

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR-7027-N-33]

60-Day Notice of Proposed Information Collection: FHA-Insured Mortgage Loan Servicing of Delinquent, Default, and Foreclosure With Service Members Act

AGENCY: Office of the Assistant Secretary for Housing—Federal Housing Commissioner, HUD.

ACTION: Notice.

SUMMARY: HUD is seeking approval from the Office of Management and Budget (OMB) for the information collection described below. In accordance with the Paperwork Reduction Act, HUD is requesting comment from all interested parties on the proposed collection of information. The purpose of this notice is to allow for 60 days of public comment.

DATES: *Comments Due Date:* January 12, 2021.

ADDRESSES: Interested persons are invited to submit comments regarding this proposal. Comments should refer to the proposal by name and/or OMB Control Number and should be sent to: Colette Pollard, Reports Management Officer, QDAM, Department of Housing and Urban Development, 451 7th Street SW, Room 4176, Washington, DC 20410-5000; telephone 202-402-3400 (this is not a toll-free number) or email at Colette.Pollard@hud.gov for a copy of the proposed forms or other available information. Persons with hearing or speech impairments may access this number through TTY by calling the toll-free Federal Relay Service at (800) 877-8339.

FOR FURTHER INFORMATION CONTACT: Colette Pollard, Reports Management Officer, QDAM, Department of Housing and Urban Development, 451 7th Street SW, Room 4176, Washington, DC 20410-5000; email Colette Pollard at Colette.Pollard@hud.gov or telephone 202-402-3400 (this is not a toll-free number). Persons with hearing or speech impairments may access this number through TTY by calling the toll-free Federal Relay Service at (800) 877-8339.

Copies of available documents submitted to OMB may be obtained from Ms. Pollard.

SUPPLEMENTARY INFORMATION: This notice informs the public that HUD is seeking approval from OMB for the information collection described in Section A.

A. Overview of Information Collection

Title of Information Collection: FHA-Insured Mortgage Loan Servicing of Delinquent, Default and Foreclosure With Service Members Act.

OMB Approval Number: 2502-0584.

Type of Request: Extension of currently approved collection.

Form Numbers: HUD-2008-5-FHA Save Your Home Tips to Avoid Foreclosure, Electronic HUD-92068-A Monthly Delinquent Loan Report, HUD-92070 Service Members Civil Relief Act Notice Disclosure, Electronic EVARS New Extension Request.

Description of the need for the information and proposed use: This information request for OMB review involves mortgage loan servicers, “mortgagees” that service Federal Housing Administration (FHA) insured mortgage loans and the borrowers (Mortgagors) who are involved with the delinquent, in default, in foreclosure with Service Members Act activities. The data and information provided is essential for managing HUD’s programs and the FHA’s Mutual Mortgage Insurance Fund (MMI).

Respondents: Business or other for-profit Servicers of FHA-insured mortgage loans.

Estimated Number of Respondents: 14,609.

Estimated Number of Responses: 37,756,732.

Frequency of Response: Monthly.

Average Hours per Response: 7 minutes.

Total Estimated Burdens: 4,458,637.

B. Solicitation of Public Comment

This notice is soliciting comments from members of the public and affected parties concerning the collection of information described in Section A on the following:

(1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (2) The accuracy of the agency’s estimate of the burden of the proposed collection of information; (3) Ways to enhance the quality, utility, and clarity of the information to be collected; and (4) Ways to minimize the burden of the collection of information on those who are to respond; including through the use of appropriate automated collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses. HUD encourages interested parties to submit comments in response to these questions.

C. Authority

Section 2 of the Paperwork Reduction Act of 1995, 44 U.S.C. 3507.

Dana T. Wade,

Assistant Secretary for Housing—Federal Housing Commissioner.

Notice of Availability of the Final Environmental Impact Statement To Consider a Highway Right-of-Way, Amended Habitat Conservation Plan and Issuance of an Incidental Take Permit for the Mojave Desert Tortoise, and Proposed Resource Management Plan Amendments, Washington County, UT

AGENCY: Bureau of Land Management, Interior; Fish and Wildlife Service, Interior.

ACTION: Notice of availability.

