

simulation supports interagency interests in risk assessment, uncertainty analyses, water supply issues and contaminant transport.

Purpose of the Public Meeting: The annual public meeting and workshop provides an opportunity for the scientific community, other Federal and State agencies, and the public to be briefed on ISCMEM activities and their initiatives for the upcoming year, and to discuss technological advancements in multimedia environmental modeling.

Proposed Agenda: The ISCMEM Chair will open the meeting with a brief overview of the goals of the MOU and an update on current activities of ISCMEM. This introduction will be followed by a series of invited presentations starting on Tuesday morning, Sept. 14, and ending on Thursday afternoon, Sept. 16. ISCMEM members, presenters and active participants are also invited to visit the U.S. Army Corps of Engineers ERDC facility on the afternoon of Monday, Sept. 13. A detailed agenda with presentation titles and speakers will be posted on the MOU public Web site: <http://www.environmental-modeling.org>. The topics covered this year focus on (1) ecosystem modeling frameworks, (2) ecosystem monitoring and modeling, (3) ecosystem variability, reference states and modeling, and (4) incorporating climate change into ecosystem models. Other topics also include modeling frameworks, databases and cyberinfrastructure, community modeling efforts, parameter estimation, uncertainty and sensitivity analyses, optimization modeling, reactive transport modeling, and watershed and distributed water quality modeling.

Meeting Access: To obtain access to the ISCMEM September 13–16 meeting and workshop, all interested attendees will need to pre-register by e-mailing Marilyn Butler (Marilyn.L.Butler@usace.army.mil) and La Tisa Osbourne (losbourne@usgs.gov), indicating their intent to attend the meeting and providing their full contact information and affiliation. Attendees will also need to present a valid photo-identification card in order to enter the ERDC facility.
