

VI. Regulatory Flexibility Act

The Regulatory Flexibility Act (RFA; 5 U.S.C. 601–612) generally requires agencies to review proposed and final rules for their potential economic impact on small entities, including small businesses, and prepare regulatory flexibility analyses. 5 U.S.C. 603, 604. The RFA applies to any rule that is subject to notice and comment procedures under section 553 of the APA. *Id.* As discussed in section IV. of this preamble, the Commission has determined that notice and the opportunity to comment are unnecessary for this rule. Therefore, the RFA does not apply. CPSC also notes the limited nature of this document, which merely updates the GDO rule to conform the regulation to the applicable changes made to UL 325 that were previously accepted by the Commission in June 2023 under the Improvement Act.

VII. Preemption

Section 203(f) of the Improvement Act contains a preemption provision providing that those provisions of laws of States or political subdivisions which relate to the labeling of automatic residential garage door openers and those provisions which do not provide at least the equivalent degree of protection from the risk of injury associated with automatic residential garage door openers as the consumer product safety rule are subject to preemption under 15 U.S.C. 2075. 15 U.S.C. 2056 Note.

VIII. Environmental Considerations

Commission rules are categorically excluded from any requirement to prepare an environmental assessment or an environmental impact statement where they “have little or no potential for affecting the human environment.” 16 CFR 1021.5(c). This rule falls within the categorical exclusion, so no environmental assessment or environmental impact statement is required.

IX. Congressional Review Act

The Congressional Review Act (CRA; 5 U.S.C. 801–808) states that before a rule may take effect, the agency issuing the rule must submit the rule, and certain related information, to each House of Congress and the Comptroller General. 5 U.S.C. 801(a)(1). The CRA submission must indicate whether the rule is a “major rule.” The CRA states that the Office of Information and Regulatory Affairs determines whether a rule qualifies as a “major rule.” 5 U.S.C. 804(2). Pursuant to the CRA, OMB’s Office of Information and Regulatory

Affairs has determined that this rule does not qualify as a “major rule,” as defined in 5 U.S.C. 804(2). To comply with the CRA, CPSC will submit the required information to each House of Congress and the Comptroller General.

List of Subjects in 16 CFR Part 1211

Consumer protection, Imports, Labeling, Reporting and recordkeeping requirements.

For the reasons set forth in the preamble, the Commission amends 16 CFR part 1211 as follows:

PART 1211—SAFETY STANDARDS FOR AUTOMATIC RESIDENTIAL GARAGE DOOR OPERATORS

■ 1. The authority citation for part 1211 is revised to read as follows:

Authority: 15 U.S.C. 2056 Note; 15 U.S.C. 2063 and 2065.

Subpart A—[Amended]

■ 2. Amend § 1211.11 by revising paragraphs (b) and (d)(2) to read as follows:

§ 1211.11 Requirements for photoelectric sensors.

* * * * *

(b) *Normal operation test—Horizontally moving door.* When installed as described in § 1211.10(a)(1) through (4), a photoelectric sensor of a horizontally moving door shall be tested per paragraph (c) of this section that is to be placed on a level surface within the path of the moving door. The sensor is to be tested with the obstruction at a total of five different locations over the height of the door. The locations shall include distances 1 in (25.4 mm) from each end, 1 ft (305 mm) from each end, and the midpoint.

* * * * *

(d) * * *

(2) The moving object is to consist of a 1⁷/₈ inch (47.6 mm) diameter cylindrical rod, 34¹/₂ inches (876 mm) long, with the axis point being 34 inches (864 mm) from the end. The axis point is to be fixed at a point centered directly above the beam of the photoelectric sensor 36 inches (914 mm) above the level surface below the door. The rod is to be swung as a pendulum through the photoelectric sensor’s beam from a position 45 degrees from the plane of the door when in the closed position. See figure 4 to this subpart.

