BILLING CODE 9111–14–P

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

Agency Information Collection Activities: Proposed Collection; Comment Request

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Notice and request for comments.

SUMMARY: The Federal Emergency Management Agency (FEMA), as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on a proposed continuing information collection. In accordance with the Paperwork Reduction Act of 1995, this notice seeks comments concerning the renewal of FEMA's National Flood Insurance Program's (NFIP) Biennial Report forms (FEMA Form 81–28, FEMA Form 81–29, FEMA Form 81–29A).

SUPPLEMENTARY INFORMATION: Under 44 CFR 59.22(b)(2), FEMA requires that communities participating in the NFIP submit an annual or biennial report describing the progress made during the year in the implementation and enforcement of floodplain management regulations. Currently, FEMA has determined that this data will be collected on a biennial reporting cycle and the data collection is now referred to as the Biennial Report. As a supplement to the Biennial Report, FEMA has been mandated under section 575 of the National Flood Insurance

Reform Act (NFIRA) of 1994 to assess the need to revise and update all floodplain areas and flood risk zones identified, delineated, or established under section 1360 of the National Flood Insurance Act of 1968. The NFIP Biennial Report enables FEMA to meet its regulatory requirement under 59.22(b)(2). It also enables FEMA to be more responsive to the on-going changes that occur in each participating community's flood hazard area. These changes include, but are not limited to, new corporate boundaries, changes in flood hazard areas, new floodplain management measures, and changes in rate of floodplain development. It is also used to evaluate the effectiveness of the community's floodplain management activities. The evaluation is accomplished by analyzing information provided by the community, such as the number of variances and floodplain permits granted by each community in relationship to other information contained in the Biennial Report, as well as other data available in FEMA's Community Information System (CIS). The Biennial Report also provides an opportunity for NFIP participating communities to request technical assistance in implementing a floodplain management program. FEMA regional offices use this information as a means to know which communities need support and guidance.

In addition, the NFIP Biennial Report is one of the tools used to assist FEMA in meeting its regulatory requirement under section 575 of the NFIRA. A "yes" answer to Items A–D in section I of the report will provide the basis for FEMA to follow-up by contacting the community for clarification and/or elaboration regarding changes and activities occurring in a community's flood hazard area. This information will be used in ranking and prioritizing one community's mapping needs against all other communities in the NFIP and for determining how the limited flood hazard mapping funds are allocated for map updates.

Collection of Information

Title: The National Flood Insurance Program Biennial Report.

Type of Information Collection: Revision of a currently approved collection.

OMB Number: 1660–0003.

Form Numbers: FEMA Form 81–28, FEMA Form 81–29, FEMA Form 81–29A.

Abstract: The NFIP Biennial Report enables FEMA to meet its regulatory requirement under 44 CFR 59.22(b)(2). It also enables FEMA to be more responsive to the on-going changes that occur in each participating community's flood hazard area. These changes include, but are not limited to, new corporate boundaries, changes in flood hazard areas, new floodplain management measures, and changes in rate of floodplain development. It is also used to evaluate the effectiveness of the community's floodplain management activities. The evaluation is accomplished by analyzing information provided by the community, such as the number of variances and floodplain permits granted by each community in relationship to other information contained in the Biennial Report, as well as other data available in FEMA's CIS. The Biennial Report also provides an opportunity for NFIP participating communities to request technical assistance in implementing a floodplain management program. FEMA regional offices use this information as a means to know which communities need support and guidance. The NFIP Biennial Report is one of the tools used to assist FEMA in meeting its regulatory requirement under section 575 of the NFIRA.

Affected Public: The respondents are State, local or tribal governments, farms, individuals or households, business or other for-profit, not-for-profit institutions representing the estimated 20,500 United States and United States territorial communities that are participating members of the NFIP. The NFIP requires that communities

participating in the NFIP submit an annual or biennial report describing the progress made during the year in the

implementation and enforcement of floodplain management regulations.
Estimated Total Annual Burden Hours: The estimated total annualized

burden hours for the Biennial Report are 24,501 burden hours.

