Order

The products covered by this review are large diameter seamless carbon and alloy (other than stainless) steel standard, line, and pressure pipes produced, or equivalent, to the American Society for Testing and Materials (ASTM) A-53, ASTM A-106,
