

interested persons are invited to submit information on the regulatory and informational impacts of this action on small businesses.

This proposed rule would impose no additional reporting or recordkeeping requirements on either small or large California kiwifruit handlers. As with all Federal marketing order programs, reports and forms are periodically reviewed to reduce information requirements and duplication by industry and public sector agencies.

USDA has not identified any relevant Federal rules that duplicate, overlap, or conflict with this rule.

A small business guide on complying with fruit, vegetable, and specialty crop marketing agreements and orders may be viewed at: <http://www.ams.usda.gov/fv/moab.html>. Any questions about the compliance guide should be sent to Jay Guerber at the previously mentioned address in the **FOR FURTHER INFORMATION CONTACT** section.

A 30-day comment period is provided to allow interested persons to respond to this proposed rule. Thirty days is deemed appropriate because: (1) The 2002–03 fiscal period begins on August 1, 2002, and the marketing order requires that the rate of assessment for each fiscal period apply to all assessable kiwifruit handled during such fiscal period; (2) the Committee needs to have sufficient funds to pay its expenses which are incurred on a continuous basis and; (3) handlers are aware of this action which was unanimously recommended by the Committee at a public meeting and is similar to other assessment rate actions issued in past years.

List of Subjects in 7 CFR Part 920

Kiwifruit, Marketing agreements.

For the reasons set forth in the preamble, 7 CFR part 920 is proposed to be amended as follows:

PART 920—KIWIFRUIT GROWN IN CALIFORNIA

1. The Authority citation for 7 CFR part 920 continues to read as follows:

Authority: 7 U.S.C. 601–674.

2. Section 920.213 is revised to read as follows:

§ 920.213 Assessment rate.

On and after August 1, 2002, an assessment rate of \$0.045 per 22-pound volume fill container or equivalent of kiwifruit is established for kiwifruit grown in California.

Dated: August 8, 2002.

[Docket No. 02N–0251]

Presiding Officers at Regulatory Hearings

AGENCY: Food and Drug Administration, HHS.

ACTION: Proposed rule.

SUMMARY: The Food and Drug Administration (FDA) is proposing to amend its administrative regulations governing who may act as a presiding officer at a regulatory hearing. This action would amend the regulations to permit an administrative law judge (ALJ) to act as a presiding officer and provide the appropriate delegations of authority. It is intended to increase the pool of qualified personnel available as presiding officers, thereby increasing the efficiency with which the agency conducts regulatory hearings, beginning with responding to hearing requests and continuing through issuance of written hearing reports. This proposed rule is a companion document to the direct final rule published elsewhere in this issue of the **Federal Register**.

DATES: Submit written or electronic comments on the proposed rule on or before October 29, 2002. If FDA receives any significant adverse comments, the agency will publish a document withdrawing the direct final rule within 30 days after the comment period ends. FDA will then proceed to respond to comments under this proposed rule using the usual notice-and-comment procedures.

ADDRESSES: Submit written comments to the Dockets Management Branch (HFA–305), Food and Drug Administration, 5630 Fishers Lane, rm. 1061, Rockville, MD 20852. Submit electronic comments to <http://www.fda.gov/dockets/ecomments>.

FOR FURTHER INFORMATION CONTACT: Peter C. Beckerman, Office of the Chief Counsel (GCF–1), Food and Drug Administration, 5600 Fishers Lane, Rockville, MD 20857, 301–827–7144.

SUPPLEMENTARY INFORMATION:

I. Discussion

As described in the related direct final rule, FDA's procedures for a regulatory hearing are set forth in part 16 (21 CFR part 16) of the agency's regulations. "Part 16 hearings" are offered under numerous statutory and regulatory provisions. Section 16.1 provides a list of statutes and regulations in which part 16 hearings are available.

Currently, § 16.42(a) provides that an FDA employee to whom the Commissioner of Food and Drugs (the Commissioner) delegates the authority, or any other FDA employee to whom such authority is redelegated, can serve as the presiding officer at a regulatory hearing. In turn, § 5.30(c) (21 CFR 5.30(c)) delegates authority to preside at and conduct a regulatory hearing to the Director of the Office of the Ombudsman for the agency; the Directors and Deputy Directors of the Center for Food Safety and Applied Nutrition, the Center for Drug Evaluation and Research, the Center for Devices and Radiological Health, and the Center for Biologics Evaluation and Research; Regional Directors; District Directors; the Director of the St. Louis Branch; and such other FDA official as the Commissioner may designate by memorandum in the proceeding.

