

Procedure will now read "Describe the records sought."

Dated: February 22, 2007.

Robert Roudabush,

Acting Assistant Director, Renewable Resources and Planning, Bureau of Land Management.

INTERIOR/LLM-2

SYSTEM NAME:

Range Management System—Interior, LLM-2.

SYSTEM LOCATION:

U.S. Department of the Interior, Bureau of Land Management, Denver Federal Center, Bldg. 50, Denver, Colorado 80225.

CATEGORIES OF INDIVIDUALS COVERED BY THE SYSTEM:

Individuals to whom BLM issues grazing permits or leases.

CATEGORIES OF RECORDS IN THE SYSTEM:

The records, paper and electronic, contain the lessee's or permittee's name, address, the Bureau's assigned case file number, grazing allotment descriptions, grazing applications, grazing preference summary and history, copies of the grazing permit or lease, grazing fee billing statements, grazing exchange-of-use agreement, evidence of ownership or control of base property, notice of lienholder interest in base property, corporate or partnership documentation, affiliate documentation, notice of authorized representative, livestock control agreements, copies of brand registration, closed unauthorized use case records, Cooperative Range Improvement Agreements, Range Improvement Permits, Assignment of Range Improvements, grazing decisions, and correspondence to, or received from, the permittee or lessee.

AUTHORITY FOR MAINTENANCE OF THE SYSTEM:

43 U.S.C. 315, et seq.

ROUTINE USES OF RECORDS MAINTAINED IN THE SYSTEM, INCLUDING CATEGORIES OF USERS AND THE PURPOSES OF SUCH USES:

The primary uses of the records are (a) to identify the permittees and lessees authorized to graze lands administered by the Bureau of Land Management, (b) to print statements of grazing preference, grazing authorizations, billings for grazing fees due, and other reports, (c) to maintain the information required to administer livestock grazing on public rangelands in accordance with applicable laws and regulations, and (d) to provide information concerning the grazing permittees and lessees for administrative use.

Disclosures outside the Department of the Interior may be made: (1) To the

Department of Justice, or to a court, adjudicative or other administrative body, or to a party in litigation before a court or adjudicative or administrative body, when (a) the Department or any component of the Department, any Departmental employee acting in his or her official capacity, or any Departmental employee acting in his or her individual capacity where the Department of Justice has agreed to represent the employee is a party in the suit and (b) we deem the disclosure to be relevant and necessary to the proceeding, and compatible with the purpose for which we compiled the information; (2) to Federal, State, or local agencies to manage their activities related to BLM's grazing program; and (3) to a congressional office from the record of an individual in response to a written inquiry the individual has made to the congressional office.

DISCLOSURE TO CONSUMER REPORTING AGENCIES:

Disclosures pursuant to 5 U.S.C. 552a(b)(12): Disclosures may be made to consumer reporting agencies as defined in the Fair Credit Reporting Act (15 U.S.C. 1681a(f)) or the Federal Claims Collection Act of 1966 (31 U.S.C. 3701(a)(3)).

POLICIES AND PRACTICES FOR STORING, RETRIEVING, ACCESSING, RETAINING, AND DISPOSING OF RECORDS IN THE SYSTEM:

STORAGE:

Computer magnetic tape and/or manual index. Paper case records are maintained in locking filing cabinets at BLM field offices.

RETRIEVABILITY:

Indexed by name of permittee or lessee and grazing authorization number.

SAFEGUARDS:

Maintained with safeguards meeting the requirements of 43 CFR 2.51 for manual and automated records. Access to records in the system is limited to authorized personnel whose official duties require such access. Paper records are maintained in locked file cabinets and/or in secured rooms. Electronic records conform to Office of Management and Budget and Departmental guidelines reflecting the implementation of the Federal Information Security Management Act. The electronic data will be protected through user identification, passwords, database permissions, and software controls. Such security measures will establish access levels for different types of users. A Privacy Impact Assessment was completed on the system to ensure

that privacy protection measures were in place.

RETENTION AND DISPOSAL:

BLM Manual(s) 1220, Records and Information Management, Appendix II, GRS/BLM Combined Records Schedule, Schedule 20, Item 42. Destroyed when superseded or no longer needed for administrative purposes.

SYSTEM MANAGER(S) AND ADDRESS:

Chief, Division of Rangeland Management, U.S. Department of the Interior, Bureau of Land Management, (WO-220), 1849 C St., NW., Washington, DC 20240.

