

Toyota to retain documents relating to its compliance with the order. For most records, the order requires that the documents be retained for a five-year period. For the third party assessments and supporting documents, Franklin Toyota must retain the documents for a period of three years after the date that each assessment is prepared. Part VI requires dissemination of the order now and in the future to persons with responsibilities relating to the subject matter of the order. Part VII ensures notification to the FTC of changes in corporate status. Part VIII mandates that Franklin Toyota submit a compliance report to the FTC within 90 days, and periodically thereafter as requested. Part IX is a provision "sunsetting" the order after twenty (20) years, with certain exceptions.

The purpose of the analysis is to aid public comment on the proposed order. It is not intended to constitute an official interpretation of the proposed order or to modify its terms in any way.

By direction of the Commission.
