

**List of Subjects in 39 CFR Part 501**

Administrative practice and procedure, Postal Service.

**The Amendment**

For the reasons set out in this document, the Postal Service is amending 39 CFR part 501 as follows:

**PART 501—AUTHORIZATION TO MANUFACTURE AND DISTRIBUTE POSTAGE METERS**

1. The authority citation for part 501 continues to read as follows:

**Authority:** 5 U.S.C. 552(a); 39 U.S.C. 101, 401, 403, 404, 410, 2601, 2605; Inspector General Act of 1978, as amended (Public Law 95-452, as amended); and 5 U.S.C. App. 3.

2. Amend § 501.2 by revising the introductory text and paragraphs (c) and (d) to read as follows:

**§ 501.2 Manufacturer qualification.**

Any concern wanting authorization to manufacture and/or lease postage meters for use by licensees under *Domestic Mail Manual* P030 must:

\* \* \* \* \*

(c) Have, or establish, and keep under its supervision and control, adequate production facilities suitable to carry out the provisions of §§ 501.15 through 501.21 to the satisfaction of the Postal Service. The production facilities must be subject to unannounced inspection by representatives of the Postal Service. If the provider's production facilities are located outside the continental United States, the provider will be responsible for all reasonable and necessary travel-related costs incurred by the Postal Service to conduct the inspections. Travel-related costs are determined in accordance with Postal Service Handbook F-15, *Travel and Relocation*. At its discretion, the Postal Service may continue to fund routine inspections outside the continental United States as it has in the past, provided the costs are not associated with particular security issues related to a manufacturer's product, or with the start-up or implementation of a new plant or of a new or substantially changed manufacturing process.

(i) When conducting an inspection outside the continental United States,

the Postal Service will make every effort to combine the inspection with other inspections in the same general geographic area in order to enable affected manufacturers to share the costs. The Postal Service team conducting such inspections will be limited to the minimum number necessary to conduct the inspection. All air travel will be contracted for at the rates for official government business, when available, under such rules respecting class of travel as apply to those Postal Service representatives inspecting the facility at the time the travel occurs.

(ii) If political or other impediments prevent the Postal Service from conducting security evaluations of meter manufacturing facilities in foreign countries, Postal Service approval to distribute meters produced in those facilities may be suspended until such time as satisfactory inspections may be conducted.

(d) Have, or establish, and keep under its active supervision and control adequate facilities for the control, distribution, and maintenance of meters and their replacement or secure disposal or destruction when necessary.

Atmospheric Administration (NOAA), Commerce.

**ACTION:** Correction to final rule.

**SUMMARY:** This document contains a correction to a final rule published on October 29, 2002. It removes an amendatory instruction that was inadvertently published in the October 29, 2002 document.

**DATES:** November 18, 2002.

**SUPPLEMENTARY INFORMATION:****Background**

On October 29, 2002, (67 FR 65902) NMFS published a final rule in the **Federal Register** to amend tier qualifications to include sablefish landings taken under the provisions of an exempted fishing permit (EFP) from 1984-1985 with setnet gear north of 38° N. lat. Setnet EFP landings will be added to the current pot (trap) and longline landings to qualify a sablefish-endorsed permit for its tier assignment. This rule is intended to recognize historical sablefish landings made by current primary season participants.

**Correction**

In the FR Doc. 02-27360 in the issue of Tuesday, October 29, 2002 (67 FR 65902) make the following correction:

1. On page 65906, in the third column, under instruction 7.(i), remove “ and (g)(2).”

Dated: November 12, 2002.
