Rule 13e-1 (17 CFR 240.13e-1) under the Securities Exchange Act of 1934 (U.S.C. 78 *et seq.*) makes it unlawful for an issuer who has received notice that it is the subject of a tender offer made under Section 14(d)(1) of the Exchange Act to purchase any of its equity securities during the tender offer, unless it first files a statement with the Commission containing information required by the rule. This rule is in keeping with the Commission's statutory responsibility to prescribe rules and regulations that are necessary for the protection of investors. Public companies are the respondents. We estimate that it takes approximately 10 burden hours per response to provide the information required under Rule 13e-1 and that the information is filed by approximately 10 respondents. We estimate that 25% of the 10 hours per response (2.5 hours) is prepared by the company for a total annual reporting burden of 25 hours (2.5 hours per response × 10 responses).

An agency may conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid control number.

SUPPLEMENTARY INFORMATION:

I. Background

SBA is planning to issue a proposed rule concerning the 8(a) BD program regulations under RIN 3245-AH70. The proposed rule is intended to clarify regulatory provisions relating to both program eligibility and 8(a) contracts to eliminate confusion among small businesses and procuring activities. SBA anticipates that the proposed rule will be published prior to the tribal consultation meetings and the Listening Session announced in this Notice. SBA is seeking comments and input on the changes identified in the proposed rule.

Among other things, the proposed rule would require an entity, as part of its entity-owned business concern's 8(a) application, to establish a Community Benefits Plan laying out its commitments to give back to the Native community in several specific identified ways. SBA understands that not all of those commitments will come to fruition. Projected givebacks may be unattainable where actual revenues do not meet expectations or if other unforeseen business needs occur. However, SBA believes that there should be some programmatic consequences where estimated revenues were obtained but not all the committed benefits are given to the community. SBA is considering proposing certain consequences to the regulations to encourage entities to meet their commitments. SBA is seeking comments on what type of consequences should be imposed where SBA determines that an entity has not made good faith efforts to meet its stated commitments. One possibility that SBA is considering would be to disallow that entity from admitting any new business concerns to the 8(a) BD program until the entity meets the previous commitments with its business concern(s) already participating in the program. SBA is also considering whether there should be any other restrictions, such as restricting the award of additional sole source 8(a) contracts to any 8(a) Participant owned by the entity if SBA determines that the entity did not make good faith efforts to meet the commitments set forth in its Community

Benefits Plan. SBA specifically asks for comments as to whether these consequences would be fair and reasonable. Additionally, SBA is seeking input on how best to encourage entities to meet their stated give-back goals.

In addition to the above referenced regulatory proposals, SBA is contemplating making the following substantive changes to the regulations governing the 8(a) BD program, and requests comments and input on how best to develop proposed regulatory revisions. Any such revisions would not be promulgated under RIN 3245-AH70; rather, SBA would propose them under a separate rulemaking after considering testimony from the tribal consultation meetings and the Listening Session.

The 8(a) BD program has positively impacted Native American communities through individual as well as tribal, ANC, and NHO participation. The dual purposes of tribal/ANC/NHO participation in the 8(a) BD program are: to develop viable small business concerns while at the same time creating opportunities to provide significant benefits to the Native communities that they serve. In this regard, SBA accepts that a portion of an entity-owned Participant's receipts must be retained for business development purposes. However, the clear legislative intent of entity participation in the 8(a) BD program is to benefit Native and underserved communities using the revenues derived from the program. Thus, while SBA recognizes that in-kind contributions can be beneficial to Native and underserved communities, SBA believes entities participating in the 8(a) BD program should contribute a portion of their receipts to the communities they serve. SBA seeks to ensure that both of these purposes are advanced and invites comments on how best that can be accomplished.