ANNUAL BURDEN HOURS

Project/activity (survey, form(s), focus group, worksheet, etc.)	Number of respondents	Frequency of responses*	Burden hours per respondent	Annual responses	Total annual burden hours
	(A)	(B)	(C)	(D) = (A × B)	(E) = (C × D)
FF 81-28	5,930	0.5	2.0	2,965	5,930
FF 81-29	12,224	0.5	3.0	6,112	18,336
FF 81-29A	2,346	0.5	0.2	1,173	235
Total	20,500	24,501

* The response frequency to the Biennial Report is used just once every two years. Therefore, 0.5 was used for the table above.

Estimated Cost: The estimated annual cost of the collection of the Biennial Report forms is estimated to be \$457,180.

Comments: Written comments are solicited to (a) Evaluate whether the proposed data collection is necessary for the proper performance of the agency, including whether the information shall have practical utility; (b) evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) enhance the quality, utility, and clarity of the information to be collected; and (d) minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses. Comments must be submitted on or before June 11, 2007.

ADDRESSES: Interested persons should submit written comments to Chief, Records Management and Privacy, Information Resources Management Branch, Information Technology Services Division, Federal Emergency Management Agency, 500 C Street, SW., Room 609, Washington, DC 20472.

FOR FURTHER INFORMATION CONTACT: Contact Rachel Sears, Program Specialist, Risk Reduction Branch, at telephone number (202) 646-2977 for additional information. You may contact the Records Management Branch for copies of the proposed collection of information at facsimile number (202) 646-3347 or e-mail address: FEMA-Information-Collections@dhs.gov.

Dated: April 2, 2007.

John A. Sharets-Sullivan,
Chief, Records Management and Privacy
Information Resources Management Branch,
Information Technology Services Division,

BILLING CODE 9110-12-P

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

[FEMA-1687-DR]

Alabama; Amendment No. 3 to Notice of a Major Disaster and Related Determinations

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Notice.

SUMMARY: This notice amends the notice of a major disaster for the State of Alabama (FEMA-1687-DR), dated March 3, 2007, and related determinations.

EFFECTIVE DATE: March 30, 2007.

FOR FURTHER INFORMATION CONTACT: Magda Ruiz, Recovery Division, Federal Emergency Management Agency, Washington, DC 20472, (202) 646-2705.

SUPPLEMENTARY INFORMATION: Notice is hereby given that, in a letter dated March 30, 2007, the President amended the cost sharing arrangements regarding Federal funds provided under the authority of the Robert T. Stafford Disaster Relief and Emergency Assistance Act, 42 U.S.C. 5121-5206 (the Stafford Act), in a letter to R. David Paulison, Director, Federal Emergency Management Agency, Department of Homeland Security, as follows:

I have determined that the damage in certain areas of the State of Alabama

resulting from severe storms and tornadoes on March 1, 2007, is of sufficient severity and magnitude that special cost-sharing arrangements are warranted regarding Federal funds provided under the Robert T. Stafford Disaster Relief and Emergency Assistance Act, 42 U.S.C. 5121-5206 (the Stafford Act).

Therefore, I amend my declaration of March 3, 2007, to authorize Federal funds for debris removal and emergency protective measures (Categories A and B), including direct Federal assistance, under the Public Assistance program at 100 percent of total eligible costs, for a period of up to 48 hours.

This adjustment to State and local cost sharing applies only to Public Assistance costs and direct Federal assistance eligible for such adjustments under applicable law. The Stafford Act specifically prohibits a similar adjustment for funds provided to States for Other Needs Assistance (Section 408) and the Hazard Mitigation Grant Program (Section 404). These funds will continue to be reimbursed at 75 percent of total eligible costs.

This cost share is effective for the designated period at any time for which Category A and B costs are eligible under the President's major disaster declaration.

(The following Catalog of Federal Domestic Assistance Numbers (CFDA) are to be used for reporting and drawing funds: 97.030, Community Disaster Loans; 97.031, Cora Brown Fund Program; 97.032, Crisis Counseling; 97.033, Disaster Legal Services Program; 97.034, Disaster Unemployment Assistance (DUA); 97.046, Fire Management Assistance; 97.048, Individuals and Households Housing; 97.049, Individuals and Households Disaster Housing Operations; 97.050 Individuals and Households Program-Other Needs; 97.036, Public Assistance Grants; 97.039, Hazard Mitigation Grant Program.)

R. David Paulison,

Under Secretary for Federal Emergency Management and Director of FEMA.