SUMMARY: In compliance with the National Environmental Policy Act of 1969 (NEPA), as amended, the Federal Land Policy and Management Act of 1976 (FLPMA), as amended, the Omnibus Public Land Management Act of 2009 (OPLMA), and the Endangered Species Act of 1973 (ESA), as amended, the Bureau of Land Management (BLM) and the United States Fish and Wildlife Service (FWS), as co-lead agencies, announce the availability of the Final Environmental Impact Statement (EIS) to consider a right-of-way (ROW) application (referred to henceforth as the Northern Corridor) submitted by the Utah Department of Transportation (UDOT) and Proposed Amendments to the St. George Field Office and Red Cliffs National Conservation Area (NCA) Resource Management Plans (RMPs).

DATES: The BLM planning regulations state that any person who meets the conditions as described in the regulations may protest the planning-level management actions in the BLM’s Proposed Amendments to the RMPs. A person who meets the conditions and files a protest must file the protest within 30 days of the date that the Environmental Protection Agency publishes its Notice of Availability of the Final EIS and Proposed

Amendments to the RMPs in the **Federal Register**.

ADDRESSES: The Final EIS, Proposed Amendments to the RMPs, and amended Habitat Conservation Plan (HCP) are available for review on the BLM ePlanning project website at <https://eplanning.blm.gov/eplanning-ui/project/1502103/510>. Click the "Documents" link on the left side of the screen to find the electronic versions of these materials. Instructions for filing a protest regarding the Proposed Amendments to the RMPs may be found online at <https://www.blm.gov/filing-a-plan-protest> and at 43 CFR 1610.5–2.

All protests must be in writing and submitted, as set forth in the **DATES** and **ADDRESSES** sections above.

FOR FURTHER INFORMATION CONTACT:

Gloria Tibbetts, BLM Color Country District Planning and Environmental Coordinator, telephone: (435) 865–3063; address: 176 DL Sargent Dr., Cedar City, UT 84721; email: BLM_UT_NorthernCorridor@blm.gov. If you would like to request to view a hard copy, please call the St. George Field Office for more information at (435) 688–3200, Monday through Friday, except holidays. For information on the Amended HCP or Incidental Take Permit (ITP) application, please contact Yvette Converse, Field Supervisor, U.S. Fish and Wildlife Service, telephone: (801) 975–3330 ext. 61912; email: utahfieldoffice_esa@fws.gov. Persons who use a telecommunications device for the deaf may call the Federal Relay Service (FRS) at 1–800–877–8339 to leave a message or question for the above individual. The FRS is available 24 hours a day, 7 days a week. Replies are provided during normal business hours.

SUPPLEMENTARY INFORMATION: In compliance with section 10(a)(1)(B) of the ESA, the FWS is considering the issuance of an ITP to Washington County, Utah (County). The ITP would authorize the take of the federally listed as threatened Mojave desert tortoise incidental to covered activities such as residential and commercial development for a 25-year permit term. The application for the permit requires the County to amend its 1995 HCP to current standards and ensure impacts from covered activities and changed circumstances are avoided, minimized, and mitigated to the maximum extent practicable. The 62,000-acre Red Cliffs Desert Reserve (Reserve)—of which approximately 70 percent is now within the congressionally-designated Red Cliffs NCA—was established pursuant to commitments in the 1995 HCP.

On September 4, 2018, UDOT submitted an application for a ROW grant for the Northern Corridor Project north of the City of St. George, Utah, on BLM-administered public and non-Federal lands across the NCA and Reserve. The Reserve was established for the protection of the Mojave desert tortoise under the 1995 Washington County HCP. The NCA was established in 2009 through the passage of OPLMA. The 1995 HCP expired in 2016 and the FWS extended it to allow the County to amend the HCP pursuant to Section 10(a)(1)(B) of the ESA. The FWS received an application for an ITP dated January 30, 2015. The amended HCP includes the proposed Northern Corridor as a changed circumstance, with Reserve Zone 6 as the primary proposed addition to the conservation strategy. The BLM is also proposing amendments to the Red Cliffs NCA and St. George Field Office RMPs that would allow consideration of and mitigation (Reserve Zone 6) for the proposed Northern Corridor Project.

