## DEPARTMENT OF AGRICULTURE

### Grain Inspection, Packers and Stockyards Administration

#### Advisory Committee Meeting

**AGENCY:** Grain Inspection, Packers and Stockyards Administration, USDA.

**ACTION:** Notice of advisory committee meeting.

**SUMMARY:** Pursuant to the Federal Advisory Committee Act, this constitutes notice of the upcoming meeting of the Grain Inspection, Packers and Stockyards Administration (GIPSA) Grain Inspection Advisory Committee (Advisory Committee). The Advisory Committee meets twice annually to advise the GIPSA Administrator on the programs and services that GIPSA delivers under the U.S. Grain Standards Act. Recommendations by the Advisory Committee help GIPSA better meet the needs of its customers who operate in a dynamic and changing marketplace.

**DATES:** June 16, 2010, 8 a.m. to 4:30 p.m.; and June 17, 2010, 8 a.m. to Noon.

**ADDRESSES:** The Advisory Committee meeting will take place at the Embassy Suites Kansas City-Plaza, 220 West 43rd Street, Kansas City, Missouri 64111.

Requests to orally address the Advisory Committee during the meeting or written comments may be sent to: Administrator, GIPSA, U.S. Department of Agriculture, 1400 Independence Avenue, SW., STOP 3601, Washington, DC 20250-3601. Requests and comments may also be faxed to (202) 690-2173.

**FOR FURTHER INFORMATION CONTACT:**

Terri L. Henry by phone at (202) 205-8281, by E-mail at [Terri.L.Henry@usda.gov](mailto:Terri.L.Henry@usda.gov), or by regular mail at Terri Henry, GIPSA, USDA, 1400 Independence Ave., SW., Room 1633-S, Stop 3642, Washington, DC 20250-3642.

**SUPPLEMENTARY INFORMATION:** The purpose of the Advisory Committee is to provide advice to the GIPSA Administrator with respect to the implementation of the U.S. Grain Standards Act (7 U.S.C. 71-87k). Information about the Advisory Committee is available on the GIPSA Web site at <http://www.gipsa.usda.gov>. Under the section, "I Want To \* \* \*," select "Learn about the Grain Inspection Advisory Committee."

This meeting's agenda will include updates on international affairs, wheat standards, the Yamamoto sheller study, wheat functionality, and an overview of Federal Grain Inspection Service 2010 operations.

For a copy of the agenda please contact Terri L. Henry by phone at (202) 205-8281 or by e-mail at [Terri.L.Henry@usda.gov](mailto:Terri.L.Henry@usda.gov).

Public participation will be limited to written statements unless permission is received from the Advisory Committee Chairperson to orally address the Advisory Committee. Written comments may be sent to the contact person designated above. The meeting will be open to the public.

Persons with disabilities who require alternative means of communication of program information or related accommodations should contact Terri L. Henry at the telephone number listed above.

**J. Dudley Butler,**

*Administrator, Grain Inspection, Packers and Stockyards Administration.*

## CHEMICAL SAFETY AND HAZARD INVESTIGATION BOARD

### Sunshine Act Meeting

In connection with its investigation into the natural gas explosion that occurred at the Kleen Energy power plant in Middletown, Connecticut, the United States Chemical Safety and Hazard Investigation Board (CSB) announces that it will hold a public meeting on June 28, 2010, in Connecticut. The purpose of the meeting is to consider urgent safety recommendations to the U.S. Occupational Safety and Health Administration (OSHA); the National Fire Protection Association (NFPA), the American Gas Association (AGA); the International Code Council (ICC) and the Chair of the International Fuel Gas Code Committee; the American Society of Mechanical Engineers (ASME); and other parties that result from the CSB investigation of this accident.

The meeting will begin at 6:30 p.m. in the Prince Edward Ballroom, Saint Clements Castle, 1931 Portland-Cobalt Road, Portland, Connecticut 06480.

At the meeting the CSB investigative team will present its preliminary findings on the circumstances of the accident to the three CSB board members and the public. The Board will then receive testimony from a panel of outside experts and other witnesses, who will discuss the issues raised by the case. Following a public comment period, the Board is expected to consider and vote on the draft safety recommendations.

The meeting is free and open to the public. Pre-registration is not required, but to assure adequate seating, attendees are encouraged to pre-register by e-mailing their names and affiliations to [kleen@csb.gov](mailto:kleen@csb.gov) by Friday, June 25, 2010.

On Sunday, February 7, 2010, Kleen Energy, a combined-cycle natural gas fueled power plant under construction in Middletown, Connecticut, experienced a catastrophic natural gas explosion that caused six deaths and at least 50 injuries.

The accident occurred during the planned cleaning of fuel gas piping, part of the commissioning and startup phase of construction. At the time of the accident workers were conducting a "gas blow," whereby natural gas is forced through the piping at a high velocity and pressure in order to remove any debris within the piping. The gas and debris were subsequently released directly to atmosphere. At the Kleen Energy construction site, workers used natural gas at a pressure of approximately 650 pounds per square
