Indian Gaming; Approval of Tribal-State Class III Gaming Compact in the State of Arizona

AGENCY: Bureau of Indian Affairs, Interior.

ACTION: Notice.

SUMMARY: This Notice publishes the approval of the Yavapai-Prescott Indian Tribe—State of Arizona Amended and Restated Gaming Compact (Compact) and the Agreement to Amend Compact (Amendment) between the Yavapai-Prescott Indian Tribe (Tribe) and the State of Arizona (State).

DATES: The compact and amendment take effect on July 26, 2022.

FOR FURTHER INFORMATION CONTACT: Ms. Paula L. Hart, Director, Office of Indian

Gaming, Office of the Deputy Assistant Secretary—Policy and Economic Development, Washington, DC 20240, (202) 219–4066.

SUPPLEMENTARY INFORMATION: Under section 11 of the Indian Gaming Regulatory Act (IGRA), Public Law 100–497, 25 U.S.C. 2701 *et seq.*, the Secretary of the Interior shall publish in the **Federal Register** notice of approved Tribal-State compacts for the purpose of engaging in Class III gaming activities on Indian lands. As required by 25 CFR 293.4, all compacts and amendments are subject to review and approval by the Secretary. The Yavapai-Prescott Indian Tribe and the State of Arizona agreed to the Compact and then to the Amendment. The Compact permits various types of gaming, including video devices, house banked card games, off-track pari-mutuel wagering, dealer controlled electronic games, sports wagering, fantasy sports contests, and live table games on the Tribe's Indian lands. The Compact includes provisions requiring the Tribe to pay the State from the Tribe's net win in exchange for substantial exclusivity in the State and for regulatory costs. The Compact provides that the Tribe will have the responsibility to administer and enforce regulatory requirements. The Amendment clarifies certain definitions and provisions in the Compact. The Compact and the Amendment are approved.

Bryan Newland,

Assistant Secretary—Indian Affairs.

Determination of Eligibility for Consideration as Wilderness Areas, Wupatki National Monument, Arizona

AGENCY: National Park Service, Interior

ACTION: Notice of Determination of Wilderness Eligibility for Lands in Wupatki National Monument.

SUMMARY: Pursuant to the Wilderness Act of 1964, and in accordance with National Park Service (NPS) Management Policies (2006), Section 6.2.1, the NPS has completed a Wilderness Eligibility Assessment to determine if lands within Wupatki National Monument (Wupatki or monument) meet criteria indicating

eligibility for preservation as wilderness.

ADDRESSES: A map of lands assessed is on file at Wupatki National Monument Headquarters, 6400 U.S. 89, Flagstaff, AZ 86004.

FOR FURTHER INFORMATION CONTACT:

Acting Superintendent Kristofer Butcher, Flagstaff Area National Monuments, 6400 U.S. 89, Flagstaff, AZ 86004, Telephone: 928–526–1157 or 205–410–3543, email address: Kristofer_butcher@nps.gov.

SUPPLEMENTARY INFORMATION: Wupatki National Monument has determined that a significant portion of the lands within the monument are eligible for wilderness designation. Areas determined to be eligible for wilderness designation total 34,194 acres or 96.5% of Wupatki's total 35,424 acres, with the remaining 1,230 acres or 3.5% of total monument acreage determined not eligible for wilderness designation.

Eligible wilderness areas at Wupatki National Monument are subdivided into the following areas:

Eligible Wilderness Area 1: 6,284 acres. This area contains outstanding grassland resources with some juniper savanna in the eastern portions. The landscape is dominated by basalt mesas and offers prime habitat for pronghorn antelope. The area is largely undeveloped and retains most of its primeval character. This area is managed to protect pronghorn habitat and sensitive cultural resources. The western-most portion of this area is affected by the presence of Highway 89 but is still eligible to be designated as wilderness.

Eligible Wilderness Area 2: 21,168 acres. Almost the entire area is undeveloped, with few signs of people and one rarely used administrative road (Crack-in-Rock Road). This area generally appears to be affected primarily by natural forces. The area offers a variety of habitats including pristine grassland, juniper savanna, and cold desert scrub, and is bisected by a prominent geologic feature known as the Doney monocline. The monocline contains deeply incised washes including Antelope Wash, and outstanding views of the Painted Desert, Little Colorado River valley to the north and east, and the San Francisco Peaks to the south. Spectacular features found in this area include red formations of Moenkopi sandstone and areas such as Deadman Wash, which extends from well south of the monument around the north side of the San Francisco Peaks, all the way to the Little Colorado River.

Eligible Wilderness Area 3: 1,929 acres. This area surrounds Wupatki