NOTIFICATION PROCEDURE:

To determine whether records are maintained on you in this system, write to the System Manager. See 43 CFR 2.60.

RECORD ACCESS PROCEDURES:

To see your records, write to the System Manager. Describe the records sought. If copies are desired, indicate the maximum you are willing to pay. See 43 CFR 2.63.

CONTESTING RECORD PROCEDURES:

To request corrections or the removal of material from your files, write the System Manager. See 43 CFR 2.71.

RECORD SOURCE CATEGORIES:

Grazing Permittees or Lessees

EXEMPTIONS CLAIMED FOR THE SYSTEM:

None.

DEPARTMENT OF THE INTERIOR

Bureau of Reclamation

[DES-07-05]

Colorado River Interim Guidelines for Lower Basin Shortages and Coordinated Operations for Lake Powell and Lake Mead

AGENCY: Bureau of Reclamation, Interior.

ACTION: Notice of Availability and Notice of Public Hearings for the Draft Environmental Impact Statement for the Colorado River Interim Guidelines for Lower Basin Shortages and Coordinated Operations for Lake Powell and Lake Mead.

SUMMARY: Pursuant to the National Environmental Policy Act (NEPA) of 1969, as amended, and the Council on Environmental Quality's Regulations for Implementing the Procedural Provisions

of NEPA, the Department of the Interior (Department), acting through the Bureau of Reclamation (Reclamation), has prepared a draft environmental impact statement (Draft EIS) on the proposed adoption of specific Colorado River Lower Basin shortage guidelines and coordinated reservoir management strategies to address operations of Lake Powell and Lake Mead, particularly under low reservoir conditions. This action is proposed in order to provide a greater degree of certainty to U.S. Colorado River water users and managers of the Colorado River Basin by providing detailed and objective guidelines for the operations of Lake Powell and Lake Mead, thereby allowing water managers and water users in the Lower Basin to know when, and by how much, water deliveries will be reduced in drought and other low reservoir conditions. The Department proposes that these guidelines be interim in duration and extend through 2026.

Cooperating agencies are the Bureau of Indian Affairs, the U.S. Fish and Wildlife Service, the National Park Service (NPS), the Western Area Power Administration (Western), and the United States Section of the International Boundary and Water Commission.

DATES AND ADDRESSES: A public review period commences with the publication of this notice. Comments on the Draft EIS must be submitted no later than Monday, April 30, 2007, to: Regional Director, Lower Colorado Region, Bureau of Reclamation, Attention: BCOO-1000, P.O. Box 61470, Boulder City, Nevada 89006-1470; faxogram at (702) 293-8156; or e-mail at strategies@lc.usbr.gov.

Reclamation will conduct three public hearings to receive written or oral comments from the public on the Draft EIS at the following locations:

- Tuesday, April 3, 2007—6 p.m. to 9 p.m., Henderson Convention Center, Sierra Room, 200 South Water Street, Henderson, Nevada.
- Wednesday, April 4, 2007—6 p.m. to 9 p.m., Phoenix Airport Marriott, Buckhorn Room, 1101 North 44th Street, Phoenix, Arizona.
- Thursday, April 5, 2007—6 p.m. to 9 p.m., Hilton Salt Lake City Center, Canyon Room A & B, 255 South West Temple, Salt Lake City, Utah.

If special assistance is required regarding accommodations for attendance at any of the public hearings, please contact Nan Yoder at (702) 293-8495, faxogram at (702) 293-8156, or e-mail at nyoder@lc.usbr.gov no less than 5 working days prior to the applicable meeting(s).

The Draft EIS is electronically available for viewing and copying at Reclamation's project Web site at: <http://www.usbr.gov/lc/region/programs/strategies.html>. Alternatively, a compact disc or hard copy is available upon written request to: Regional Director, Lower Colorado Region, Bureau of Reclamation, Attention: BCOO-1000, P.O. Box 61470, Boulder City, Nevada 89006-1470; faxogram at (702) 293-8156; or e-mail at strategies@lc.usbr.gov.

