SUPPLEMENTARY INFORMATION:

I. Background

The Department of the Interior (DOI), Bureau of Reclamation (Reclamation) manages a land and realty program that includes records maintained on individuals covered by ten systems of records notices:

- (1) INTERIOR/WBR-14, Land Exchange;
- (2) INTERIOR/WBR-15, Land Settlement Entries;
- (3) INTERIOR/WBR-17, Lands—Leases, Sales, Rentals, and Transfers;
- (4) INTERIOR/WBR-19, Mineral Location Entries;
- (5) INTERIOR/WBR-22, Oil and Gas Applications;
- (6) INTERIOR/WBR-28, Real Property and Right-of-Way Acquisitions;
- (7) INTERIOR/WBR-29, Right-of-Way Applications;
- (8) INTERIOR/WBR-32, Special Use Applications, Licenses, and Permits;
- (9) INTERIOR/WBR-41, Permits; and
- (10) INTERIOR/WBR-43, Real Estate Comparable Sales Data Storage.

During a review of these notices, Reclamation determined that these systems contained duplicative content and were managed by one system manager in the land and realty program. In an effort to streamline land and realty program functions, improve consistency, eliminate duplicative content and promote transparency, Reclamation is proposing to consolidate the ten systems of records into the INTERIOR/WBR-14, Land Exchange, system and change the title to “INTERIOR/Reclamation-14, Land and Realty Program” to reflect the purpose

and scope of the modified system. This modified system will help Reclamation manage land and realty program activities and maintain an inventory of all land, facilities, and waterbodies under Reclamation’s jurisdiction. The system of records will include the following land and realty actions: use authorization management; land settlement records; sales; transfers; disposals; mineral location entries, mining claims; oil and gas applications; real property and right-of-way acquisitions; real property interest applications; and status of land interests held for project purposes. The ten Reclamation system of records notices listed above will remain in effect until the proposed routine uses outlined in this notice become effective. Reclamation will subsequently rescind the other nine notices.

This notice reorganizes the sections and updates section titles in accordance with the Office of Management and Budget (OMB) Circular A-108, “Federal Agency Responsibilities for Review, Reporting, and Publication under the Privacy Act.” Additionally, Reclamation is modifying all existing routine uses to provide clarity and transparency. Routine use A was modified to further clarify disclosures to the Department of Justice or other Federal agencies when necessary in relation to litigation or judicial proceedings. Routine uses B, D, and E have been modified to provide additional clarification on external organizations and circumstances where disclosures are compatible with the purpose of the system or are proper and necessary to administer an internal program to manage a thorough inventory of all land, facilities, and waterbodies under Reclamation’s jurisdiction.

Modified routine use J and proposed routine use K allow Reclamation to share information with appropriate Federal agencies or entities when reasonably necessary to respond to a breach of personally identifiable information and to prevent, minimize, or remedy the risk of harm to individuals or the Federal Government, or assist an agency in locating individuals affected by a breach in accordance with OMB Memorandum M-17-12, “Preparing for and Responding to a Breach of Personally Identifiable Information.”

Proposed routine uses C, F, G, H, I, and L through R facilitate sharing of information with agencies and organizations to ensure the efficient management of all land, facilities, and waterbodies under Reclamation’s jurisdiction, promote the integrity of the records in the system, or carry out a

statutory responsibility of Reclamation or the Federal Government. Proposed routine use C facilitates sharing of information with the Executive Office of the President to resolve issues concerning individual’s records. Routine use F allows Reclamation to share information with agencies when relevant for hiring and retention, or issuance of security clearance, license, contract, grant or benefit. Routine use G allows Reclamation to share information with the National Archives and Records Administration (NARA) to conduct records management inspections. Routine use H allows Reclamation to share information with external entities, such as state, territorial and local governments, and tribal organizations needed in response to court orders and/or for discovery purposes related to litigation. Routine use I allows Reclamation to share information with an expert, consultant, grantee, or contractor (including employees of the contractor) of DOI that performs services requiring access to these records on DOI’s behalf to carry out the purposes of the system. Routine use L allows Reclamation to share information with the OMB during the coordination and clearance process in connection with legislative affairs. Routine use M allows Reclamation to share information with the Department of the Treasury to recover debts owed to the United States. Routine use N allows Reclamation to share information with the news media and the public if there is a legitimate public interest in the disclosure of the information. Routine use O allows Reclamation to share information with a Federal agency, state, or local government to transfer administration of the land for transmission of power, recreation, fish and wildlife activities, and other purposes as required. Routine use P allows Reclamation to share information with local county governments to transmit deeds and record ownership data. Routine use Q allows Reclamation to share information with appropriate irrigation districts to furnish a copy of a deed in order to advise of an available right-of-way for operating the irrigation system. Routine use R allows Reclamation to share information with DOJ in order to obtain a title opinion.

