### Bureau of Ocean Energy Management

[Docket No. BOEM-2021-0001]

#### Gulf of Mexico, Outer Continental Shelf (OCS), Oil and Gas Lease Sale 257

**AGENCY:** Bureau of Ocean Energy Management, Interior.

**ACTION:** Notice of availability of a record of decision.

**SUMMARY:** The Bureau of Ocean Energy Management (BOEM) is announcing the availability of a Record of Decision for proposed Gulf of Mexico (GOM) nationwide oil and gas Lease Sale 257. This Record of Decision identifies BOEM's selected alternative for proposed Lease Sale 257, which is analyzed in the *Gulf of Mexico OCS Lease Sale: Final Supplemental Environmental Impact Statement 2018* (2018 GOM Supplemental EIS).

**ADDRESSES:** The Record of Decision is available on BOEM's website at <http://www.boem.gov/nepaprocess/>.

**FOR FURTHER INFORMATION CONTACT:** For more information on the Record of Decision, you may contact Ms. Helen Rucker, Chief, Environmental Assessment Section, Office of Environment, by telephone at 504-736-2421, or by email at [helen.rucker@boem.gov](mailto:helen.rucker@boem.gov).

**SUPPLEMENTARY INFORMATION:** In the 2018 GOM Supplemental EIS, BOEM evaluated five alternatives for proposed Lease Sale 257. We have summarized these alternatives below, noting some additional blocks that may be excluded

due to their lease status at the time of this decision:

**Alternative A—Regionwide Outer Continental Shelf (OCS) Lease Sale:** This is BOEM's preferred alternative. This alternative would allow for a proposed GOM nationwide lease sale encompassing all three planning areas: Western Planning Area (WPA); Central Planning Area (CPA); and a small portion of the Eastern Planning Area (EPA) not under congressional moratorium. Under this alternative, BOEM would offer for lease all available, unleased blocks within the proposed nationwide lease sale area for oil and gas operations with the following exceptions: whole and portions of blocks deferred by the Gulf of Mexico Energy Security Act of 2006; blocks that are adjacent to or beyond the United States Exclusive Economic Zone in the area known as the northern portion of the Eastern Gap; whole and partial blocks within the boundary of the Flower Garden Banks National Marine Sanctuary as of the July 2008 *Memorandum on Withdrawal of Certain Areas of US OCS from Leasing Disposition*; depth-restricted, segregated portions of Block 299, Main Pass Area, South and East Addition (Louisiana Leasing Map LA10A); blocks where the lease status is currently under appeal; and whole or partial blocks that have received bids in previous lease sales, where the bidder has sought reconsideration of BOEM's rejection of their bid, unless the reconsideration request is fully resolved at least 30 days prior to the publication of the Final Notice of Sale. We have listed the unavailable blocks in Section I of the Final Notice of Sale for proposed Lease Sale 257 and at [www.boem.gov/Sale-257](http://www.boem.gov/Sale-257). The proposed nationwide lease sale area encompasses about 91.93 million acres (ac), with approximately 79.7 million ac available for lease. As described in the 2018 GOM Supplemental EIS, the estimated amounts of resources projected to be leased, discovered, developed, and produced as a result of the proposed nationwide lease sale are between 0.211 and 1.118 billion barrels of oil (BBO) and 0.547 and 4.424 trillion cubic feet (Tcf) of natural gas.

**Alternative B—Regionwide OCS Lease Sale Excluding Available, Unleased Blocks in the WPA Portion of the Proposed Lease Sale Area:** This alternative would offer for lease all available, unleased blocks within the CPA and EPA portions of the proposed lease sale area for oil and gas operations, with the following exceptions: Whole and portions of blocks deferred by the Gulf of Mexico Energy Security Act of

2006; blocks that are adjacent to or beyond the United States Exclusive Economic Zone in the area known as the northern portion of the Eastern Gap; depth-restricted, segregated portions of Block 299, Main Pass Area, South and East Addition (Louisiana Leasing Map LA10A); blocks where the lease status is currently under appeal; and whole or partial blocks that have received bids in previous lease sales, where the bidder has sought reconsideration of BOEM's rejection of their bid, unless the reconsideration request is fully resolved at least 30 days prior to publication of the Final Notice of Sale. The proposed CPA/EPA lease sale area encompasses about 63.35 million ac, with approximately 53 million ac available for lease. The estimated amounts of resources projected to be leased, discovered, developed, and produced as a result of the proposed lease sale under Alternative B are 0.185–0.970 BBO and 0.441–3.672 Tcf of gas.

**Alternative C—Regionwide OCS Lease Sale Excluding Available, Unleased Blocks in the CPA and EPA Portions of the Proposed Lease Sale Area:** This alternative would offer for lease all available, unleased blocks within the WPA portion of the proposed lease sale area for oil and gas operations, with the following exceptions: Whole and partial blocks within the boundary of the Flower Garden Banks National Marine Sanctuary as of the July 2008 *Memorandum on Withdrawal of Certain Areas of US OCS from Leasing Disposition*; blocks where the lease status is currently under appeal; and whole or partial blocks that have received bids in previous lease sales, where the bidder has sought reconsideration of BOEM's rejection of their bid, unless the reconsideration request is fully resolved at least 30 days prior to publication of the Final Notice of Sale. The proposed WPA lease sale area encompasses about 28.58 million ac, with approximately 26.9 million ac available for lease. The estimated amounts of resources projected to be leased, discovered, developed, and produced as a result of the proposed lease sale under Alternative C are 0.026–0.148 BBO and 0.106–0.752 Tcf of gas.

**Alternative D—Alternative A, B, or C, with the Option to Exclude Available, Unleased Blocks Subject to the Topographic Features, Live Bottom (Pinnacle Trend), and/or Blocks South of Baldwin County, Alabama, Stipulations:** This alternative could be combined with any of the action alternatives above (*i.e.*, Alternative A, B, or C) and would allow the flexibility to offer leases under any alternative with
