

A proposed rule change filed under Rule 19b-4(f)(6)¹⁸ normally does not become operative for 30 days after the date of filing. However, pursuant to Rule 19b-4(f)(6)(iii),¹⁹ the Commission may designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay so that the proposal may become operative upon filing. The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest because it will allow the Exchange to immediately implement the proposed rule change to promote greater harmonization between the rules of FINRA and the Exchange and also to make clerical changes that may minimize potential investor confusion. Accordingly, the Commission hereby waives the 30-day operative delay requirement and designates the proposed rule change as operative upon filing.²⁰

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings under Section 19(b)(2)(B)²¹ of the Act to determine whether the proposed rule change should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Self-Regulatory Organizations; BOX Options Exchange LLC; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Amend the Fee Schedule To Adjust the QOO Order Rebate

December 27, 2017.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the

"Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on December 22, 2017, BOX Options Exchange LLC (the "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Exchange filed the proposed rule change pursuant to Section 19(b)(3)(A)(ii) of the Act,³ and Rule 19b-4(f)(2) thereunder,⁴ which renders the proposal effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of the Substance of the Proposed Rule Change

The Exchange is filing with the Securities and Exchange Commission ("Commission") a proposed rule change to amend the Fee Schedule [sic]. While changes to the fee schedule pursuant to this proposal will be effective upon filing, the changes will become operative on January 2, 2018. The text of the proposed rule change is available from the principal office of the Exchange, at the Commission's Public Reference Room and also on the Exchange's internet website at <http://boxexchange.com>.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend the Fee Schedule for trading on BOX to amend section II.C, QOO Order Rebate. Specifically, the Exchange proposes to adjust the QOO Order Rebate from \$0.05

per contract to \$0.075 per contract for all QOO Orders presented to the Trading Floor. The Exchange notes that it is not making any other changes to the rebate and that the QOO rebate will continue to apply to both sides of the QOO Order. The rebate will not apply to Public Customer executions, executions subject to the Strategy QOO Order Fee Cap, and Broker Dealer executions where the Broker Dealer is facilitating a Public Customer. Further, the total monthly rebate for Broker Dealer executions will continue to be capped at \$30,000 per month per Broker Dealer.

2. Statutory Basis

The Exchange believes that the proposal is consistent with the requirements of Section 6(b) of the Act, in general, and Section 6(b)(4) and 6(b)(5) of the Act,⁵ in particular, in that it provides for the equitable allocation of reasonable dues, fees, and other charges among BOX Participants and other persons using its facilities and does not unfairly discriminate between customers, issuers, brokers or dealers.

The Exchange believes that the proposed change to the QOO Order Rebate for Floor Brokers is reasonable, equitable and not unfairly discriminatory.

The Exchange notes that it does not offer a front-end order entry on the Trading Floor, unlike some competing exchanges. The Exchange notes that Participants have two possible means of bringing orders to the Exchange's Trading Floor for possible execution: (1) They can invest in the technology, systems and personnel to participate on the Trading Floor and deliver the order to the Exchange matching engines for validation and execution; or (2) they can utilize the services of another Participant acting as a Floor Broker. The Exchange believes that increasing the rebate will allow Floor Brokers to price their services at a level that would enable them to attract QOO order flow from participants who would otherwise utilize the front-end order entry mechanism offered by the Exchange's competitors instead of incurring the cost in time and resources to install and develop their own internal systems to deliver QOO orders directly to the Exchange system. As such, the Exchange believes it is necessary from a competitive standpoint to continue to offer this rebate to the executing Floor Broker on a QOO Order. Further, the Exchange believes that the QOO Order Rebate is reasonable as it is similar to a rebate program offered to Floor Brokers