II. Privacy Act

The Privacy Act of 1974, as amended, embodies fair information practice principles in a statutory framework governing the means by which Federal agencies collect, maintain, use, and disseminate individuals’ personal information. The Privacy Act applies to records about individuals that are

maintained in a “system of records.” A “system of records” is a group of any records under the control of an agency for which information is retrieved by the name of an individual or by some identifying number, symbol, or other identifying particular assigned to the individual. The Privacy Act defines an individual as a United States citizen or lawful permanent resident. Individuals may request access to their own records that are maintained in a system of records in the possession or under the control of DOI by complying with DOI Privacy Act regulations at 43 CFR part 2, subpart K, and following the procedures outlined in the Records Access, Contesting Record, and Notification Procedures sections of this notice.

The Privacy Act requires each agency to publish in the **Federal Register** a description denoting the existence and character of each system of records that the agency maintains and the routine uses of each system. The revised INTERIOR/Reclamation-14, Land and Realty Program, system of records notice is published in its entirety below. In accordance with 5 U.S.C. 552a(r), DOI has provided a report of this system of records to OMB and Congress.

III. Public Participation

You should be aware your entire comment including your personal identifying information, such as your address, phone number, email address, or any other personal identifying information in your comment, may be made publicly available at any time. While you may request to withhold your personal identifying information from public review, we cannot guarantee we will be able to do so.

SUPPLEMENTARY INFORMATION:

Background.—On August 5, 2019, the Commission determined that responses to its notice of institution of the subject five-year review were such that a full review should proceed (84 FR 43615, August 21, 2019); accordingly, a full review is being scheduled pursuant to section 751(c)(5) of the Tariff Act of 1930 (19 U.S.C. 1675(c)(5)). A record of the Commissioners’ votes, the Commission’s statement on adequacy, and any individual Commissioner’s statements are available from the Office of the Secretary and at the Commission’s website.

Participation in the review and public service list.—Persons, including industrial users of the subject merchandise and, if the merchandise is sold at the retail level, representative consumer organizations, wishing to participate in this review as parties must file an entry of appearance with the Secretary to the Commission, as provided in section 201.11 of the Commission’s rules, by 45 days after publication of this notice. A party that filed a notice of appearance following publication of the Commission’s notice of institution of the review need not file an additional notice of appearance. The Secretary will maintain a public service list containing the names and addresses of all persons, or their representatives, who are parties to the review.

For further information concerning the conduct of this review and rules of general application, consult the Commission’s Rules of Practice and

Procedure, part 201, subparts A and B (19 CFR part 201), and part 207, subparts A, D, E, and F (19 CFR part 207).

Limited disclosure of business proprietary information (BPI) under an administrative protective order (APO) and BPI service list.—Pursuant to section 207.7(a) of the Commission’s rules, the Secretary will make BPI gathered in this review available to authorized applicants under the APO issued in the review, provided that the application is made by 45 days after publication of this notice. Authorized applicants must represent interested parties, as defined by 19 U.S.C. 1677(9), who are parties to the review. A party granted access to BPI following publication of the Commission’s notice of institution of the review need not reapply for such access. A separate service list will be maintained by the Secretary for those parties authorized to receive BPI under the APO.

Staff report.—The prehearing staff report in the review will be placed in the nonpublic record on January 7, 2020, and a public version will be issued thereafter, pursuant to section 207.64 of the Commission’s rules.

Requests to appear at the hearing should be filed in writing with the Secretary to the Commission on or before January 15, 2020. A nonparty who has testimony that may aid the Commission’s deliberations may request permission to present a short statement at the hearing. All parties and nonparties desiring to appear at the hearing and make oral presentations should participate in a prehearing conference to be held on January 22, 2020, at the U.S. International Trade Commission Building, if deemed necessary.
