Ceramic Tile From India: Final Negative Determination of Sales at Less Than Fair Value and Final Negative Determination of Critical Circumstances

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) determines that ceramic tile from India is not being, or is not likely to be, sold in the United

States at less than fair value (LTFV). The period of investigation is April 1, 2023, through March 31, 2024.

DATES: Applicable April 23, 2025.

FOR FURTHER INFORMATION CONTACT:

Theodora Mattei, AD/CVD Operations, Office VI, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-4834.

SUPPLEMENTARY INFORMATION:

Background

On December 2, 2024, Commerce published the *Preliminary Determination* in the **Federal Register** and invited interested parties to comment.¹ A summary of the events that occurred since Commerce published its *Preliminary Determination*, may be found in the Issues and Decision Memorandum.² The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Scope of the Investigation

The product covered by this investigation is ceramic tile from India. For a complete description of the scope of this investigation, see Appendix I.

Scope Comments

We received no comments from interested parties on the scope of the investigation as it appeared in the *Preliminary Determination*. Therefore, we made no changes to the scope of the investigation.

Analysis of Comments Received

All issues raised in the case and rebuttal briefs submitted by interested parties in this investigation are addressed in the Issues and Decision Memorandum. A list of the issues addressed in the Issues and Decision

¹ See *Ceramic Tile from India: Preliminary Negative Determination of Sales at Less Than Fair Value and Postponement of Final Determination*, 89 FR 95182 (December 2, 2024) (*Preliminary Determination*), and accompanying Preliminary Decision Memorandum (PDM).

² See Memorandum, "Issues and Decision Memorandum for the Final Negative Determination in the Less-Than-Fair-Value Investigation of Ceramic Tile from India," dated concurrently with, and hereby adopted by, this notice (Issues and Decision Memorandum).

Memorandum is attached as Appendix II to this notice.

Verification

As provided in section 782(i)(1) of the Tariff Act of 1930, as amended (the Act), in October 2024, we verified the sales and cost information submitted by Antiqua Minerals (Antiqua) and Win-Tel Ceramics Private Limited (Win-Tel) for use in our final determination.³ We used standard verification procedures, including an examination of relevant sales and accounting records, and original source documents provided by Antiqua and Win-Tel.

Changes Since the Preliminary Determination

Based on our verification findings, a review of the record, and the comments received from interested parties regarding the *Preliminary Determination*, for this final determination we made certain changes to the margin calculations for both Antiqua and Win-Tel. For a discussion of these changes, see the Issues and Decision Memorandum.

Critical Circumstances

For this final determination, we find that Antiqua and Win-Tel have not made

sales of subject merchandise at LTFV. Consequently, Commerce has not conducted a critical circumstances analysis for this final determination, pursuant to sections 735(a)(3) of the Act and 19 CFR 351.206. For further information on Commerce's critical circumstances analysis, see the section "Final Critical Circumstances Determination" in the Issues and Decision Memorandum.

Final Determination

Commerce determines that the following estimated dumping rates exist:

Company	Weighted-average dumping margin (percent)	Cash deposit rate (adjusted for subsidy offset(s)) (percent)
Antiqua Minerals	0.00	Not Applicable.
Win-Tel Ceramics Private Limited	0.00	Not Applicable.

Disclosure

Commerce intends to disclose to interested parties the calculations performed in connection with this final determination within five days of its public announcement or, if there is no public announcement, within five days of the date of publication of this notice in the **Federal Register**, in accordance with 19 CFR 351.224(b).

Suspension of Liquidation

In the *Preliminary Determination*, the estimated weighted-average dumping margins for Antiqua and Win-Tel were zero and, thus, we did not suspend liquidation of entries of ceramic tile from India. Because Commerce has made a final negative determination of sales at LTFV, we will not direct U.S. Customs and Border Protection to suspend liquidation or to require cash deposits of estimated antidumping duties for entries of ceramic tile from India.