* * * * *

■ 3. Amend § 1211.12 by revising paragraphs (a)(4)(i) introductory text, (a)(4)(i)(B), and (b) to read as follows:

§ 1211.12 Requirements for edge sensors.

(a) * * *

(4)(i) An edge sensor, when installed on a representative door, shall actuate upon the application of a 15 lbf (66.7 N) or less force in the direction of the application when tested at room temperature 25 °C ± 2 °C (77 °F ± 3.6 °F) and, additionally, when intended for use exposed to outdoor temperature, shall actuate at 40 lbf (177.9 N) or less force when tested at –35 °C ± 2 °C (–31 °F ± 3.6 °F).

* * * * *

(B) For an edge sensor intended to be used on a one-piece door, or swinging door, the force is to be applied so that the axis is at an angle 30 degrees from the direction perpendicular to the plane of the door. See figures 6C and 6D to this subpart.

* * * * *

(b) *Endurance test.* An edge sensor system and associated components shall withstand 30,000 cycles of mechanical operation without failure. For this test, the edge sensor is to be cycled by the repetitive application of the force as described in paragraph (a)(4)(i) of this section except with a 15lbf (66.7 N) or greater, and at room temperature only. The force is to be applied to the same location for the entire test. All intended uses are to be tested. For an edge sensor system employing integral electric contact strips, this test shall be conducted with the contacts connected to a load no less severe than it controls in the operator. For the last 50 cycles of operation, the sensor shall function as intended when connected to an operator. After the 30,000 cycle test the normal operation test shall be repeated.

Oil and Gas and Sulfur Operations on the Outer Continental Shelf—Civil Penalty Inflation Adjustment

AGENCY: Bureau of Safety and Environmental Enforcement, Interior.

ACTION: Final rule.

SUMMARY: This final rule adjusts the level of the maximum daily civil monetary penalty contained in the Bureau of Safety and Environmental Enforcement (BSEE) regulations for violations of the Outer Continental Shelf Lands Act (OCSLA), in accordance with the Federal Civil Penalties Inflation Adjustment Act Improvements Act of 2015 and Office of Management and Budget (OMB) guidance. The civil penalty inflation adjustment, using a 1.03241 multiplier, accounts for one year of inflation based on the Consumer Price Index spanning from October 2022 to October 2023.

DATES: This rule is effective on March 14, 2024.

FOR FURTHER INFORMATION CONTACT: Janine Marie Tobias, Safety and Enforcement Division, Bureau of Safety and Environmental Enforcement, (202) 208-4657 or by email: regs@bsee.gov.

SUPPLEMENTARY INFORMATION:**I. Background and Legal Authority**

The OCSLA, at 43 U.S.C. 1350(b)(1), directs the Secretary of the Interior (Secretary) to adjust the OCSLA maximum daily civil penalty amount at least once every three years to reflect any increase in the Consumer Price Index to account for inflation. On November 2, 2015, the President signed into law the Federal Civil Penalties Inflation Adjustment Act Improvements Act of 2015 (sec. 701 of Pub. L. 114-74) (FCPIA). The FCPIA required Federal agencies to adjust the level of civil monetary penalties found in their regulations with an initial “catch-up” adjustment through rulemaking, if warranted, and then to make subsequent annual adjustments for inflation. The purpose of these adjustments is to maintain the deterrent effect of civil penalties and to further the policy goals of the underlying statutes. Agencies were required to publish the first annual inflation adjustments in the **Federal Register** by no later than January 15, 2017, and must publish recurring annual inflation adjustments by no later than January 15 of each subsequent year.

BSEE last updated the maximum daily civil penalty amounts in BSEE’s regulations for OCSLA violations by a final rule published and effective on March 24, 2023 (*See* 88 FR 17725). Consistent with OMB guidance, BSEE’s final rule implemented the inflation adjustments required by the FCPIA through October 2022.

