a. Electronic Submission of Applications.

We have been accepting applications electronically through the Department's e-Application system since FY 2000. In order to expand on those efforts and comply with the President's Management Agenda, we are continuing to participate as a partner in the new government-wide Grants.gov Apply site in FY 2005. The Rehabilitation Research Training Centers Program-CFDA Number 84.133B-3 is one of the programs included in this project.

Through this site, you will be able to download a copy of the application package, complete it offline, and then upload and submit your application. You may not e-mail an electronic copy of a grant application to us. We request your participation in Grants.gov.

You may access the electronic grant application for the Rehabilitation Research Training Centers Program-CFDA Number 84.133B-3 at: <http://www.grants.gov>. You must search for the downloadable application package for this program by the CFDA number. Do not include the CFDA number's alpha suffix in your search.

Please note the following:

- Your participation in Grants.gov is voluntary.
- When you enter the Grants.gov site, you will find information about submitting an application electronically through the site, as well as the hours of operation.

- Applications received by Grants.gov are time and date stamped. Your application must be fully uploaded and submitted with a date/time received by the Grants.gov system no later than 4:30 p.m., Washington, DC time, on the application deadline date. We will not consider your application if it was received by the Grants.gov system later than 4:30 p.m. on the application deadline date. When we retrieve your application from Grants.gov, we will notify you if we are rejecting your application because it was submitted after 4:30 p.m. on the application deadline date.

- If you experience technical difficulties on the application deadline date and are unable to meet the 4:30 p.m., Washington, DC time, deadline, print out your application and follow

the instructions in this notice for the submission of paper applications by mail or hand delivery.

V. Application Review Information

Selection Criteria: The selection criteria for this competition are from 34 CFR 75.210 of EDGAR and 34 CFR 350.54. The specific selection criteria to be used for this competition are listed in the application package.

VI. Award Administration Information

1. Award Notices: If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notification (GAN). We may also notify you informally.

If your application is not evaluated or not selected for funding, we notify you.

2. Administrative and National Policy Requirements: We identify administrative and national policy requirements in the application package and reference these and other requirements in the *Applicable Regulations* section of this notice.

We reference the regulations outlining the terms and conditions of an award in the *Applicable Regulations* section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. Reporting: At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multi-year award, you must submit an annual performance report that provides the most current performance and financial expenditure information as specified by the Secretary in 34 CFR 75.118.

Note: NIDRR will provide information by letter to grantees on how and when to submit this report.

4. Performance Measures: To evaluate the overall success of its research program, NIDRR assesses the quality of its funded projects through review of grantee performance and products. Each year, NIDRR examines, through expert program review, a portion of its grantees to determine:

- The percentage of grantees judged by an external panel to be implementing a systematic, outcomes-oriented plan of

evaluation, with well-formulated, measurable, and appropriate goals that are aligned with NIDRR's priorities and Government Performance and Results Act of 1993 (GPRA) and Program Assessment Rating Tool (PART) performance measures and are used to track progress towards project objectives;

- The percentage of grantee research and development that has appropriate study design, meets rigorous standards of scientific methods, and builds on and contributes to knowledge in the field;

- The number of discoveries, analyses, and standards developed and/or tested and published by NIDRR grantees that are judged by expert panels to meet accepted standards of scientific rigor;

- The number of new or improved tools and methods developed, evaluated and/or tested, and published by NIDRR grantees that are judged by an expert panel to meet accepted standards of scientific rigor;

- The percentage of new studies funded by NIDRR that assess the effectiveness of interventions, programs, and devices using rigorous and appropriate methods; and

- The percentage of non-academic and consumer-oriented dissemination products and services, nominated by grantees to be their best outputs based on NIDRR-funded research and related activities, that are judged by an expert panel to demonstrate "good to excellent" utility and have potential to advance knowledge, change/improve policy or practice, and/or enhance choice and self-determination for individuals with disabilities.

NIDRR uses information submitted by grantees as part of their Annual Performance Reports (APRs) for these reviews. NIDRR also determines, using information submitted as part of the APR:

- The number of publications in refereed journals that are based on NIDRR-funded research and development activities; and
- The percentage of NIDRR-supported fellows, post-doctoral trainees, and doctoral students who publish results of NIDRR-sponsored research in refereed journals.

Department of Education program performance reports, which include information on NIDRR programs, are available on the Department of Education Web site: <http://www.ed.gov/offices/OUS/PES/planning.html>.

Updates on the GPRA indicators, revisions and methods appear in the NIDRR Program Review Web site: <http://www.neweditions.net/pr/commonfiles/pmconcepts.htm>.

Grantees should consult these sites, on a regular basis, to obtain details and explanations on how NIDRR programs contribute to the advancement of the Department's long-term and annual performance goals.

SUPPLEMENTARY INFORMATION:

Rehabilitation Research and Training Centers

RRTCs conduct coordinated and integrated advanced programs of research targeted toward the production of new knowledge to improve rehabilitation methodology and service delivery systems, alleviate or stabilize disability conditions, or promote maximum social and economic independence for persons with disabilities. Additional information on

the RRTC program can be found at: <http://www.ed.gov/rschstat/research/pubs/res-program.html#RRTC>.

General Requirements of Rehabilitation Research and Training Centers

RRTCs must—

- Carry out coordinated advanced programs of rehabilitation research;
- Provide training, including graduate, pre-service, and in-service training, to help rehabilitation personnel more effectively provide rehabilitation services to individuals with disabilities;
- Provide technical assistance to individuals with disabilities, their representatives, providers, and other interested parties;
- Demonstrate in its application how it will address, in whole or in part, the needs of individuals with disabilities from minority backgrounds;
- Disseminate informational materials to individuals with disabilities, their representatives, providers, and other interested parties; and
- Serve as centers for national excellence in rehabilitation research for individuals with disabilities, their representatives, providers, and other interested parties.

The Department is particularly interested in ensuring that the expenditure of public funds is justified by the execution of intended activities and the advancement of knowledge and, thus, has built this accountability into the selection criteria. Not later than three years after the establishment of any RRTC, NIDRR will conduct one or more reviews of the activities and achievements of the RRTC. In accordance with the provisions of 34 CFR 75.253(a), continued funding depends at all times on satisfactory performance and accomplishment of approved grant objectives.

Analysis of Comments and Changes

We published a notice of proposed priority (NPP) for this program in the **Federal Register** on March 3, 2005 (70 FR 10378). The NPP included a background statement that described our rationale for proposing this priority.

In response to our invitation in the NPP, 17 parties submitted comments on the proposed priority. An analysis of the comments and of any changes in the priority since publication of the NPP is discussed in the *Analysis of Comments and Changes* section published as an appendix to this notice.

Generally, we do not address technical and other minor changes and suggested changes we are not authorized to make under the applicable statutory authority.