Copies of the Draft EIS are available for public inspection and review at the following locations:

- Bureau of Reclamation, Lower Colorado Regional Office, 400 Railroad Avenue, Boulder City, Nevada.
- Bureau of Reclamation, Upper Colorado Regional Office, 125 South State Street, Room 7220, Salt Lake City, Utah.
- Bureau of Reclamation, Phoenix Area Office, 6150 West Thunderbird Road, Glendale, Arizona.
- Bureau of Reclamation, Yuma Area Office, 7301 Calle Agua Salada, Yuma, Arizona.
- Bureau of Reclamation Library, Denver Federal Center, 6th Avenue and Kipling, Building 67, Room 167, Denver, Colorado.
- Department of the Interior, Natural Resources Library 1849 C Street NW., Washington, DC.
- Yuma County Library, 185 South Main Street, Yuma, Arizona.
- Palo Verde Valley Library, 125 West Chanslor Way, Blythe, California.
- Mohave County Library, 1170 Hancock Road, Bullhead City, Arizona.
- Laughlin Library, 2840 South Needles Highway, Laughlin, Nevada.
- Las Vegas Clark County Library, 833 Las Vegas Boulevard N, Las Vegas, Nevada.
- James I. Gibson Library, 280 Water Street, Henderson, Nevada.

FOR FURTHER INFORMATION CONTACT:

Terrance J. Fulp, Ph.D., at (702) 293-8500 or e-mail at strategies@lc.usbr.gov; and/or Randall Peterson at (801) 524-3633 or e-mail at strategies@lc.usbr.gov.

SUPPLEMENTARY INFORMATION: During the period from 2000-2006, the Colorado River has experienced the worst drought conditions in approximately one hundred years of recorded history. During this period, storage in Colorado River reservoirs has dropped from nearly full to less than 60 percent of capacity at the end of 2006. Currently, the Department does not have specific operational guidelines in place to address the operation of Lake Mead and Lake Powell during drought and low reservoir conditions.

Accordingly, the Department proposes the adoption of specific interim guidelines for Lower Basin shortages and coordinated operations of Lake Powell and Lake Mead. The proposed federal action will be implemented through the adoption of interim guidelines in effect through 2026 that would be used each year by the Department in implementing the Criteria for Coordinated Long-Range Operation of Colorado River Reservoirs Pursuant to the Colorado River Basin Project Act of September 30, 1968, through issuance of the Annual Operating Plan for Colorado River Reservoirs.

The proposed federal action considers four operational elements that collectively are designed to address the purpose and need for the proposed federal action. These elements are addressed in each of the alternatives described and analyzed in the Draft EIS. The interim guidelines would be used by the Secretary of the Department of the Interior (Secretary) to:

- Determine those circumstances under which the Secretary would reduce the annual amount of water available for consumptive use from Lake Mead to the Colorado River Lower Division states (Arizona, California, and Nevada) below 7.5 million acre-feet (a "Shortage") pursuant to Article II(B)(3) of the United States Supreme Court in the case of *Arizona v. California*, 547 U.S. ____ (2006);
- Define the coordinated operation of Lake Powell and Lake Mead to provide improved operation of these two reservoirs, particularly under low reservoir conditions;
- Allow for the storage and delivery, pursuant to applicable federal law, of conserved Colorado River system and non-system water in Lake Mead to increase the flexibility of meeting water use needs from Lake Mead, particularly under drought and low reservoir conditions; and

• Determine those conditions under which the Secretary may declare the availability of surplus water for use within the Lower Division states. The proposed federal action would modify the substance of the existing Interim Surplus Guidelines (ISG), published in the **Federal Register** on January 25, 2001 (66 FR 7772), and the term of the ISG from 2016 to 2026.

The purpose of the proposed federal action is to: (1) Improve Reclamation's management of the Colorado River by considering the trade-offs between the frequency and magnitude of reductions of water deliveries, and considering the effects on water storage in Lake Powell and Lake Mead, water supply, power

production, recreation, and other environmental resources; (2) provide mainstream U.S. users of Colorado River water, particularly those in the Lower Division states, a greater degree of predictability with respect to the amount of annual water deliveries in future years, particularly under drought and low reservoir conditions; and, (3) provide additional mechanisms for the storage and delivery of water supplies in Lake Mead.

