I. Funding Opportunity Description

Purpose of Program: The Fund for the Improvement of Education (FIE), which is authorized by section 5411 of the Elementary and Secondary Education Act of 1965, as amended (ESEA), supports nationally significant programs to improve the quality of elementary and secondary education at the State and local levels and to help all children meet challenging academic content and academic achievement standards. The

Full-Service Community Schools (FSCS) program, which is funded under FIE, encourages coordination of academic, social, and health services through partnerships between (1) public elementary and secondary schools; (2) the schools' local educational agencies (LEAs); and (3) community-based organizations, nonprofit organizations, and other public or private entities. The purpose of this collaboration is to provide comprehensive academic, social, and health services for students, students' family members, and community members that will result in improved educational outcomes for children. The FSCS program is a "place-based" program (see http://www.whitehouse.gov/sites/default/files/omb/assets/memoranda_fy2009/m09-28.pdf) that can leverage investments by focusing resources and drawing on the compounding effects of well-coordinated actions. Place-based approaches can also streamline otherwise redundant and disconnected programs.

The absolute priority is from the notice of final priorities, requirements, definitions, and selection criteria for this program (FSCS NFP), published in the **Federal Register** on June 8, 2010 (75 FR 32440).
