

maintained in unclassified information systems. Remote access to the Department's information systems is configured in compliance with OMB Circular A-130 multifactor authentication requirements and includes a time-out function.

All Department of State employees and contractors with authorized access to records maintained in this system of records have undergone a thorough background security investigation. Access to the Department of State, its annexes, and posts abroad is controlled by security guards and admission is limited to those individuals possessing a valid identification card or individuals under proper escort. Access to computerized files is password-protected and under the direct supervision of the system manager. The system manager has the capability of printing audit trails of access from the computer media, thereby permitting regular and ad hoc monitoring of computer usage. When it is determined that a user no longer needs access, the user account is disabled.

The safeguards in the following paragraphs apply only to records that are maintained in government-certified cloud systems. All cloud systems that provide IT services and process Department of State information must be specifically authorized by the Department of State Authorizing Official and Senior Agency Official for Privacy.

Information that conforms with Department-specific definitions for Federal Information Security Modernization Act (FISMA) low, moderate, or high categorization are permissible for cloud usage and must specifically be authorized by the Department's Cloud Program Management Office and the Department of State Authorizing Official. Specific security measures and safeguards will depend on the FISMA categorization of the information in a given cloud system. In accordance with Department policy, systems that process more sensitive information will require more stringent controls and review by Department cybersecurity experts prior to approval. Prior to operation, all Cloud systems must comply with applicable security measures that are outlined in FISMA, FedRAMP, OMB regulations, National Institute of Standards and Technology's (NIST) Special Publications (SP) and Federal Information Processing Standards (FIPS) and Department of State policies and standards.

All data stored in cloud environments categorized above a low FISMA impact risk level must be encrypted at rest and in-transit using a federally-approved encryption mechanism. The encryption

keys shall be generated, maintained, and controlled in a Department data center by the Department key management authority. Deviations from these encryption requirements must be approved in writing by the Department of State Authorizing Official. High FISMA impact risk level systems will additionally be subject to continual auditing and monitoring, multifactor authentication mechanism utilizing Public Key Infrastructure (PKI) and NIST 800 53 controls concerning virtualization, servers, storage and networking, as well as stringent measures to sanitize data from the cloud service once the contract is terminated.

RECORD ACCESS PROCEDURES:

Individuals who wish to gain access to or amend records pertaining to themselves should write to U.S. Department of State; Director, Office of Information Programs and Services; A/GIS/IPS; 2201 C Street NW, Room B-266; Washington, DC 20520. The individual must specify that he or she wishes the Integrated Logistics Management Records to be checked. At a minimum, the individual must include: Full name (including maiden name, if appropriate) and any other names used; current mailing address and zip code; date and place of birth; notarized signature or statement under penalty of perjury; a brief description of the circumstances that caused the creation of the record (including the city and/or country and the approximate dates) which gives the individual cause to believe that the Integrated Logistics Management Records include records pertaining to the individual. Detailed instructions on Department of State procedures for accessing and amending records can be found on the Department's FOIA website at <https://foia.state.gov/Request/Guide.aspx>.

CONTESTING RECORD PROCEDURES:

Individuals who wish to contest record procedures should write to U.S. Department of State; Director, Office of Information Programs and Services; A/GIS/IPS; 2201 C Street NW, Room B-266; Washington, DC 20520.

NOTIFICATION PROCEDURES:

Individuals who have reason to believe that this system of records may contain information pertaining to them may write to U.S. Department of State; Director, Office of Information Programs and Services; A/GIS/IPS; 2201 C Street NW, Room B-266; Washington, DC 20520. The individual must specify that he/she wishes the Integrated Logistics Management Records to be checked. At a minimum, the individual must

include: Full name (including maiden name, if appropriate) and any other names used; current mailing address and zip code; date and place of birth; notarized signature or statement under penalty of perjury; a brief description of the circumstances that caused the creation of the record (including the city and/or country and the approximate dates) which gives the individual cause to believe that the Integrated Logistics Management Records include records pertaining to the individual.

EXEMPTIONS PROMULGATED FOR THE SYSTEM:

None.

BILLING CODE 4710-24-P

DEPARTMENT OF STATE

[Public Notice: 11626]

Call for Expert Reviewers To Submit Comments on the Intergovernmental Panel on Climate Change (IPCC) Sixth Assessment Synthesis Report

ACTION: Notice of request for expert review.

SUMMARY: The Department of State, in cooperation with the United States Global Change Research Program (USGCRP), requests expert review of the first draft of Intergovernmental Panel on Climate Change (IPCC) Sixth Assessment Report (AR6) Synthesis Report (SYR).

DATES: Starting January 10, 2022; public comments are due by March 1, 2022.

ADDRESSES: Experts wishing to contribute to the U.S. government review are encouraged to register via the USGCRP Review and Comment System (<https://review.globalchange.gov/>).

FOR FURTHER INFORMATION CONTACT: Farhan Akhtar, Foreign Affairs Officer, Office of Global Change, (202) 647-3489, ipcc_fp@state.gov.