The Draft EIS presents four possible action alternatives for implementation, plus a "No Action Alternative." Reclamation has not identified a preferred alternative in this Draft EIS. The preferred alternative will be identified following public comments on the Draft EIS and will be expressed in the Final EIS. The action alternatives reflect input from Reclamation staff, the cooperating agencies, stakeholders, and other interested parties. Reclamation received two written proposals for alternatives that met the purpose and need of the proposed federal action, one from the Basin States and another from a consortium of environmental organizations. These proposals were used and refined by Reclamation to formulate two of the alternatives considered and analyzed in this Draft EIS: the Basin States Alternative and the Conservation Before Shortage Alternative. A third alternative (Water Supply Alternative) was developed by Reclamation and a fourth alternative (Reservoir Storage Alternative) was developed in coordination with the NPS and Western.

The Basin States Alternative proposes a coordinated operation of Lake Powell and Lake Mead that would minimize shortages in the Lower Basin and avoid the risk of curtailments of use in the Upper Basin. This alternative also provides a mechanism, Intentionally Created Surplus (ICS), for promoting water conservation in the Lower Basin.

The Conservation Before Shortage Alternative includes voluntary, compensated reductions in water use to minimize involuntary shortages in the Lower Basin and avoid risk of curtailments of use in the Upper Basin. This alternative also provides a mechanism for promoting water conservation in the Lower Basin by expanding the ICS mechanism.

The Water Supply Alternative is intended to maximize water deliveries at the expense of retaining water in storage in the reservoirs for future use. This alternative would implement shortages only when insufficient water to meet entitlements is available in Lake Mead.

The Reservoir Storage Alternative would keep more water in storage in Lake Powell and Lake Mead by reducing water deliveries and increasing shortages to benefit power and recreational interests; and this alternative also provides a mechanism for promoting water conservation in the Lower Basin.

Public Disclosure

It is our practice to make comments, including names, home addresses, home telephone numbers, and e-mail addresses of respondents, available for public review. Individual respondents may request that we withhold their names and/or home addresses, etc., but if you wish us to consider withholding this information you must state this prominently at the beginning of your comments. In addition, you must present a rationale for withholding this information. This rationale must demonstrate that disclosure would constitute a clearly unwarranted invasion of privacy. Unsupported assertions will not meet this burden. In the absence of exceptional, documentable circumstances, this information will be released. We will always make submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, available for public inspection in their entirety.

Dated: February 2, 2007.

Willie R. Taylor,

Director, Office of Environmental Policy and Compliance.

DEPARTMENT OF LABOR

Employment and Training Administration

[TA-W-60,281]

Airtex Products LP, Including On-Site Leased Workers of Staffmark and Aid Temporary Services, Inc.; Marked Tree, Arkansas; Notice of Revised Determination on Reconsideration of Alternative Trade Adjustment Assistance

By letter dated February 8, 2007, a company official requested administrative reconsideration regarding Alternative Trade Adjustment Assistance (ATAA) applicable to workers of the subject firm. The negative determination was signed on January 24, 2007, and was published in

the **Federal Register** on February 14, 2007 (72 FR 7087).

The workers of Airtex Products LP, including on-site leased workers of Staffmark and Aid Temporary Services, Inc., Marked Tree, Arkansas were certified eligible to apply for Trade Adjustment Assistance (TAA) on January 24, 2007.

The initial ATAA investigation determined that there was not a significant number of workers in the workers' firm that are 50 years of age or older, and that the skills of the subject worker group are easily transferable to other positions in the local area.

In the request for reconsideration, the company official resubmitted correct employment numbers which show that a significant number or proportion of the worker group of the subject firm are fifty years of age or older. The company official also provided new information confirming that the skills of the workers at the subject firm are not easily transferable in the local commuting area.

Additional investigation has determined that the workers possess skills that are not easily transferable. A significant number or proportion of the worker group are age fifty years or over. Competitive conditions within the industry are adverse.

Conclusion

After careful review of the additional facts obtained on reconsideration, I conclude that the requirements of Section 246 of the Trade Act of 1974, as amended, have been met for workers at the subject firm.

In accordance with the provisions of the Act, I make the following certification:

All workers of Airtex Products LP, including on-site leased workers of Staffmark and Aid Temporary Services, Inc., Marked Tree, Arkansas, who became totally or partially separated from employment on or after October 20, 2005 through January 24, 2009, are eligible to apply for trade adjustment assistance under Section 223 of the Trade Act of 1974 and are also eligible to apply for alternative trade adjustment assistance under Section 246 of the Trade Act of 1974.

Signed in Washington, DC, this 21st day of February, 2007.

Elliott S. Kushner,

Certifying Officer, Division of Trade Adjustment Assistance.
