SUPPLEMENTARY INFORMATION: In accordance with the Paperwork Reduction Act of 1995 (PRA, 44 U.S.C. 3501 *et seq.*) and 5 CFR 1320.8(d)(1), we provide the general public and other Federal agencies with an opportunity to comment on new, proposed, revised, and continuing collections of information. As part of our continuing effort to reduce paperwork and respondent burdens, we are again soliciting comments from the public and other Federal agencies on the proposed ICR that is described below. We are especially interested in public comment addressing the following:

- (1) Whether or not the collection of information is necessary for the proper performance of the functions of the agency, including whether or not the information will have practical utility;
- (2) The accuracy of our estimate of the burden for this collection of information, including the validity of the methodology and assumptions used;
- (3) Ways to enhance the quality, utility, and clarity of the information to be collected; and
- (4) How might the agency minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of response.

Comments that you submit in response to this notice are a matter of public record. Abstract: The Energy Policy Act of 2005 authorizes the Secretary of the Interior to provide grants to Indian Tribes for energy development and appropriates funds for such grants on a year-to-year basis. See 25 U.S.C. 3502 (a)(2)(B). When funding is available, the Division of Energy and Mineral Development (DEMD) may solicit applications for energy development projects from Indian Tribes whose lands are held in trust or restricted fee by the federal government under the Energy and Mineral Development Program (EMDP). Indian Tribes that would like to apply for an EMDP grant must submit an application that includes certain information, and once funding is received, recipients must submit reports on how they are using the funding.