The Final EIS considers four proposed actions: (1) Whether the BLM will approve a 1.9-mile ROW section of the approximately four-mile long Northern Corridor Project that crosses the 62,000-acre Reserve, of which 45,000 acres were congressionally established as the Red Cliffs NCA; (2) Whether the BLM will amend the Red Cliffs NCA RMP to allow for a transportation ROW and/or utility corridor within the NCA; (3) Whether the FWS will issue an ITP for the Mojave desert tortoise for specific land use and land development activities in Washington County; and (4) Whether the BLM will amend the St. George Field Office RMP to modify management on approximately 3,471 acres within a 6,813-acre area (Reserve Zone 6) outside the Reserve and NCA to offset the ROW impacts. The other half of Reserve Zone 6 is primarily owned by the Utah School and Institutional Trust Lands Administration and proposed management of this area is included in the HCP Implementation Agreement and would be generally consistent with similar areas in the Reserve.

Scoping was initiated with the publication of a Notice of Intent in the **Federal Register** on December 5, 2019 (84 F R 66692). The scoping period was open through January 6, 2020. A public scoping meeting was held in St. George, Utah, on December 17, 2019. The BLM and FWS considered all input received during the scoping period. A summary of the comments received during the scoping period can be found in the Scoping Report posted on the project website at <https://eplanning.blm.gov/eplanning-ui/project/1502103/510>. The

Notice of Availability for the Draft EIS was published on June 12, 2020, (85 FR 35950) initiating a 90-day public comment period. Online public meetings were held on July 16, 2020 and July 21, 2020. In accordance with the John D. Dingell, Jr. Conservation, Management, and Recreation Act of 2019, Public Law 116–9, 16 U.S.C. 7913, and 43 CFR 8364.1, a Notice of Intent was published in the *St. George Spectrum* newspaper on June 18, 2020, notifying the public of the concurrent comment period for the proposed permanent recreational shooting closure within the proposed Reserve Zone 6 area southwest of St. George, Utah.

Substantive public comments and ongoing agency coordination led to several changes from the Draft EIS, including the addition of: (1) Data and analysis associated with wildfires that occurred within Washington County in 2020, (2) additional conservation measures proposed by UDOT, the County, the BLM, and others to address potential project impacts, (3) preliminary cost estimates for each highway alternative, (4) updates related to lands acquired under the Land and Water Conservation Fund Act, and (5) a distinction between planning-level and implementation-level management actions in the Proposed Amendments to the St. George Field Office RMP. The BLM and FWS responded to substantive comments and made appropriate revisions in the Final EIS or explained why a comment did not warrant a change, as documented in Appendix O of the Final EIS.

The Final EIS considers the impacts of the proposed action, four other alternative highway alignments, and a no action alternative. Under Alternative 1, the No Action Alternative, the BLM would deny UDOT's application for a ROW across the Red Cliffs NCA for the Northern Corridor and would not amend either the Red Cliffs NCA or St. George Field Office RMP. The FWS would deny the County's application for an ITP. The No Action alternative provides a baseline against which to compare the action alternatives in the EIS.

Under Alternative 2, the T-Bone Mesa Alignment, the BLM would issue a ROW grant to UDOT for the Northern Corridor across the NCA skirting the southern edge of T-Bone Mesa. The Red Cliffs NCA RMP would be amended to allow for the ROW and consider designation of a utility corridor along the same route. The ITP would be issued subject to the conservation measures in the amended HCP. The St. George Field Office RMP would be amended to support the conservation

measures outlined for Reserve Zone 6 in the amended HCP.

Under Alternative 3, the preferred alternative, the UDOT Application Alignment, the BLM would issue a ROW grant to UDOT across the Red Cliffs NCA for the Northern Corridor for the alignment included in UDOT's ROW application. The Red Cliffs NCA RMP would be amended to allow for the ROW and consider a utility corridor along the same route. The ITP would be issued subject to the conservation measures in the amended HCP. The St. George Field Office RMP would be amended to support the conservation measures outlined for Reserve Zone 6 in the revised HCP.

Under Alternative 4, the Southern Alignment, the BLM would issue a ROW grant to UDOT across the NCA for the Northern Corridor on the Southern Alignment. Under this alternative, the Northern Corridor would more closely follow the southern border of the NCA. The Red Cliffs NCA RMP would be amended to allow for the ROW and to consider a utility corridor along the same route. The ITP would be issued subject to the conservation measures in the amended HCP. The St. George Field Office RMP would be amended to support the conservation measures outlined for Reserve Zone 6 in the revised HCP.

