

must submit a request, with a brief statement of the subject matter to be addressed by the comment, at least three (3) business days (October 7) in advance, via electronic mail, the preferred mode of submission, at the email address listed in the **FOR FURTHER INFORMATION CONTACT** section. The BoV DFO will log each request to make a comment, in the order received, and the DFO and BoV Chairman will determine whether the subject matter of each comment is relevant to the BoV's mission and/or the topics to be addressed in this public meeting. A period near the end of the meeting will be available for verbal public comments. Members of the public who have requested to make a verbal comment and whose comments have been deemed relevant under the process described in this paragraph, will be allotted no more than five (5) minutes during this period, and will be invited to speak in the order in which their requests were received by the DFO. For the benefit of the public, rosters that list the names of BoV members and any releasable materials presented during the BoV meeting shall be made available upon request.

**Adriane Paris,**

*Acting Air Force Federal Register Liaison Officer.*

## DEPARTMENT OF EDUCATION

[Docket No.: ED-2019-ICCD-0124]

### **Agency Information Collection Activities; Comment Request; Accrediting Agencies Reporting Activities for Institutions and Programs—Database of Accredited Postsecondary Institution and Programs (DAPIP)**

**AGENCY:** Office of Postsecondary Education (OPE), Department of Education (ED).

**ACTION:** Notice.

**SUMMARY:** In accordance with the Paperwork Reduction Act of 1995, ED is proposing a revision of an existing information collection.

**DATES:** Interested persons are invited to submit comments on or before November 25, 2019.

**ADDRESSES:** To access and review all the documents related to the information collection listed in this notice, please use <http://www.regulations.gov> by searching the Docket ID number ED-2019-ICCD-0124. Comments submitted

in response to this notice should be submitted electronically through the Federal eRulemaking Portal at <http://www.regulations.gov> by selecting the Docket ID number or via postal mail, commercial delivery, or hand delivery. If the [regulations.gov](http://www.regulations.gov) site is not available to the public for any reason, ED will temporarily accept comments at [ICDocketMgr@ed.gov](mailto:ICDocketMgr@ed.gov). Please include the docket ID number and the title of the information collection request when requesting documents or submitting comments. *Please note that comments submitted by fax or email and those submitted after the comment period will not be accepted.* Written requests for information or comments submitted by postal mail or delivery should be addressed to the Director of the Information Collection Clearance Division, U.S. Department of Education, 550 12th Street SW, PCP, Room 9086, Washington, DC 20202-0023.

**FOR FURTHER INFORMATION CONTACT:** For specific questions related to collection activities, please contact Herman Bounds, 202-453-6128.

**SUPPLEMENTARY INFORMATION:** The Department of Education (ED), in accordance with the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3506(c)(2)(A)), provides the general public and Federal agencies with an opportunity to comment on proposed, revised, and continuing collections of information. This helps the Department assess the impact of its information collection requirements and minimize the public's reporting burden. It also helps the public understand the Department's information collection requirements and provide the requested data in the desired format. ED is soliciting comments on the proposed information collection request (ICR) that is described below. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

*Title of Collection:* Accrediting Agencies Reporting Activities for Institutions and Programs—Database of

Accredited Postsecondary Institution and Programs (DAPIP).

*OMB Control Number:* 1840-0838.

*Type of Review:* A revision of an existing information collection.

*Respondents/Affected Public:* Private Sector.

*Total Estimated Number of Annual Responses:* 6,678.

*Total Estimated Number of Annual Burden Hours:* 555.

*Abstract:* Sections 496(a)(7), (a)(8), (c)(7), and (c)(8) of the Higher Education Act (HEA), and federal regulations at 34 CFR 602.26 and 602.27(a)(6) and (a)(7) contain certain requirements for reporting by recognized accrediting agencies to the Department on the institutions and programs the agencies accredit. The proposed information collection outlines categories of terminology used by accrediting agencies to describe actions and statuses, and provides guidance to federally recognized accrediting agencies on the information to be reported to the Department under 34 CFR 602.26 and 602.27(a)(6) and (a)(7). Some of the reporting discussed is required; some is requested. This collection specifies which is which. It also discusses the channel for reporting this information, whether requested or required, and for reporting information the accrediting agency may wish to submit voluntarily to ensure that the Department's Database of Accredited Postsecondary Institutions and Programs is accurate and comprehensive.

Dated: September 23, 2019.

**Kate Mullan,**

*PRA Coordinator, Information Collection Clearance Program, Information Management Branch, Office of the Chief Information Officer.*

## DEPARTMENT OF ENERGY

### **Federal Energy Regulatory Commission**

[Docket No. CP19-78-000]

### **PennEast Pipeline Company, LLC; Notice of Availability of the Environmental Assessment for the Proposed PennEast Pipeline Project Amendment**

The staff of the Federal Energy Regulatory Commission (FERC or Commission) has prepared an environmental assessment (EA) for the PennEast Pipeline Project Amendment (Amendment Project), proposed by

PennEast Pipeline Company, LLC (PennEast) in the above-referenced docket. PennEast proposes to amend their certificate of public convenience and necessity for the previously approved PennEast Pipeline Project (Docket No. CP15–558–000) that was issued by the Commission on January 19, 2018. The Amendment Project would include four modifications to adjust certain aspects of the design, alignment, workspace, and construction methods for the PennEast Pipeline Project in Luzerne, Carbon, Monroe, and Northampton counties, Pennsylvania.

The EA assesses the potential environmental effects of the construction and operation of the Project in accordance with the requirements of the National Environmental Policy Act (NEPA). The FERC staff concludes that approval of the proposed Project, with appropriate mitigating measures, would not constitute a major federal action significantly affecting the quality of the human environment.