FDA believes that the addition of the ALJ to the list of those delegated to conduct regulatory hearings would increase the pool of qualified personnel available to preside at regulatory hearings. In addition, by virtue of the nature of an ALJ's training and experience adjudicating disputes, FDA believes that an ALJ would be appropriately suited to conduct regulatory hearings. Therefore, the agency is proposing to amend §§ 5.30(c) and 16.42(a) to permit an ALJ to preside at and conduct regulatory hearings before the agency.

The regulations pertaining to ALJs issued by the Office of Personnel Management (OPM) (5 CFR 930.209(b)) provide that an agency may assign an ALJ, by detail or otherwise, to perform duties that are not the duties of an ALJ without prior approval by OPM when the duties are not inconsistent with the duties and responsibilities of an ALJ, the assignment is not to last longer than 120 days; and the ALJ has not had an aggregate of more than 120 days of such assignments or details in the preceding year. However, OPM's regulations under 5 CFR 930.209(c) also state that on a showing that it is in the public interest, OPM may authorize a waiver from the 120-day limitation.

For the reasons already discussed, FDA believes it would be in the public interest to permit an ALJ to preside at and conduct part 16 hearings.

II. Additional Information

This proposed rule is a companion to the direct final rule published in the final rules section of this issue of the **Federal Register**. This companion proposed rule and the direct final rule are identical. This companion proposed rule will provide the procedural framework to finalize the rule in the event the direct final rule receives significant adverse comments and is withdrawn. The comment period for this companion proposed rule runs concurrently with the comment period of the direct final rule. Any comments received under the companion proposed rule will be treated as comments regarding the direct final rule. If no significant adverse comment is received in response to the direct final rule, no further action will be taken related to this proposed rule. Instead, FDA will publish a confirmation document within 30 days after the comment period ends, and FDA intends the direct final rule to become effective 30 days after publication of the confirmation document. If FDA receives significant adverse comments, the agency will withdraw the direct final rule. FDA will proceed to respond to all the comments received regarding the rule, and if appropriate, the rule will be finalized under this companion proposed rule using usual notice-and-comment procedures.

For additional information, see the corresponding direct final rule published in the final rules section of this issue of the **Federal Register**. FDA will not provide additional opportunity for comment. A significant adverse comment is one that explains why the rule would be inappropriate, including challenges to the rule's underlying premise or approach, or would be ineffective or unacceptable without a change. A comment recommending a rule change in addition to this rule will not be considered a significant adverse comment, unless the comment states why this rule would be ineffective without the additional change.

III. Legal Authority

The broad rulemaking authority conferred on FDA by the U.S. Congress under the Federal Food, Drug, and Cosmetic Act (the act) (21 U.S.C. 201 *et seq.*) permits the agency to amend its regulations as contemplated by this proposed rule. Section 701(a) of the act (21 U.S.C. 371 (a)) gives FDA general rulemaking authority to issue

regulations for efficient enforcement of the act.

IV. Environmental Impact

The agency has determined under 21 CFR 25.30(h) that this action is of a type that does not individually or cumulatively have a significant effect on the human environment. Therefore, neither an environmental assessment nor an environmental impact statement is required.

V. Analysis of Impacts

FDA has examined the impacts of this proposed rule under Executive Order 12866 and the Regulatory Flexibility Act (5 U.S.C. 601–612) (as amended by subtitle D of the Small Business Regulatory Fairness Act of 1996 (Public Law 104–121)), and the Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1501 *et seq.*). Executive Order 12866 directs agencies to assess all costs and benefits of available regulatory alternatives and, when regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health and safety, and other advantages; distributive impacts; and equity). The agency believes that this proposed rule is consistent with the regulatory philosophy and principles identified in the Executive order and in the other two statutes. This proposed rule is not a significant regulatory action as defined by the Executive order and so is not subject to review under the Executive order.

Under the Regulatory Flexibility Act, if a rule has a significant impact on a substantial number of small entities, an agency must analyze regulatory options that would minimize any significant impact of the rule on small entities. The agency has considered the effect that this proposed rule would have on small entities. Because the proposed rule will amend only internal agency procedures, the agency certifies that the proposed rule will not have a significant economic impact on a substantial number of small entities. Therefore under the Regulatory Flexibility Act, no further analysis is required.

Section 202(a) of the Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531) requires that agencies prepare a written statement of anticipated costs and benefits before issuing any proposed or final rule “that includes any Federal mandate that may result in the expenditure by State, local, and tribal governments, in the aggregate, or by the private sector, of \$100 million or more (adjusted annually for inflation) in any one year * * *.” This proposed

rule imposes no Federal mandate that will result in such an expenditure. Therefore, FDA is not required to prepare a cost/benefit statement.

