

filed. All documents (an original and eight copies) must be filed with: Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

Motions to intervene, protests, comments and recommendations may be filed electronically via the Internet in lieu of paper filings, see 18 CFR 385.2001 (a)(1)(iii) and the instructions on the Commission's Web site (<http://www.ferc.gov>) under the "e-filing" link. The Commission strongly encourages electronic filings.

The Commission's Rules of Practice and Procedure require all intervenors filing documents with the Commission to serve a copy of that document on each person whose name appears on the official service list for the project. Further, if an intervenor files comments or documents with the Commission relating to the merits of an issue that may affect the responsibilities of a particular resource agency, they must also serve a copy of the document on that resource agency. A copy of any motion to intervene must also be served upon each representative of the Applicant specified in the particular application.

k. Description of Request: Pacific Gas and Electric Company (licensee) is requesting that its license for the Battle Creek Hydroelectric Project be amended to support the Battle Creek Salmon and Steelhead Restoration Project (Restoration Project). The Restoration Project is a collaborative effort to restore fish habitat on Battle Creek and some of its tributaries through modification of the project facilities and operations, including instream flow releases. This collaborative effort is between PG&E, the U.S. Department of the Interior, Bureau of Reclamation, the U.S. Fish and Wildlife Service, the National Oceanic and Atmospheric Administration National Marine Fisheries Service, and the California Department of Fish and Game.

The Restoration Project will reestablish approximately 42 miles of prime salmon and steelhead habitat in the North and South Forks of Battle Creek, plus an additional six miles of habitat on the tributaries of Battle Creek. The Restoration Project will be accomplished in three phases. The licensee is filing this license amendment application for approval and implementation of 1B (second phase) of the Restoration Project. Proposed work for *Phase 1B* includes: (1) Installing a slide gate on an existing outlet of the Inskip Powerhouse to block discharge into South Fork Battle Creek; (2) installing a tailrace connector from Inskip Powerhouse to Coleman Canal;

(3) installing an Inskip Powerhouse bypass facility to divert overflow from Eagle Canyon and Inskip Canals; and (4) modifying the diversion at Coleman Diversion Dam.

The licensee has submitted the Battle Creek Salmon and Steelhead Restoration Project Final Environmental Impact Statement/Environmental Impact Report (EIS/EIR), prepared in July 2005, as part of its application. The referenced EIS/EIR was a collaborative effort between PG&E, the Bureau of Reclamation, California State Water Resources Control Board, California Bay-Delta Authority, and the Federal Energy Regulatory Commission (Commission), to fulfill National Environmental Policy Act (NEPA) and California Environmental Quality Act requirements. The Commission intends to use the EIS/EIR to meet the NEPA requirements under the proposed action to amend the Battle Creek Project. The EIS/EIR is available for review at the Restoration Projects Web site (link: http://www.usbr.gov/mp/nepa/nepa_projdetails.cfm?Project_ID=99).

l. Location of the Application: A copy of the licensee's filing is available for inspection and reproduction at the Commission's Public Reference Room, located at 888 First Street, NE., Room 2A, Washington, DC 20426, or by calling (202) 502-8371. m. Individuals desiring to be included on the Commission's mailing list should so indicate by writing to the Secretary of the Commission.

n. Comments, Protests, or Motions To Intervene: Anyone may submit comments, a protest, or a motion to intervene in accordance with the requirements of Rules of Practice and Procedure, 18 CFR 385.210, 385.211, and 385.214. In determining the appropriate action to take, the Commission will consider all protests or other comments filed, but only those who file a motion to intervene in accordance with the Commission's Rules may become a party to the

proceeding. Any comments, protests, or motions to intervene must be received on or before the specified comment date for the particular application (see item (j) above).

o. Any filing must bear in all capital letters the title "COMMENTS", "PROTEST", "MOTION TO INTERVENE", or "RECOMMENDATIONS", as applicable, and the Project Number of the particular application to which the filing refers.

p. Agency Comments: Federal, state, and local agencies are invited to file comments on the described application. A copy of the application may be obtained by agencies directly from the Applicant. If an agency does not file comments within the time specified for filing comments, it will be presumed to have no comments. One copy of an agency's comments must also be sent to the Applicant's representatives.