The U.S. Army Corps of Engineers, U.S. Environmental Protection Agency, and U.S. Department of Agriculture—Natural Resources Conservation Service participated as cooperating agencies in the preparation of the EA. Cooperating agencies have jurisdiction by law or special expertise with respect to resources potentially affected by the proposal and participate in the NEPA analysis.

The Amendment Project would consist of the following four proposed modifications to the previously approved PennEast Pipeline Project, all in Pennsylvania:

- Saylor Avenue Realignment [Plains Township (Twp.), Luzerne County]—a 0.4-mile-long pipeline realignment between milepost (MP) 8.5R3 and MP 8.9R3 to address construction feasibility and land use impacts;

- Interstate 81 Workspace Adjustment (Plains Twp., Luzerne County)—a revised horizontal directional drill (HDD) design and workspace adjustment between MP 10.0R2 and 10.4R2 due to historic mines;

- Appalachian Trail PPL Electric Utilities Crossing Realignment (Lower Towamensing Twp., Carbon County, Eldred Twp., Monroe County, and Moore Twp., Northampton County)—a 5.5-mile-long pipeline re-route from MP 48.6R2 to MP 53.6R3 to collocate the crossing of the Appalachian National Scenic Trail along an existing utility corridor, relocation of the Blue Mountain Interconnect, and addition of a 0.5-mile-long, 4-inch-diameter Blue Mountain Lateral; and

- Freemansburg Avenue Realignment (Bethlehem Twp., Northampton County)—a 0.6-mile-long pipeline realignment between MP 69.7R3 and MP 70.8R3 and redesign of construction method from HDD to open cut to avoid karst topography.

The Commission mailed a copy of the *Notice of Availability* to federal, state, and local government representatives and agencies; elected officials; environmental and public interest groups; Native American tribes; potentially affected landowners and other interested individuals and groups; and newspapers and libraries in the Project area. The EA is only available in electronic format. It may be viewed and downloaded from the FERC's website ([www.ferc.gov](http://www.ferc.gov)), on the Environmental Documents page (<https://www.ferc.gov/industries/gas/enviro/eis.asp>). In addition, the EA may be accessed by using the eLibrary link on the FERC's website. Click on the eLibrary link (<https://www.ferc.gov/docs-filing/elibrary.asp>), click on General Search, and enter the docket number in the "Docket Number" field, excluding the last three digits (*i.e.* CP19–78). Be sure you have selected an appropriate date range. For assistance, please contact FERC Online Support at [FercOnlineSupport@ferc.gov](mailto:FercOnlineSupport@ferc.gov) or toll free at (866) 208–3676, or for TTY, contact (202) 502–8659.

Any person wishing to comment on the EA may do so. Your comments should focus on the EA's disclosure and discussion of potential environmental effects, reasonable alternatives, and measures to avoid or lessen environmental impacts. The more specific your comments, the more useful they will be. To ensure that the Commission has the opportunity to consider your comments prior to making its decision on this project, it is important that we receive your comments in Washington, DC on or before 5:00pm Eastern Time on October 21, 2019.

For your convenience, there are three methods you can use to file your comments to the Commission. The Commission encourages electronic filing of comments and has staff available to assist you at (866) 208–3676 or [FercOnlineSupport@ferc.gov](mailto:FercOnlineSupport@ferc.gov). Please carefully follow these instructions so that your comments are properly recorded.

(1) You can file your comments electronically using the eComment feature on the Commission's website ([www.ferc.gov](http://www.ferc.gov)) under the link to Documents and Filings. This is an easy method for submitting brief, text-only comments on a project;

(2) You can also file your comments electronically using the eFiling feature on the Commission's website ([www.ferc.gov](http://www.ferc.gov)) under the link to Documents and Filings. With eFiling, you can provide comments in a variety of formats by attaching them as a file with your submission. New eFiling users must first create an account by clicking on "eRegister." You must select the type of filing you are making. If you are filing a comment on a particular project, please select "Comment on a Filing"; or

(3) You can file a paper copy of your comments by mailing them to the following address. Be sure to reference the project docket number (CP19–78–000) with your submission: Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 888 First Street NE, Room 1A, Washington, DC 20426.

Any person seeking to become a party to the proceeding must file a motion to intervene pursuant to Rule 214 of the Commission's Rules of Practice and Procedures (18 CFR 385.214). Motions to intervene are more fully described at <http://www.ferc.gov/resources/guides/how-to/intervene.asp>. Only intervenors have the right to seek rehearing or judicial review of the Commission's decision. The Commission may grant affected landowners and others with environmental concerns intervenor status upon showing good cause by stating that they have a clear and direct interest in this proceeding which no other party can adequately represent. Simply filing environmental comments will not give you intervenor status, but you do not need intervenor status to have your comments considered.

Additional information about the Project is available from the Commission's Office of External Affairs, at (866) 208–FERC, or on the FERC website ([www.ferc.gov](http://www.ferc.gov)) using the eLibrary link. The eLibrary link also provides access to the texts of all formal documents issued by the Commission, such as orders, notices, and rulemakings.

In addition, the Commission offers a free service called eSubscription which allows you to keep track of all formal issuances and submittals in specific dockets. This can reduce the amount of time you spend researching proceedings by automatically providing you with notification of these filings, document summaries, and direct links to the documents. Go to [www.ferc.gov/docs-filing/esubscription.asp](http://www.ferc.gov/docs-filing/esubscription.asp).

**Kimberly D. Bose,**  
Secretary.