VI. Federalism

FDA has analyzed this proposed rule in accordance with the principles set forth in Executive Order 13132. FDA has determined that the proposed rule does not contain policies that have substantial direct effects on the States, on the relationship between the National Government and the States, or on the distribution of power and responsibilities among the various levels of government. Accordingly, the agency has concluded that the proposed rule does not contain policies that have federalism implications as defined in the Executive order and, consequently, a federalism summary impact statement is not required.

VII. Paperwork Reduction Act of 1995

FDA tentatively concludes that this proposed rule contains no collections of information. Therefore, clearance by the Office of Management and Budget under the Paperwork Reduction Act of 1995 is not required.

VIII. Request for Comments

Interested persons may submit to the Dockets Management Branch (see **ADDRESSES**) written or electronic comments regarding this proposal. Two copies of any comments are to be submitted, except that individuals may submit one copy. Comments are to be identified with the docket number found in brackets in the heading of this document. Received comments may be seen in the Dockets Management Branch between 9 a.m. and 4 p.m., Monday through Friday. In the event the direct final rule is withdrawn, all comments will be considered comments on this proposed rule.

FHWA RIN 2125–AE95; FTA RIN 2132–AA75

Statewide Transportation Planning; Metropolitan Transportation Planning

AGENCY: Federal Highway Administration (FHWA), Federal Transit Administration (FTA), DOT.

ACTION: Notice; extension of comment period.

SUMMARY: The FHWA and FTA propose to extend the comment period for a supplemental notice of proposed rulemaking, which was published June 19, 2002, at 67 FR 41648. The original comment period is set to close on August 19, 2002. The proposed extension stems from concern expressed jointly by the American Association of Highway and Transportation Officials (AASHTO), the National Association of Counties (NACO), and the National Association of Development Organizations (NADO) that the August 19 closing date does not provide sufficient time for response to the supplemental notice of proposed rulemaking. The FHWA and FTA recognize that others interested in commenting may have similar time constraints and agree that the comment period should be extended. Therefore, the closing date for comments is changed to September 19, 2002, which will provide the AASHTO, NACO, NADO and others interested in commenting additional time to evaluate the supplemental notice of proposed rulemaking and to submit responses.

DATES: Submit comments on or before September 19, 2002.

ADDRESSES: Mail or hand deliver comments to the U.S. Department of Transportation, Dockets Management Facility, Room PL–401, 400 Seventh Street, SW., Washington, DC 20590, or submit electronically at <http://dmses.dot.gov/submit>. All comments should include the docket number that appears in the heading of this document. All comments received will be available for examination and copying at the above address from 9 a.m. to 5 p.m., e.t., Monday through Friday, except Federal holidays. Those desiring notification of receipt of comments must include a self-addressed, stamped postcard or you may print the acknowledgment page

that appears after submitting comments electronically.

FOR FURTHER INFORMATION CONTACT: For the FHWA: Mr. Dee Spann, Statewide Planning Team (HEPS), (202) 366–4086 or Mr. Reid Alsop, Office of the Chief Counsel (HCC–31), (202) 366–1371. For the FTA: Mr. Paul Verchinski, Statewide Planning Division (TPL–11) or Mr. Scott Biehl, Office of the Chief Counsel (TCC–30), (202) 366–0952. Both agencies are located at 400 Seventh Street, SW., Washington, DC 20590–0001. Office hours for the FHWA are from 7:45 a.m. to 4:15 p.m., e.t., and for the FTA are from 8:30 a.m. to 5 p.m., e.t., Monday through Friday, except Federal holidays.

Background

Section 1025 of the Intermodal Surface Transportation Efficiency Act of 1991 (ISTEA), Public Law 102–240, 105 Stat. 1914, (December 18, 1991), amended title 23, United States Code (U.S.C.), section 135 and established a requirement for Statewide Transportation Planning and stated, “[t]he transportation needs of non-metropolitan areas should be considered through a process that includes consultation with local elected officials with jurisdiction over transportation.” The ISTEA further stated “[p]rojects undertaken in areas of less than 50,000 population (excluding projects undertaken on the National Highway System and pursuant to the bridge and Interstate maintenance programs) shall be selected by the State in cooperation with the affected local officials. Projects undertaken in such areas on the National Highway System or pursuant to the bridge and Interstate maintenance programs shall be selected by the State in consultation with the affected local officials.”
