

2100 and the relevant schedules (Schedules B, D & F)(See Schedule B—Full Power License to cover application (OMB control number 3060–0837); Schedule D—LPTV/Translator License to cover application (OMB control number 3060–0017); and Schedule F—Class A License to cover application (OMB control number 3060–0928)) as necessary to implement the Next Gen TV licensing process and collect the required information (detailed below). The form will be revised to establish the streamlined “one-step” licensing process for Next Gen TV applicants, including adding the above listed purposes (i–iii) to the form. FCC staff will use the license application to determine compliance with FCC rules and to determine whether the public interest would be served by grant of the application for a Next Gen TV station license.

Next Gen TV Broadcaster On-Air Notices to Consumers (Third-Party Disclosure Requirement; 47 CFR 73.3801(g), 73.6029(g), and 74.782(h)): Commercial and noncommercial educational (NCE) broadcast TV stations that relocate their ATSC 1.0 signals (*e.g.*, moving to a host station’s facility, subsequently moving to a different host, or returning to its original facility) are required to air daily Public Service Announcements (PSAs) or crawls every day for 30 days prior to the date that the stations will terminate ATSC 1.0 operations on their existing facilities. Stations that transition directly to ATSC 3.0 will be required to air daily PSAs or crawls every day for 30 days prior to the date that the stations will terminate ATSC 1.0 operations. Broadcaster on-air notices to consumers will be used to inform consumers if stations they watch will be changing channels and encouraged to rescan their receivers for new channel assignments.

Next Gen TV Broadcaster Written Notices to MVPDs (Third-Party Disclosure Requirement; 47 CFR 73.3801(h), 73.6029(h), and 74.782(i)): Next Gen TV stations relocating their ATSC 1.0 signals (*e.g.*, moving to a temporary host station’s facilities, subsequently moving to a different host, or returning to its original facility) must provide notice to MVPDs that: (i) No longer will be required to carry the station’s ATSC 1.0 signal due to the relocation; or (ii) carry and will continue to be obligated to carry the station’s ATSC 1.0 signal from the new location. Broadcaster notices to multichannel video programming distributors (MVPDs) will be used to notify MVPDs that carry a Next Gen TV broadcast station about channel changes and facility information.

Local Simulcasting Agreements (Recordkeeping Requirement; 47 CFR 73.3801(e), 73.6029(e), and 74.782(f)): Broadcasters must maintain a written copy of any local simulcasting agreement and provide it to the Commission upon request. FCC staff will review the local simulcasting agreement (when applicable) to determine compliance with FCC rules and to determine whether the public interest would be served by grant of the application for a Next Gen TV station license.

FEDERAL COMMUNICATIONS COMMISSION

[OMB 3060–XXXX]

Information Collection Being Reviewed by the Federal Communications Commission

AGENCY: Federal Communications Commission.

ACTION: Notice and request for comments.

SUMMARY: As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction Act of 1995 (PRA), the Federal Communications Commission (FCC or Commission) invites the general public and other Federal agencies to take this opportunity to comment on the following information collections. Comments are requested concerning: Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission’s burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology; and ways to further reduce the information collection burden on small business concerns with fewer than 25 employees.

The FCC may not conduct or sponsor a collection of information unless it displays a currently valid Office of Management and Budget (OMB) control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the

PRA that does not display a valid OMB control number.

DATES: Written comments should be submitted on or before May 7, 2018. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contacts below as soon as possible.

ADDRESSES: Direct all PRA comments to Cathy Williams, FCC, via email: *PRA@fcc.gov* and to *Cathy.Williams@fcc.gov*.

FOR FURTHER INFORMATION CONTACT: For additional information about the information collection, contact Cathy Williams at (202) 418–2918.

SUPPLEMENTARY INFORMATION: As part of its continuing effort to reduce paperwork burdens, and as required by the PRA, 44 U.S.C. 3501–3520, the FCC invites the general public and other Federal agencies to take this opportunity to comment on the following information collections. Comments are requested concerning: Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission’s burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology; and ways to further reduce the information collection burden on small business concerns with fewer than 25 employees.

OMB Control Number: 3060–XXXX.
Title: Rules and Policies Regarding Calling Number Identification Service— Caller ID, CC Docket No. 91–281.

Form Number: N/A.

Type of Review: New collection.

Respondents: Business or other for-profit entities.

Number of Respondents and Responses: 46,291 pool of respondents; 1,705 responses.

Estimated Time per Response: .083 hours (5 minutes).

Frequency of Response: Monthly and on-going reporting requirements.

Obligation to Respond: Required to obtain or retain benefit. The statutory authority for the information collection requirements is found at section 201(b) of the Communications Act of 1934, as amended, 47 U.S.C. 201(b), and section 222, 47 U.S.C. 222. The Commission’s implementing rules are codified at 47 CFR 64.1600–01.

Total Annual Burden: 142 hours.

Total Annual Cost: No cost.

Nature and Extent of Confidentiality: An assurance of confidentiality is not offered because this information collection does not require the collection of personally identifiable information from individuals.

Privacy Impact Assessment: No impact(s).

Needs and Uses: The Commission amended rules requiring that carriers honor privacy requests to state that § 64.1601(b) of the Commission's rules shall not apply when calling party number (CPN) delivery is made in connection with a threatening call. Upon report of such a threatening call by law enforcement on behalf of the threatened party, the carrier will provide any CPN of the calling party to law enforcement and, as directed by law enforcement, to security personnel for the called party for the purpose of identifying the party responsible for the threatening call. Carriers now have a recordkeeping requirement in order to quickly provide law enforcement with information relating to threatening calls.

The Commission also amended rules to allow non-public emergency services to receive the CPN of all incoming calls from blocked numbers requesting assistance. The Commission believes amending its rules to allow non-public emergency services access to blocked Caller ID promotes the public interest by ensuring timely provision of emergency services without undermining any countervailing privacy interests. Carriers now have a recordkeeping requirement in order to provide emergency serve providers with the information they need to assist callers.