The OMB Memorandum M-24-07 (*Implementation of Penalty Inflation Adjustments for 2024, Pursuant to the Federal Civil Penalties Inflation Adjustment Act Improvements Act of 2015*; available at <https://www.whitehouse.gov/wp-content/uploads/2023/12/M-24-07-Implementation-of-Penalty-Inflation-Adjustments-for-2024.pdf>) explains agency responsibilities for: identifying applicable penalties and performing the annual adjustment; publishing revisions to regulations to implement the adjustment in the **Federal Register**; applying adjusted penalty levels; and performing agency oversight of inflation adjustments.

BSEE is promulgating this 2024 inflation adjustment for the OCSLA maximum daily civil penalties as a final rule pursuant to the provisions of the FCPIA and OMB’s guidance. A proposed rule is not required because the FCPIA expressly exempted the annual inflation adjustments implemented pursuant to the FCPIA from the pre-promulgation notice and comment requirements of the Administrative Procedure Act (APA), 5 U.S.C. 553, allowing those adjustments to be published directly as final rules. Specifically, the FCPIA states that agencies shall adjust civil monetary penalties “notwithstanding section 553 of the Administrative Procedure Act.” (FCPIA of 2015 at sec. 4(b)(2)). This interpretation of the FCPIA is confirmed by OMB Memorandum M-24-07 at 3-4 (“This means that the public procedure the APA generally requires—notice, an opportunity for comment, and a delay in effective date—is not required for agencies to issue regulations implementing the annual adjustment.”).

II. Calculation of Adjustments

In accordance with the FCPIA and the guidance provided in OMB

Memorandum M-24-07, BSEE has calculated the necessary inflation adjustment for the maximum daily civil monetary penalty amount in 30 CFR 250.1403 for violations of OCSLA. The previous OCSLA civil penalty inflation adjustment accounted for inflation through October 2022. The required annual civil penalty inflation adjustment promulgated through this rule accounts for inflation through October 2023.

Annual inflation adjustments are based on the percent change between the Consumer Price Index for all Urban Consumers (CPI-U) for the October preceding the date of the adjustment, and the prior year’s October CPI-U. Consistent with the guidance in OMB Memorandum M-24-07, BSEE divided the October 2023 CPI-U by the October 2022 CPI-U to calculate the multiplying factor. In this case, the October 2023 CPI-U (307.671) divided by the October 2022 CPI-U (298.012) is 1.03241. OMB Memorandum M-24-07 confirms that this is the proper multiplier (OMB Memorandum M-24-07 at 1 n.4).

The FCPIA requires that BSEE adjust the OCSLA maximum daily civil penalty amount for inflation using the applicable 2024 multiplier (1.03241). Accordingly, BSEE multiplied the existing OCSLA maximum daily civil penalty amount (\$52,646) by 1.03241 to arrive at the new maximum daily civil penalty amount (\$54,352.26). The FCPIA requires that the resulting amount be rounded to the nearest \$1.00 at the end of the calculation process. Accordingly, the adjusted OCSLA maximum daily civil penalty for 2024 is \$54,352.

The adjusted penalty levels take effect immediately upon publication of this rule. Pursuant to the FCPIA, the increase in the OCSLA maximum daily civil penalty amount applies to civil penalties assessed after the date the increase takes effect, even when the associated violation(s) predates such increase. Consistent with the provisions of OCSLA and the FCPIA, this rule adjusts the following maximum civil monetary penalty per day per violation as follows:

CFR citation	Description of the penalty	Current maximum penalty	Multiplier	Adjusted maximum penalty
30 CFR 250.1403	Failure to comply per-day, per-violation	\$52,646	1.03241	\$54,352

This rulemaking does not address any updates to the civil penalties related to Federal Oil and Gas Royalty

Management Act (FOGRMA) violations. Per 86 FR 34132, BSEE regulations at 30 CFR part 250, subpart N, addressing

maximum FOGRMA civil penalties (30 CFR 250.1453) cross-reference regulations of the Office of Natural

Resources Revenue (ONRR) at 30 CFR 1251.52 that set maximum daily civil penalty amounts for FOGRMA violations that are not timely corrected. Please refer to the cross-referenced ONRR regulations for the most up to date FOGRMA civil penalty amounts.

