

specific criteria specified in the Department's request for the report. Third parties having concerns about agencies regarding matters outside the scope of the requested compliance report should report those concerns to Department staff.

Comments concerning the National Defense University's degree-granting authority request must relate to the criteria used to evaluate the institution. Those criteria may be obtained by submitting a request to aslrecordsmanager@ed.gov, with the subject line listed as "Request for Degree-Granting Authority Criteria."

This notice invites third-party oral testimony, not written comment. Requests for written comments on agencies that are tentatively scheduled for review during the meeting were published in the **Federal Register** (75 FR 21280) on August 23, 2010. The NACIQI will receive and consider only written comments that were submitted by the September 23, 2010 deadline specified in the above referenced **Federal Register** notice.

Access to Records of the Meeting: The Department will post the official report of the meeting on the NACIQI Web site shortly after the meeting. Pursuant to the FACA, the public may also inspect the materials at 1990 K Street, NW., Washington, DC, by e-mailing the aslrecordsmanager@ed.gov or by calling (202) 219-7067 to schedule an appointment.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP11-14-000]

Columbia Gulf Transmission Company, Southern Natural Gas Company; Notice of Application

November 2, 2010.

Take notice that on October 21, 2010, Columbia Gulf Transmission Company (Columbia Gulf), 5151 San Felipe, Suite 2500, Houston, Texas 77056, and Southern Natural Gas Company (Natural Gas), Colonial Brookwood Center, 569 Brookwood Village, Suite 501, Birmingham, Alabama 35209, jointly filed in Docket No. CP11-14-000 an application pursuant to section 7(b) of the Natural Gas Act (NGA) requesting that the Commission grant Columbia Gulf approval to abandon (1) certain jointly owned natural gas facilities located offshore in East Cameron Block 23 (EC23 offshore facilities), and onshore in Cameron Parish, Louisiana; and (2) the services currently provided through the EC23 offshore facilities, all as more fully set forth in the application which is on file with the Commission and open to public inspection. The filing may also be viewed on the Web at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, please contact FERC Online Support at FERCOnlineSupport@ferc.gov or toll

free at (866) 208-3676, or TTY, contact (202) 502-8659.

Any questions concerning this application may be directed to counsel of Columbia Gulf, Fredric J. George, Senior Counsel, Columbia Gulf Transmission Company, P.O. Box 1273, Charleston, West Virginia 25325-1273 at (304) 357-2359 or by e-mail at fjgeorge@nsource.com.

Specifically, Columbia Gulf filed an application requesting approval for abandonment of approximately 6.3 miles of 16-inch pipeline offshore Louisiana, and approximately 3.0 miles of 16-inch pipeline onshore in Cameron Parish, Louisiana, as well as measuring equipment, and appurtenances located in EC23 offshore facilities and the services provided through the facilities.

Pursuant to section 157.9 of the Commission's rules, 18 CFR 157.9, within 90 days of this Notice the Commission staff will either complete its environmental assessment (EA) and place it into the Commission's public record (eLibrary) for this proceeding; or issue a Notice of Schedule for Environmental Review. If a Notice of Schedule for Environmental Review is issued, it will indicate, among other milestones, the anticipated date for the Commission staff's issuance of the final environmental impact statement (FEIS) or EA for this proposal. The filing of the EA in the Commission's public record for this proceeding or the issuance of a Notice of Schedule for Environmental Review will serve to notify Federal and State agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all Federal authorizations within 90 days of the date of issuance of the Commission staff's FEIS or EA.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the comment date stated below, file with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit original and 7 copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to

the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commentors will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commentors will not be required to serve copies of filed documents on all other parties. However, the non-party commentors will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

The Commission strongly encourages electronic filings of comments, protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 14 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC. There is an "eSubscription" link on the Web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please e-mail FERCOnlineSupport@ferc.gov, or call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.