Since 2011, the 8(a) BD regulations have required each Participant owned by a Tribe, ANC, or NHO to annually submit to SBA information showing how the Tribe, ANC, or NHO has provided benefits to the applicable Native community due to the Tribe's/ANC's/NHO's participation in the 8(a) BD program through one or more firms. SBA is considering a proposal to require more precise cash benefit distributions to the applicable Native community to standardize SBA's collection and tracking of community benefits and in response to an observation that not all entities appear to be allocating an appropriate share of their 8(a) receipts to the communities they serve. To this end, some entity-owned Participants appear to report significant benefits

primarily or exclusively in the form of in-kind contributions and, specifically, volunteer work performed by principals of the entity or its Participants.

SBA is considering a rule that would propose to establish a target that a certain percentage of the entity's 8(a) receipts combined from all its Participants should be distributed as a cash contribution to benefit the Native or underserved community. SBA is specifically seeking comments on: the target percentage amount that should be distributed as a cash contribution; whether the target should be tied to an entity's gross 8(a) receipts, or to profits derived by the entity's 8(a) Participants; whether the target percentage amount should increase based on how long an entity has owned business concerns participating in the 8(a) BD program or based on the number of Participants an entity owns; whether certain non-cash contributions or investments in the community should be considered in this measurement, including, but not limited to, community member employment; and any other measures SBA should consider to promote the dual purposes of tribal/ANC/NHO participation in the 8(a) BD program. The SBA additionally welcomes any estimates of costs to meet this requirement annually, as well as any feasibility concerns with such a requirement. The SBA also welcomes comments from any entity that has other proposed methods to track community benefits and reinvestment.

II. Tribal Consultation Meetings

The purpose of these tribal consultation meetings is to conform to the requirements of Executive Order 13175, Consultation and Coordination With Indian Tribal Governments (65 FR 67249), and SBA's Tribal Consultation Policy (<https://www.sba.gov/document/support-sba-tribal-consultation-policy>); to provide interested parties with an opportunity to discuss their views on the issues; and for SBA to obtain the views of SBA's stakeholders on approaches to the 8(a) BD program regulations. SBA considers tribal consultation meetings a valuable component of its deliberations and believes that this tribal consultation meeting will allow for constructive dialogue with the Tribal community, Tribal Leaders, Tribal Elders, elected members of Alaska Native Villages or their appointed representatives, and principals of tribally-owned and ANC-owned firms participating in the 8(a) BD program.

The format of these tribal consultation meetings will consist of a panel of SBA representatives who will preside over the session. The oral and written

testimony as well as any comments SBA receives will become part of the administrative record for SBA's consideration. Written testimony may be submitted in lieu of oral testimony. SBA will analyze the testimony, both oral and written, along with any written comments received. SBA officials may ask questions of a presenter to clarify or further explain the testimony. The purpose of the tribal consultation is to assist SBA with gathering information to guide SBA's review process and to potentially develop new proposals. SBA requests that the comments focus on SBA's planned rulemaking relating to the 8(a) BD program, general issues as they pertain to the 8(a) BD regulations, or the unique concerns of the Tribal communities. SBA requests that commenters do not raise issues pertaining to other SBA small business programs. Presenters are encouraged to provide a written copy of their testimony. SBA will accept written material that the presenter wishes to provide that further supplements his or her testimony. Electronic or digitized copies are encouraged.

Each tribal consultation meeting will be held for one day. The meeting in Anchorage, Alaska will begin at 9:00 a.m. and end at 2:30 p.m. (AKST), with a break from 12:00 p.m. to 1:00 p.m.; the meeting in Albuquerque, New Mexico will begin at 10:00 a.m. and end at 3:00 p.m. (MDT), with a break from 12:30 p.m. to 1:30 p.m.; the meeting in Oklahoma City, Oklahoma will begin at 10:00 a.m. and end at 3:00 p.m. (CDT), with a break from 12:30 p.m. to 1:30 p.m.; the meeting in Washington, DC will begin at 10:00 a.m. and end at 3:00 p.m. (EDT), with a break from 12:30 p.m. to 1:30 p.m.; and the Listening Session in Honolulu, Hawaii will begin at 10:00 a.m. and end at 3:00 p.m. (HST), with a break from 12:30 p.m. to 1:30 p.m. SBA will adjourn early if all those scheduled have delivered their testimony.