III. Procedural Requirements

A. Regulatory Planning and Review (E.O. 12866, 14094 and 13563)

Executive Order (E.O.) 12866, as amended by E.O. 14094, provides that the OMB Office of Information and Regulatory Affairs (OIRA) will review all significant rules. OIRA has determined that this rule is not significant. (See OMB Memorandum M–24–07 at 3)

E.O. 13563 reaffirms the principles of E.O. 12866 while calling for improvements in the Nation's regulatory system to promote predictability, to reduce uncertainty, and to use the best, most innovative, and least burdensome tools for achieving regulatory ends. E.O. 13563 directs agencies to consider regulatory approaches that reduce burdens and maintain flexibility and freedom of choice for the public where these approaches are relevant, feasible, and consistent with regulatory objectives. E.O. 13563 further emphasizes that regulations must be based on the best available science and that the rulemaking process must allow for public participation and an open exchange of ideas. We have developed this rule in a manner consistent with these requirements, to the extent permitted by statute.

B. Regulatory Flexibility Act

The Regulatory Flexibility Act (RFA) requires an agency to prepare a regulatory flexibility analysis for rules unless the agency certifies that the rule will not have a significant economic impact on a substantial number of small entities. The RFA applies only to rules for which an agency is required to first publish a proposed rule. (See 5 U.S.C. 603(a) and 604(a)) The FCPIA expressly exempts these annual inflation adjustments from the requirement to publish a proposed rule for notice and comment. (See FCPIA of 2015 at § 4(b)(2); OMB Memorandum M–24–07 at 4). Thus, the RFA does not apply to this rulemaking.

C. Small Business Regulatory Enforcement Fairness Act

This rule is not a major rule under 5 U.S.C. 804(2), the Small Business Regulatory Enforcement Fairness Act. This rule:

(1) Does not have an annual effect on the economy of \$100 million or more;

(2) Will not cause a major increase in costs or prices for consumers, individual industries, Federal, State, or local government agencies, or geographic regions; and

(3) Does not have significant adverse effects on competition, employment, investment, productivity, innovation, or the ability of U.S.-based enterprises to compete with foreign-based enterprises.

D. Unfunded Mandates Reform Act

This rule does not impose an unfunded mandate on State, local, or tribal governments, or the private sector of more than \$100 million per year. The rule does not have a significant or unique effect on State, local, or Tribal governments or the private sector. Therefore, a statement containing the information required by the Unfunded Mandates Reform Act (2 U.S.C. 1531 *et seq.*) is not required.

E. Takings (E.O. 12630)

This rule does not affect a taking of private property or otherwise have takings implications under E.O. 12630. Therefore, a takings implication assessment is not required.

F. Federalism (E.O. 13132)

Under the criteria in section 1 of E.O. 13132, this rule does not have sufficient federalism implications to warrant the preparation of a federalism summary impact statement. To the extent that State and local governments have a role in Outer Continental Shelf activities, this rule will not affect that role. Therefore, a federalism summary impact statement is not required.

G. Civil Justice Reform (E.O. 12988)

This rule complies with the requirements of E.O. 12988. Specifically, this rule:

- (1) Meets the criteria of section 3(a) requiring that all regulations be reviewed to eliminate errors and ambiguity and be written to minimize litigation; and
- (2) Meets the criteria of section 3(b)(2) requiring that all regulations be written in clear language and contain clear legal standards.

