Title: Domestic First Lien Residential Mortgage Data.

Description: Section 104(a) of the Helping Families Save Their Homes Act of 2009 (12 U.S.C. 1715z–25(a)) (Act), as

amended by section 1493(a) of the Dodd-Frank Wall Street Reform and Consumer Protection Act, requires the OCC to submit a quarterly report to Congress on mortgage modification activity in the Federal banking system. Section 104(b) of the Act (12 U.S.C. 1715z–25(b)) requires the OCC to collect mortgage modification data from national banks and Federal savings associations and provides for the collection of all data necessary to fulfill the reporting requirements of section 104(a). Those requirements include information on the number of mortgage modifications in each state that have certain characteristics such as changes to the principal amount of a loan or changes to a homeowner’s total monthly principal and interest payment.

The OCC currently collects aggregate data on first-lien residential mortgage loans serviced by seven national banks with large mortgage-servicing portfolios. The required aggregate data are industry standard measures of portfolio performance, including: (1) outstanding loan count and unpaid principal balance; (2) delinquency and liquidation ratios; and (3) the number of loss mitigation actions completed.

Affected Public: Businesses or other for-profit.

SUPPLEMENTARY INFORMATION:

I. Description of the System of Records

This system of records, now known as “Case and Correspondence Management (CCM),” is the Secretary’s official correspondence record, and includes the name, address and other identifying information pertaining to the correspondent, as well as background information concerning matters which the correspondent has brought to the Department’s attention. The system of records also contains documents generated within VA that may contain the names, addresses and other identifying information of individuals who conduct business with VA, as well as material received, background information compiled and/or response sent.

II. Proposed Routine Use Disclosures of Data in the System

VA is rewriting existing routine uses in the system using plain language. The use of plain language in these routine uses does not, and is not intended to, change the disclosures authorized under these routine uses. VA is amending, deleting, rewriting and reorganizing the order of the routine uses in this system of records, as well as adding new routine uses. Accordingly, the following changes are made to the current routine uses and are incorporated in the amended system of records notice.

Current routine use number 1 is amended for clarity to reflect VA’s authorization to disclose individually identifiable information to Members of Congress, or a staff person acting for the Member, when the Member or staff person requests the records on behalf of and at the written request of the individual.

Current routine use number 2 is deleted in its entirety and the information contained therein is clarified with the addition of routine use number 11.

New routine use number 2 addresses disclosure of information by VA to appropriate agencies, entities, and persons when (1) VA suspects or has confirmed that there has been a breach of the system of records; (2) VA has determined that as a result of the suspected or confirmed breach there is a risk of harm to individuals, VA (including its information systems, programs, and operations), the Federal Government, or national security; and (3) the disclosure made to such agencies, entities, and persons is reasonably necessary to assist in connection with VA’s efforts to respond to the suspected or confirmed breach or to prevent, minimize, or remedy such harm.

Current routine use number 3 is deleted in its entirety and the information contained therein is clarified with the addition of routine use 5.

New routine use number 3 addresses disclosure by VA to another Federal agency or Federal entity, when VA determines that the information is reasonably necessary to assist the recipient agency or entity in (1) responding to a suspected or confirmed breach; or (2) preventing, minimizing, or remedying the risk of harm to individuals, the recipient agency or entity (including its information systems, programs, and operations), the Federal Government, or national security, resulting from a suspected or confirmed breach.

Current routine use number 4 is deleted in its entirety and the information contained therein is clarified with the addition of routine use number 6.

New routine use number 4 addresses disclosure by VA of information that, either alone or in conjunction with other information, indicates a violation or potential violation of law, whether civil, criminal, or regulatory in nature, to a Federal, state, local, territorial, tribal, or foreign law enforcement authority or other appropriate entity charged with the responsibility of investigating or prosecuting such violation or charged with enforcing or implementing such law. The disclosure of the names and addresses of veterans and their dependents from VA records under this routine use must also comply with the provisions of 38 U.S.C. 5701.

Current routine use number 5 is deleted in its entirety and the information contained therein is clarified with the addition of routine use number 4.

New routine use number 5 addresses disclosure by VA to the Department of Justice (DoJ), or in a proceeding before a court, adjudicative body, or other administrative body before which VA is authorized to appear, when:

- (a) VA or any component thereof;
- (b) Any VA employee in his or her official capacity;
- (c) Any VA employee in his or her individual capacity where DoJ has agreed to represent the employee; or
- (d) The United States, where VA determines that litigation is likely to affect the agency or any of its components, is a party to such proceedings or has an interest in such proceedings, and VA determines that use of such records is relevant and necessary to the proceedings.

Current routine use number 6 is deleted in its entirety.
