Paxar Americas, Inc., Formerly Paxar Corporation, Monarch Marking Systems, Fabric Label Group, Lenoir, NC; Amended Certification Regarding Eligibility To Apply for Worker Adjustment Assistance

In accordance with section 223 of the Trade Act of 1974 (19 U.S.C. 2273) the Department of Labor issued a Certification of Eligibility to Apply for Worker Adjustment Assistance on September 23, 2003, applicable to workers of Paxar Corporation, Fabric Label Group, Lenoir, North Carolina. The notice was published in the **Federal Register** on November 28, 2003 (68 FR 66880).

At the request of the State agency, the Department reviewed the certification for workers of the subject firm. The workers are engaged in the production of printed labels.

New information shows that some workers separated from employment at the subject firm had their wages reported under a separate unemployment insurance (UI) tax account for Paxar Americas, Inc., Monarch Marking Systems, Inc.

Accordingly, the Department is amending the certification to properly reflect this matter.

The intent of the Department's certification is to include all workers of Paxar Americas, Inc., formerly Paxar

Corporation, Monarch Marking Systems, Inc., Fabric Label Group, Lenoir, North Carolina, who were adversely affected by a shift in production to Mexico, Honduras and the Dominican Republic.

The amended notice applicable to TA-W-52,862 is hereby issued as follows:

All workers of Paxar Americas, Inc., formerly Paxar Corporation, Monarch Marking Systems, Inc., Fabric Label Group, Lenoir, North Carolina, who became totally or partially separated from employment on or after August 26, 2002, through September 23, 2005, are eligible to apply for adjustment assistance under section 223 of the Trade Act of 1974.

Symtech, Inc., Spartanburg, SC; Notice of Affirmative Determination Regarding Application for Reconsideration

By letter of January 7, 2003, a petitioner requested administrative reconsideration of the Department of Labor's Notice of Negative Determination Regarding Eligibility to Apply for Worker Adjustment Assistance, applicable to workers of the subject firm. The Department's determination notice was signed on November 18, 2003. The notice was published in the **Federal Register** on December 29, 2003 (68 FR 74978).

The Department reviewed the request for reconsideration and has determined that the petitioner has provided additional information. Therefore, the Department will conduct further investigation to determine if the workers meet the eligibility requirements of the Trade Act of 1974.

Conclusion

After careful review of the application, I conclude that the claim is of sufficient weight to justify reconsideration of the Department of Labor's prior decision. The application is, therefore, granted.

Tower Mills, Inc., Burlington, NC; Notice of Revised Determination on Reconsideration

By application of December 12, 2003, a petitioner requested administrative reconsideration regarding the Department's Negative Determination Regarding Eligibility to Apply for Worker Adjustment Assistance, applicable to the workers of the subject firm.

The initial investigation resulted in a negative determination issued on November 3, 2003, based on the finding that imports of hosiery, spandex tights, pantyhose and trouser socks did not contribute importantly to worker separations at the subject plant and no shift of production to a foreign source

occurred. The denial notice was published in the **Federal Register** on November 28, 2003 (68 FR 66878).

To support the request for reconsideration, the company official supplied additional major declining customers to supplement those that were surveyed during the initial investigation. Upon further review and contact with these customers of the subject firm, it was revealed that they increased their import purchases of socks and hosiery during the relevant period. The imports accounted for a meaningful portion of the subject plant's lost sales and production.

It was further revealed that U.S. aggregate imports of socks and hosiery increased significantly during the relevant period.

Conclusion

After careful review of the additional facts obtained on reconsideration, I conclude that increased imports of articles like or directly competitive with those produced at Tower Mills, Inc., Burlington, North Carolina, contributed importantly to the declines in sales or production and to the total or partial separation of workers at the subject firm. In accordance with the provisions of the Act, I make the following certification:

All workers of Tower Mills, Inc., Burlington, North Carolina, who became totally or partially separated from employment on or after August 27, 2002, through two years from the date of this certification, are eligible to apply for adjustment assistance under Section 223 of the Trade Act of 1974.

Signed at Washington, DC, this 31st day of January, 2004.