SUPPLEMENTARY INFORMATION: The United Nations Environment Program (UNEP) and the World Meteorological Organization (WMO) established the IPCC in 1988. As reflected in its governing documents, the role of the IPCC is to assess on a comprehensive, objective, open, and transparent basis the scientific, technical, and socioeconomic information relevant to understanding the scientific basis of risk

of human-induced climate change, its potential impacts, and options for adaptation and mitigation. IPCC reports should be neutral with respect to policy, although they may need to deal objectively with scientific, technical, and socio-economic factors relevant to the application of particular policies. The principles and procedures for the IPCC and its preparation of reports can be found at: <https://www.ipcc.ch/site/assets/uploads/2018/09/ipcc-principles.pdf> and <https://www.ipcc.ch/site/assets/uploads/2018/09/ipcc-principles-appendix-a-final.pdf>. In accordance with these procedures, IPCC documents undergo peer review by experts and governments. The purpose of these reviews is to ensure the reports present a comprehensive, objective, and balanced view of the subject matter they cover.

According to IPCC procedures, the SYR should “synthesize and integrate materials contained within the Assessment Reports and Special Reports” and “should be written in a non-technical style suitable for policymakers and address a broad range of policy-relevant but policy-neutral questions approved by the Panel”. AR6 SYR content is based on the three Working Group contributions to the AR6 and the three Special Reports undertaken during the cycle:

- The Physical Science Basis (WGI, launched in August 2021)
- Impacts, Adaptation and Vulnerability (WGII, to be released in February 2022)
- Mitigation of Climate Change (WGIII, to be released in March 2022)
- Global Warming of 1.5 °C (SR1.5, 2018)
- Climate Change and Land (SRCCL, 2019)
- The Ocean and Cryosphere in a Changing Climate (SROCC, 2019)

As part of the U.S. government review—starting January 10, 2022—experts wishing to contribute to the U.S. government review are encouraged to register via the USGCRP Review and Comment System (<https://review.globalchange.gov/>). Instructions and the synthesis report draft will be available for download via the system. *In accordance with IPCC policy, drafts of the report are provided for review purposes only and are not to be cited or distributed.* All relevant technical comments received will be forwarded to the IPCC authors for their consideration. To be considered for inclusion in the U.S. government submission, comments must be received by March 1, 2022.

Experts may choose to provide comments directly through the IPCC’s

expert review process, which occurs in parallel with the U.S. government review: <https://apps.ipcc.ch/comments/ar6syrfod/register.php>. To avoid duplication, experts are requested to submit comments via either the USGCRP or IPCC review websites, not both.

Farhan Akhtar,

Office of Global Change, Department of State.

BILLING CODE 4710–09–P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

[Docket No. FAA–2019–0689; Summary Notice No.–2021–0017]

Petition for Exemption; Summary of Petition Received; Orbest, S.A.

AGENCY: Federal Aviation Administration (FAA), Department of Transportation (DOT).

ACTION: Notice.

SUMMARY: This notice contains a summary of a petition seeking relief from specified requirements of Federal Aviation Regulations. The purpose of this notice is to improve the public’s awareness of, and participation in, the FAA’s exemption process. Neither publication of this notice nor the inclusion nor omission of information in the summary is intended to affect the legal status of the petition or its final disposition.

DATES: Comments on this petition must identify the petition docket number and must be received on or before February 14, 2022.

ADDRESSES: Send comments identified by docket number [FAA–2019–0689] using any of the following methods:

- **Federal eRulemaking Portal:** Go to <http://www.regulations.gov> and follow the online instructions for sending your comments electronically.
- **Mail:** Send comments to Docket Operations, M–30; U.S. Department of Transportation, 1200 New Jersey Avenue SE, Room W12–140, West Building Ground Floor, Washington, DC 20590–0001.
- **Hand Delivery or Courier:** Take comments to Docket Operations in Room W12–140 of the West Building Ground Floor at 1200 New Jersey Avenue SE, Washington, DC 20590–0001, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.
- **Fax:** Fax comments to Docket Operations at (202) 493–2251.

Privacy: In accordance with 5 U.S.C. 553(c), DOT solicits comments from the public to better inform its rulemaking process. DOT posts these comments, without edit, including any personal information the commenter provides, to <http://www.regulations.gov>, as described in the system of records notice (DOT/ALL–14 FDMS), which can be reviewed at <http://www.dot.gov/privacy>.

Docket: Background documents or comments received may be read at <http://www.regulations.gov> at any time. Follow the online instructions for accessing the docket or go to the Docket Operations in Room W12–140 of the West Building Ground Floor at 1200 New Jersey Avenue SE, Washington, DC 20590–0001, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT:

Keira Terry, (202) 267–6109, Office of Rulemaking, Federal Aviation Administration, 800 Independence Avenue SW, Washington, DC 20591.

This notice is published pursuant to 14 CFR 11.85.

Issued in Washington, DC.

Timothy R. Adams,

Deputy Executive Director, Office of Rulemaking.

Petition for Exemption

Docket No.: FAA–2019–0689.

Petitioner: Orbest, S.A.

Section(s) of 14 CFR Affected:

§§ 91.227(c)(1)(i), and (iii).

Description of Relief Sought: Orbest, S.A. (Orbest) seeks limited relief from the Automatic Dependent Surveillance–Broadcast (ADS–B) Out performance requirements of Navigation Accuracy Category for Position (NAC_p) and Navigation Integrity Category (NIC) as defined in 14 CFR 91.227(c)(1)(i) and 91.227(c)(1)(iii), respectively. The relief sought is similar to that granted by Exemption No. 12555. Orbest seeks this relief until it can meet the accuracy requirements for ADS–B Out in accordance with an impending Service Bulletin.