U.S. International Trade Commission (ITC) Notification

In accordance with section 735(d) of the Act, Commerce will notify the ITC of its final negative determination of sales at LTFV. As our final determination is negative, this proceeding is terminated in accordance with section 735(c)(2) of the Act.

Administrative Protective Order (APO)

This notice serves as a final reminder to parties subject to an APO of their

responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and the terms of an APO is a violation subject to sanction.

Notification to Interested Parties

This determination is issued and published pursuant to sections 735(d) and 777(i) of the Act, and 19 CFR 351.210(c).

Dated: April 16, 2025.

Christopher Abbott,

Deputy Assistant Secretary for Policy and Negotiations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.

Certain Monomers and Oligomers From Taiwan: Initiation of Countervailing Duty Investigation

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

DATES: Applicable April 16, 2025.

FOR FURTHER INFORMATION CONTACT: Suresh Maniam, Office I, AD/CVD Operations, Enforcement and Compliance, International Trade Administration, U.S. Department of

Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-1603.

SUPPLEMENTARY INFORMATION:

The Petition

On March 27, 2025, the U.S. Department of Commerce (Commerce) received a countervailing duty (CVD) petition concerning imports of certain monomers and oligomers (monomers and oligomers) from Taiwan, filed in proper form on behalf of Arkema, Inc. (the petitioner), a domestic producer of monomers and oligomers.¹ The CVD Petition was accompanied by antidumping duty (AD) petitions concerning imports of monomers and oligomers from the Republic of Korea and Taiwan.²

Between March 31 and April 8, 2025, Commerce requested supplemental information pertaining to certain aspects of the Petition in supplemental questionnaires.³ Between April 4 and 11, 2025, the petitioner filed timely responses to these requests for additional information.⁴

In accordance with section 702(b)(1) of the Tariff Act of 1930, as amended (the Act), the petitioner alleges that the Taiwan Authorities (TA) are providing countervailable subsidies, within the meaning of sections 701 and 771(5) of the Act, to producers of monomers and oligomers in Taiwan, and that such imports are materially injuring, or threatening material injury to, the domestic industry producing monomers and oligomers in the United States. Consistent with section 702(b)(1) of the Act and 19 CFR 351.202(b), for those alleged programs on which we are initiating a CVD investigation, the Petition was accompanied by information reasonably available to the petitioner supporting its allegations.

Commerce finds that the petitioner filed the Petition on behalf of the domestic industry, because the petitioner is an interested party, as defined in section 771(9)(C) of the Act. Commerce also finds that the petitioner

demonstrated sufficient industry support with respect to the initiation of the requested CVD investigation.⁵

Period of Investigation (POI)

Because the Petition was filed on March 27, 2025, the POI is January 1, 2024, through December 31, 2024.⁶

Scope of the Investigation

The product covered by this investigation is monomers and oligomers from Taiwan. For a full description of the scope of this investigation, *see* the appendix to this notice.

Comments on the Scope of the Investigation

On March 31 and April 8, 2025, Commerce requested information and clarification from the petitioner regarding the proposed scope to ensure that the scope language in the Petitions is an accurate reflection of the products for which the domestic industry is seeking relief.⁷ Between March 31 and April 11, 2025, the petitioner provided clarifications and revised the scope.⁸ The description of merchandise covered by this investigation, as described in the appendix to this notice, reflects these clarifications.

As discussed in the *Preamble* to Commerce's regulations, we are setting aside a period for interested parties to raise issues regarding product coverage (*i.e.*, scope).⁹ Commerce will consider all scope comments received from interested parties and, if necessary, will consult with interested parties prior to the issuance of the preliminary determination. If scope comments include factual information, all such factual information should be limited to public information.¹⁰ To facilitate preparation of its questionnaires, Commerce requests that scope comments be submitted by 5:00 p.m. Eastern Time (ET) on May 6, 2025, which is 20 calendar days from the signature date of this notice.
