SMALL BUSINESS ADMINISTRATION

Revision of Privacy Act System of Records

AGENCY: Small Business Administration.

ACTION: Notice of revision of agency's Privacy Act System of Records.

SUMMARY: SBA is revising its Privacy Act Systems of Records, SBA 20, DISASTER LOAN CASE FILES. SBA is amending this system to account for modernization of its disaster loan making and record keeping processes. Two new routine uses have been added to address sharing of data with the Department of the Treasury to provide for loan disbursements, and with the Internal Revenue Service to request and obtain income verification. Two routine uses were revised to delete references to HUD, and another to reflect the new name for GAO. Loan Servicing Centers were added as System Locations, as was the Office of Disaster Assistance DCMS Operations Center, while references to HUD offices were deleted. Descriptions of Categories of Individuals Covered by the System, Categories of Records in the System were updated to encompass the inclusion of disaster business loan data and pre-application registrants for all disaster loan programs. Under Policies and Practices for Storing, Retrieving, Accessing, Retaining and Disposing of Records, revisions reflect the ability to retrieve records by Employer Identification Number, an updated reference to electronic data under safeguards, a corrected reference to retention and disposal procedures, addition of the Director of DCMS Operations Center as a System Manager, and additions to source categories to include IRS, FEMA and credit reporting agencies.

DATES: Written comments on the Addition to the Agency's System of Records must be received on or before January 24, 2005. The notice shall be effective as proposed with or without further publication 15 days after the end of the comment period, unless comments are received which would require contrary determination and the

Agency publishes another Notice before the effective date.

ADDRESSES: Written comments on the System of Records should be directed to Michael V. Sorrento, Director, DCMS Operations Center, Office of Disaster Assistance, 1175 Herndon Parkway, Herndon, VA 20170.

FOR FURTHER INFORMATION CONTACT: Michael V. Sorrento, Director, DCMS Operations Center, (703) 487-3642.

SUPPLEMENTARY INFORMATION: This publication is in accordance with the Privacy Act stipulation that Agencies publish their Systems of Records in the **Federal Register** when there is a revision, change or addition. SBA is amending the Notice of System of Records for SBA 20, Disaster Loan Case File, previously published at 69 FR 58597 (2004). System SBA 20, Disaster Loan Case File, is being amended to reflect changes brought on by automation of the disaster loan making process, including the use of an electronic case file, centralized data storage, and electronic interface with internal and external systems necessary to process, approve and disburse disaster home and business loans. Routine uses for interface with U.S. Department of the Treasury and the Federal Emergency Management Agency have been added. SBA is amending a routine use to update the new name of GAO to Government Accountability Office. SBA is also adding Loan Servicing Centers as system locations while deleting references to HUD here and elsewhere. The Director of DCMS Operations Center is added as a System Manager. SBA is amending the categories of individuals and records covered by the system to include disaster business loans and pre-application registrants for disaster assistance, which also caused amendments to text for form and grammar.

Altered Systems of Records

Narrative Statement; U.S. Small Business Administration Privacy Act System of Records SBA 20, Disaster Loan Case File; Amendment to System of Records

A. Narrative Statement

1. The amendment of System of Records SBA 20 is required by the implementation of the Disaster Credit Management System (DCMS), a new electronic database and software system for the electronic processing and storage of Disaster home and business loan applications. The DCMS is not a new system of records, as it is substantially similar in scope and purpose to the

paper case files now encompassed under System SBA 20. Amendment is appropriate to fully reflect the scope and use of records, and the categories of individuals covered by the system. Due to the long maturity of SBA Disaster loans, paper case files will remain as a format for these records for the foreseeable future.

2. Refer to the following citations: Pub. L. 85-536, 15 U.S.C. 634(b)(6) *et seq.* (Small Business Act, all provisions relating to disaster loan programs); 44 U.S.C. 3101 (Records Management by Federal Agencies).

3. The effect on the individual is minimal because the information collected is already being collected by the SBA under previously approved manual form and by the SBA's previously established and published Privacy Act System of Records SBA 20, Disaster Loan Case Files. The information covered in this system of records, as amended, will be viewed only by Agency personnel and participating contractors in the line of their official duties. All of these individuals must comply with the requirements of the PA of 1974, as amended, pursuant to 5 U.S.C. 552a(m).

4. Access and use of Disaster Loan Case File records is limited to Agency officials acting in their official capacities, with a need-to-know, and to participating contractors. Access and use of electronic data will be via secure Internet, with restricted password(s)/passcode(s).

5. The proposed new routine uses for the new System of Records satisfy the compatibility requirement of subsection (a) (7) of the Act as follows:

The proposed new routine uses allow disclosure of disaster loan making records to the U.S. Department of Treasury for the issuance of loan funds, and to the Federal Emergency Management Agency, Department of Homeland Security, to coordinate disaster assistance programs and monitor for duplication. SBA needs to share relevant information with other federal, state and local agencies involved in the delivery of disaster assistance to comply with laws and promote the effective delivery of disaster assistance. The information in this System of Records is collected by SBA for the purpose of its decision making and servicing of disaster loans, and to document and ensure compliance with applicable laws and regulations.

6. OMB approved SBA 3245-0017—Disaster Business Loan Application (SBA Form 5, SBA Form 739A, SBA Form 1368, SBA Form 2202) expires 07/31/2007; OMB approved SBA 3245-

0018—Disaster Home Loan Application (SBA Form 5C, SBA Form 739) expires 09/30/2006; OMB approved SBA 3245—0084—Home/Business Loan Inquiry Record (SBA Form 700) expires 09/30/2006; OMB approved SBA 3245—0326—Pre-Disaster Mitigation Application (SBA Form 5M) expires 09/30/2006; OMB approved SBA 3245—0136—Disaster Survey Worksheet (SBA Form 987) expires 03/31/2007; OMB approved SBA 3245—0188—Personal Financial Statement (SBA Form 413) on 11/30/2004; OMB approval 3245—0178—Statement of Personal History (SBA Form 912) expires 09/30/2006.

DEPARTMENT OF STATE

[Public Notice 4941]

Bureau of Educational and Cultural Affairs (ECA) Request for Grant Proposals: American Music Abroad

Announcement Type: New Grant.
Funding Opportunity Number: ECA/PE/C/CU–05–14.

Catalog of Federal Domestic Assistance Number: 00.000.

Key Dates: Application Deadline: February 15, 2005.

Executive Summary: The Cultural Programs Division in the Office of Citizen Exchanges within the Bureau of Educational and Cultural Affairs (ECA) announces an open competition for a grant to administer the American Music Abroad Program (formerly known as Jazz Ambassadors). The Program will consist of concert tours for a selected number of professional American jazz and urban music performers in countries where there is limited exposure to American culture. The musicians selected for this program must demonstrate high artistic ability and be conversant with broader aspects of contemporary American society and culture. Tours include workshops and master classes in addition to concerts.

U.S. public and non-profit organizations meeting the provisions described in Internal Revenue code section 26 U.S.C. 501(c)(3) may submit proposals that support the goals of the American Music Abroad program: to promote mutual understanding and cross-cultural awareness. The tours accomplish this by providing an opportunity for international audiences to experience American musical life, highlighting our country’s cultural history as well as the contemporary cultural scene, and allowing American performers to learn about life and culture in the foreign host countries.
