

ADDRESSES: You may submit comments, identified by the title of the information collection, OMB Control Number (see below), and docket number (see above), by any of the following methods:

- *Federal eRulemaking Portal:* <http://www.regulations.gov>. Follow the instructions for submitting comments.

- *Email:* PRA_Comments@cfpb.gov. Include Docket No. CFPB–2024–0004 in the subject line of the email.

- *Mail/Hand Delivery/Courier:* Comment Intake, Consumer Financial Protection Bureau (Attention: PRA Office), 1700 G Street NW, Washington, DC 20552. Because paper mail in the Washington, DC area and at the CFPB is subject to delay, commenters are encouraged to submit comments electronically.

Please note that comments submitted after the comment period will not be accepted. In general, all comments received will become public records, including any personal information provided. Sensitive personal information, such as account numbers or Social Security numbers, should not be included.

FOR FURTHER INFORMATION CONTACT:

Requests for additional information should be directed to Anthony May, PRA Officer, at (202) 435–7278 or email: CFPB_PRA@cfpb.gov. If you require this document in an alternative electronic format, please contact CFPB_Accessibility@cfpb.gov. Please do not submit comments to these email boxes.

SUPPLEMENTARY INFORMATION:

Title of Collection: Auto Finance Data Project.

OMB Control Number: 3170–00XX.

Type of Review: New information collection.

Affected Public: Auto finance companies.

Estimated Number of Respondents: 4,000.

Estimated Total Annual Burden Hours: 1,375.

Abstract: The Dodd-Frank Wall Street Reform and Consumer Protection Act charges the CFPB with monitoring for risks to consumers in the offering or provision of consumer financial products or services, including developments in markets for such products or services. The CFPB has previously researched and documented significant gaps in available auto finance data which culminated in the initial Auto Finance Data Pilot project launched in February 2023. The data collected as part of the Auto Finance Data Pilot project both confirmed the benefit of additional data collection to fully carry out the CFPB's mission, to fulfill the CFPB's mandate to monitor

the auto finance market for risks to consumers, and to inform the way the CFPB would propose to collect data in the future. The CFPB proposes to collect data in two separate processes.

The CFPB proposes to collect a set of data annually from lenders that originate greater than 20,000 auto loans in the previous calendar year. This data collection would mirror that which was collected in the Auto Finance Data Pilot. The CFPB also proposes to collect a set of data annually from lenders that originate greater than 500 loans and fewer than 20,000 loans in the previous calendar year. This data collection would annually collect information on the number of vehicles repossessed and the number of loan modifications.

Request for Comments: Comments are invited on: (a) Whether the collection of information is necessary for the proper performance of the functions of the CFPB, including whether the information will have practical utility; (b) The accuracy of the CFPB's estimate of the burden of the collection of information, including the validity of the methods and the assumptions used; (c) Ways to enhance the quality, utility, and clarity of the information to be collected; and (d) Ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Comments submitted in response to this notice will be summarized and/or included in the request for OMB's approval. All comments will become a matter of public record.

Anthony May,

Paperwork Reduction Act Officer, Consumer Financial Protection Bureau.

DEPARTMENT OF DEFENSE

Office of the Secretary

Meeting of Department of Defense Federal Advisory Committees— Defense Innovation Board

AGENCY: Office of the Under Secretary of Defense for Research and Engineering, Department of Defense (DoD).

ACTION: Meeting of Federal advisory committee.

SUMMARY: The DoD is publishing this notice to announce that the following Federal Advisory Committee meeting of the Defense Innovation Board (DIB) will take place.

DATES: Open to the public January 26, 2024, 10:00 a.m. to 11:30 a.m. Closed to the public January 26, 2024, 1:00 p.m. to 4:30 p.m. All Eastern Standard Time (EST).

ADDRESSES: The open portion of the DIB meeting will take place at the Pentagon and will be accessible to the public virtually; the closed portion of the meeting will be held in the Pentagon.

FOR FURTHER INFORMATION CONTACT: Dr. Marina Theodotou, the Designated Federal Officer (DFO) at (571) 372–7344 (voice) or osd.innovation@mail.mil. Mailing address is Defense Innovation Board, 4800 Mark Center Drive, Suite 15D08, Alexandria, VA 22350–3600. Website: <https://innovation.defense.gov>. The most up-to-date changes to the meeting agenda and link to the virtual meeting can be found on the website.

