

Scoping Process

This notice of intent initiates the scoping process, which guides the development of the environmental impact statement. To assist the Forest Service in identifying and considering issues and concerns about the proposed action, public comment opportunities will continue to be provided throughout the EIS process. In addition to taking written comments, the Forest Service will hold a series of public meetings across the Forest during the late summer/early fall of 2009 to ensure that those who are interested have every opportunity to provide additional information or comments and to identify any issues or concerns they may have relative to the proposed action.

It is important that reviewers provide their comments at such times and in such a way that they are useful to the Agency's preparation of the EIS. Therefore, comments should be provided prior to the close of the comment period and should clearly articulate the reviewer's concerns and contentions. The submission of timely and specific comments can affect a reviewer's ability to participate in subsequent administrative review or judicial review.

Comments received in response to this solicitation, including names and addresses of those who comment, will be considered part of the public record on this proposed action and will be available for public inspection. Comments submitted anonymously will be accepted and considered; however, respondents who submit anonymous comments will not be granted standing to appeal the subsequent decision under 36 CFR Part 215 or judicial review. Additionally, pursuant to 7 CFR 1.27(d), any person may request the agency to withhold a submission from the public record by showing how the Freedom of Information Act (FOIA) permits such confidentiality. Persons requesting such confidentiality should be aware that, under the FOIA, confidentiality may be granted in only very limited circumstances, such as to protect trade secrets. The Forest Service will inform the requester of the agency's decision regarding the request for confidentiality, and where the request is denied; the agency will return the submission and notify the requester that the comments may be resubmitted with or without name and address within a specified number of days.

Pressure Sensitive Plastic Tape From Italy: Final Results of Expedited Sunset Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: On May 1, 2009, the Department of Commerce (the Department) initiated a sunset review of the antidumping duty finding on pressure sensitive plastic tape (PSP Tape) from Italy pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act). The Department conducted an expedited (120-day) sunset review of this finding. As a result of this sunset review, the Department finds that revocation of the antidumping duty finding would be likely to lead to continuation or recurrence of dumping. The dumping margins are identified in the *Final Results of Review* section of this notice.

DATES: Effective Date: August 13, 2009.

FOR FURTHER INFORMATION CONTACT:

Terre Keaton Stefanova or Brandon Farlander, AD/CVD Operations, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street & Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-1280 or (202) 482-0182, respectively.

SUPPLEMENTARY INFORMATION:**Background**

On May 1, 2009, the Department published the notice of initiation of the sunset review of the antidumping duty finding on PSP Tape from Italy pursuant to section 751(c) of the Act. See *Initiation of Five-Year Sunset Review*, 74 FR 20286 (May 1, 2009). The Department received a Notice of Intent to Participate on behalf of 3M Company (3M), a domestic producer of PSP Tape, within the deadline specified in 19 CFR 351.218(d)(1)(i). 3M claimed interested party status, under section 771(9)(C) of the Act, as a producer of a domestic like product in the United States. We received a complete substantive response from 3M within the 30-day deadline specified in 19 CFR 351.218(d)(3)(i). The Department did not receive substantive responses from respondent interested parties. As a result, pursuant to section 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(ii)(C)(2), the Department conducted an expedited (120-day) sunset review of this finding.

Scope of Review

The products covered in this review are shipments of PSP Tape measuring over one and three-eighths inches in width and not exceeding four millimeters in thickness. The above described PSP Tape is classified under Harmonized Tariff Schedule of the United States (HTSUS) subheadings 3919.90.20 and 3919.90.50. The HTS subheadings are provided for convenience and for customs purposes. The written description remains dispositive.

Analysis of Comments Received

All issues raised in this review are addressed in the "Issues and Decision Memorandum for the Final Results of the Expedited Sunset Review of the Antidumping Duty Finding on Pressure Sensitive Plastic Tape from Italy" (Decision Memo), which is hereby adopted by this notice. The issues discussed in the Decision Memo include the likelihood of continuation or recurrence of dumping and the magnitude of the margins likely to prevail if the finding were to be revoked. Parties can find a complete discussion of all issues raised in this review and the corresponding recommendations in this public memorandum which is on file in the Central Records Unit, room 1117 of the main Commerce building.

In addition, a complete version of the Decision Memo can be accessed directly on the Web at <http://ia.ita.doc.gov/frn/index.html>. The paper copy and electronic version of the Decision Memo are identical in content.

Final Results of Review

The Department determines that revocation of the antidumping duty finding on PSP Tape from Italy would be likely to lead to continuation or recurrence of dumping at the following weighted-average percentage margins:

Manufacturers/exporters/producers	Weighted-average margin (percent)
Comet SARA, S.p.A	10
Tyco Adhesives Italia S.p.A ¹	10
All Others	10

¹ Tyco Adhesives Italia S.p.A is the successor-in-interest to Manuli Tapes S.p.A.

This notice also serves as the only reminder to parties subject to administrative protective orders (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305. Timely notification of the return or destruction of APO materials or

conversion to judicial protective orders is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

The Department is issuing and publishing the results and notice in accordance with sections 751(c), 752, and 777(i)(1) of the Act.

Wire Decking from the People's Republic of China: Notice of Postponement of Preliminary Determination in the Countervailing Duty Investigation

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: August 13, 2009.

FOR FURTHER INFORMATION CONTACT:

Robert Copyak, AD/CVD Operations, Office 3, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone 202-482-2209.

SUPPLEMENTARY INFORMATION:

Background

On July 2, 2009, the Department of Commerce (the Department) initiated the countervailing duty investigation of wire decking from the People's Republic of China. *See Wire Decking From the People's Republic of China: Initiation of Countervailing Duty Investigation*, 74 FR 31700 (July 2, 2009).

Postponement of Due Date for Preliminary Determination

Section 703(b)(1) of the Tariff Act of 1930, as amended (the Act), requires the Department to issue the preliminary determination in a countervailing duty investigation within 65 days after the date on which the Department initiated the investigation. However, the Department may postpone making the preliminary determination until no later than 130 days after the date on which the administering authority initiated the investigation if, pursuant to section 703(c)(1)(B) of the Act, the Department concludes that the parties concerned in

the investigation are cooperating and determines that the investigation is extraordinarily complicated and that "additional time is necessary to make the preliminary determination."

The Department is currently investigating a number of complex alleged subsidy programs, including various loan programs, grants, income tax incentives, and the provision of goods and services for less than adequate remuneration. Due to the number and complexity of the alleged subsidy programs being investigated, we find that this investigation is extraordinarily complicated and that additional time is necessary to make the preliminary determination. Therefore, in accordance with section 703(c)(1)(B) of the Act, we are fully extending the due date for the preliminary determination to no later than 130 days after the day on which the investigation was initiated. The deadline for completion of the preliminary determination is now November 2, 2009.

This notice is issued and published pursuant to section 703(c)(2) of the Act.

Dated: August 7, 2009.

Acting Assistant Secretary for Import Administration.