Under Alternative 5, the Red Hills Parkway Expressway Alignment, the BLM would grant necessary ROW amendments to the existing ROW for the Red Hills Parkway to convert Red Hills Parkway into a grade-separate expressway between Highland Drive and Bluff Street. The ITP would be issued subject to the conservation measures in the amended HCP, but the changed circumstance for the Northern Corridor and associated conservation measures would not be implemented. The Red Cliffs NCA and the St. George Field Office RMPs would not be amended because Reserve Zone 6 would not be needed to mitigate for impacts to desert tortoises.

Under Alternative 6, the St. George Boulevard/100 South One-Way Couplet, the BLM would deny UDOT's application for a ROW across the Red Cliffs NCA for the Northern Corridor. Rather, this alternative analyzes a scenario where the City of St. George would convert St. George Boulevard and 100 South to one-way streets. If the City implemented Alternative 6, the two roadways would be converted between I-15 and Bluff Street and the existing interchange with I-15 at St. George Boulevard would be reconfigured and combined with a new interchange at 100 South to provide a split interchange

between these two roadways connected by one-way ramps. The ITP would be issued subject to the conservation measures in the amended HCP, but the changed circumstance for the Northern Corridor and associated conservation measures would not be implemented. The Red Cliffs NCA RMP and the St. George Field Office RMP would not be amended.

The BLM and FWS have identified Alternative 3 as the agencies' preferred ROW alignment and ITP issuance alternative, with Alternative B identified as the Proposed Amendments to the Red Cliffs NCA and St. George Field Office RMPs. Identification of these alternatives, however, does not represent a final agency decision.

Authority: Consistent with 40 CFR 1506.13 (2020), this Notice and the EIS are issued under previous NEPA regulations: 40 CFR 1502.9; 40 CFR 1506.6; 40 CFR 1506.10; 43 CFR 46.435; and 43 CFR 1610.2. The BLM also provides this Notice under 43 CFR 8364.1 and 16 U.S.C. 7913. The FWS also provides this Notice under section 10(c) of the ESA (16 U.S.C. 1531 *et seq.*) and its implementing regulations for ITPs (50 CFR 17.22).

Gregory Sheehan,
State Director.

Noreen Walsh,
Regional Director.

BILLING CODE 4310-DQ-P

DEPARTMENT OF LABOR

Office of the Secretary

Agency Information Collection Activities; Submission for OMB Review; Comment Request; National Longitudinal Survey of Youth 1997

ACTION: Notice of availability; request for comments.

SUMMARY: The Department of Labor (DOL) is submitting this Bureau of Labor Statistics (BLS)-sponsored information collection request (ICR) to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act of 1995 (PRA). Public comments on the ICR are invited.

DATES: The OMB will consider all written comments that agency receives on or before December 14, 2020.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting

“Currently under 30-day Review—Open for Public Comments” or by using the search function.

Comments are invited on: (1) Whether the collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; (2) if the information will be processed and used in a timely manner; (3) the accuracy of the agency's estimates of the burden and cost of the collection of information, including the validity of the methodology and assumptions used; (4) ways to enhance the quality, utility and clarity of the information collection; and (5) ways to minimize the burden of the collection of information on those who are to respond, including the use of automated collection techniques or other forms of information technology.

FOR FURTHER INFORMATION CONTACT:

Anthony May by telephone at 202-693-4129 (this is not a toll-free number) or by email at DOL_PRA_PUBLIC@dol.gov.

SUPPLEMENTARY INFORMATION: The BLS seeks Office of Management and Budget approval to conduct interim supplement interviews between rounds 19 and 20 of the NLSY97. Respondents of the NLSY97 will undergo an interview of approximately 12 minutes on average, during which they will answer questions about labor market experiences, health, and income. The interim supplemental survey will be a conducted by internet and by telephone. We anticipate that approximately one-third of interviews will be self-administered by internet, with the remaining interviews being interviewer-administered by telephone. The BLS plans to record randomly selected segments of the interviews collected by telephone. Recording interviews helps the BLS and its contractors to ensure that the interviews actually took place and interviewers are reading the questions exactly as worded and entering the responses properly. Recording also helps to identify parts of the interview that might be causing problems or misunderstanding for interviewers or respondents. Each respondent will be informed that the interview may be recorded for quality control, testing, and training purposes. If the respondent objects to the recording of the interview, the interviewer will confirm to the respondent that the interview will not be recorded and then proceed with the interview. The interim supplemental survey will consist of approximately 35 questions. Similar questions have appeared in previous rounds of the NLSY97, the Current Population