SUPPLEMENTARY INFORMATION: This meeting is being held under the provisions of chapter 10 of title 5, United States Code (U.S.C.) (commonly known as the “Federal Advisory Committee Act” or “FACA”), 5 U.S.C. 552b (commonly known as the “Government in the Sunshine Act”), and 41 Code of Federal Regulations (CFR) 102–3.140 and 102–3.150.

Due to circumstances beyond the control of the DFO and the DoD, the DIB was unable to provide public

notification required by 41 CFR 102–3.150(a) concerning its January 26, 2024 meeting. Accordingly, the Advisory Committee Management Officer for the Department of Defense, pursuant to 41 CFR 102–3.150(b), waives the 15-calendar day notification requirement.

Purpose of Meeting: The mission of the DIB is to provide the Secretary of Defense, the Deputy Secretary of Defense, and the Under Secretary of Defense for Research and Engineering (USD(R&E)) independent advice and strategic insights on emerging and disruptive technologies and their impact on national security, adoption of commercial sector innovation best practices, and ways to leverage the U.S. innovation ecosystem to align structures, processes, and human capital practices to accelerate and scale innovation adoption, foster a culture of innovation and an experimentation mindset, and enable the DoD to build enduring advantages. The DIB focuses on innovation-related issues and topics raised by the Secretary of Defense, the Deputy Secretary of Defense, or the USD(R&E). The objective of this DIB meeting is to obtain, review, and evaluate information related to the DIB’s mission and studies.

Agenda: The DIB’s open portion of the meeting will take place on January 26, 2024 from 10:00 a.m. to 11:30 a.m. The DFO, Dr. Marina Theodotou, will open the meeting and introduce the DIB Chair, Michael Bloomberg for his welcome and opening remarks. The DIB will present its findings and recommendations for deliberation and vote on two current studies: “Lowering Barriers to Innovation” and “Building a DoD Data Economy”. Subsequently, the DFO will read public comments into the meeting record, and then, the Chair will then preview new study topics followed by closing remarks. The DFO will then adjourn the open session.

The DIB’s closed portion of the meeting will take place January 26, 2024, from 1:00 p.m. to 4:30 p.m. During this time, the DIB will meet with senior Department leaders and other Subject Matter Experts from Industry and Academia to receive insights to receive related to leveraging capabilities to remain at the forefront of innovation, innovative technology adoption, and other strategic challenges that the DoD is currently facing related to innovation with allies and partners.

Meeting Accessibility: In accordance with section 1009(d) of the FACA and 41 CFR 102–3.155, the DoD has determined that part of the DIB meeting will be closed to the public on January 26, 2024, 1:00 p.m. to 4:30 p.m. Specifically, the USD(R&E), as the DIB

Sponsor, in consultation with the DoD Office of General Counsel, has determined in writing that this portion of the meeting will be closed to the public because the DIB will consider matters covered by 5 U.S.C. 552b(c)(1). The determination is based on the classified nature of discussions related to national security. Such classified material is so intertwined with the unclassified material that it cannot reasonably be segregated into separate discussions without defeating the effectiveness and meaning of the overall meeting.

Pursuant to Federal statutes and regulations (the FACA and 41 CFR 102–3.140 and 102–3.150), the open portion of the meeting will be accessible to the public virtually on January 26, 2024, from 10:00 a.m. to 11:30 a.m. Members of the public wishing to attend the meeting virtually will be able to access a link published on the DIB website the morning of the meeting.

Written Statements: Pursuant to 41 CFR 102–3.105(j) and 102–3.140 and section 1009(a)(3) of the FACA, the public or interested organizations may submit written comments or statements to the DIB in response to the stated agenda of the meeting or regarding the DIB’s mission in general. Written comments or statements should be submitted to Dr. Marina Theodotou, the DFO, via email to osd.innovation@mail.mil. Comments or statements must include the author’s name, title or affiliation, address, and daytime phone number. The DFO must receive written comments or statements being submitted in response to the agenda set forth in this notice by 12:00 p.m. on January 23, 2024, to be considered by the DIB. The DFO will review all timely submitted written comments or statements with the DIB Chair and ensure the comments are provided to all members before the meeting. Written comments or statements received after this date may not be provided to the DIB until its next scheduled meeting. Please note that all submitted comments and statements will be treated as public documents and will be made available for public inspection, including, but not limited to, being posted on the DIB’s website.

Dated: January 17, 2024.

Aaron T. Siegel,

Alternate OSD Federal Register Liaison Officer, Department of Defense.