H. Consultation With Indian Tribes (E.O. 13175 and Departmental Policy)

The Department of the Interior strives to strengthen its government-to-government relationship with Indian Tribes through a commitment to consultation with Indian Tribes and recognition of their right to self-governance and Tribal sovereignty. We have evaluated this rule under the Department of the Interior's consultation policy, under Departmental

Manual Part 512 Chapters 4 and 5, and under the criteria in E.O. 13175. We have determined that it has no substantial direct effects on Federally-recognized Indian Tribes or Alaska Native Claims Settlement Act (ANCSA) Corporations, and that consultation under the Department of the Interior's Tribal and ANCSA consultation policies is not required.

I. Paperwork Reduction Act

This rule does not contain information collection requirements, and a submission to the OMB under the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*) is not required.

J. National Environmental Policy Act

This rule does not constitute a major Federal action significantly affecting the quality of the human environment. A detailed statement under the National Environmental Policy Act (NEPA) is not required because, as a regulation of an administrative nature, this rule is covered by a categorical exclusion (see 43 CFR 46.210(i)). BSEE also determined that the rule does not implicate any of the extraordinary circumstances listed in 43 CFR 46.215 that would require further analysis under NEPA. Therefore, a detailed statement under NEPA is not required.

K. Effects on the Energy Supply (E.O. 13211)

This rule is not a significant energy action under the definition in E.O. 13211. Therefore, a Statement of Energy Effects is not required.

List of Subjects in 30 CFR Part 250

Administrative practice and procedure, Continental Shelf—mineral resources, Continental Shelf—rights-of-way, Environmental impact statements, Environmental protection, Government contracts, Investigations, Oil and gas exploration, Penalties, Pipelines, Reporting and recordkeeping requirements, Sulfur.

This action by the Deputy Assistant Secretary is taken herein pursuant to an existing delegation of authority.

Steven H. Feldgus,

Principal Deputy Assistant Secretary, Land and Minerals Management.

For the reasons given in the preamble, the BSEE amends title 30, chapter II, subchapter B, part 250 of the Code of Federal Regulations as follows.

PART 250—OIL AND GAS AND SULFUR OPERATIONS IN THE OUTER CONTINENTAL SHELF

■ 1. The authority citation for 30 CFR part 250 continues to read as follows:

Authority: 30 U.S.C. 1751, 31 U.S.C. 9701, 33 U.S.C. 1321(j)(1)(C), 43 U.S.C. 1334.

■ 2. Revise § 250.1403 to read as follows:

§ 250.1403 What is the maximum civil penalty?

The maximum civil penalty is \$54,352 per day per violation.

Management of Federal Agency Disbursements; Correction

AGENCY: Bureau of the Fiscal Service, Treasury.

ACTION: Final rule; correction.

SUMMARY: The Department of the Treasury (“Treasury”), Bureau of the Fiscal Service (“Fiscal Service”) is correcting a final rule that was published in the **Federal Register** on February 21, 2024, to amend Fiscal Service’s Management of Federal Agency Disbursements regulation. The regulation implements a statutory mandate requiring the Federal Government to deliver non-tax payments by electronic funds transfer (EFT) unless Treasury determines that a waiver of the requirement is appropriate. The final rule strengthens the EFT requirement by narrowing the scope of existing waivers from the EFT mandate or requiring agencies to obtain Fiscal Service’s approval to invoke certain existing waivers.

DATES: The final rule is effective March 22, 2024.

FOR FURTHER INFORMATION CONTACT: Matthew Helfrich, Management and Program Analyst, Bureau of the Fiscal Service at (215) 806-9616.

SUPPLEMENTARY INFORMATION: In 89 FR 12955 (FR Doc 2024-03204), appearing on page 12955 of the **Federal Register** published February 21, 2024, the following correction is made:

§ 208.4 [Corrected]

■ 1. On page 12960, in the second column, in part 208, instruction 2d is corrected to read: “Amend § 208.4 by: Revising newly redesignated paragraphs (a)(4) and (a)(7), and adding a sentence at the end of newly redesignated paragraph (a)(8).”

Dated: March 8, 2024.
