

entirety will be required for all owners of vessels registered to a limited entry trawl endorsed permit, a mothership permit, or a catcher processor permit, owners of a first receiver site license, and owners or lessees of a shorebased processor that received round or headed-and-gutted IFQ species groundfish or whiting from a first receiver. This is in contrast to the 2009 and 2010 data collection which allowed entities that did not harvest or process any groundfish to complete only the first four pages of the forms.

Other minor modifications to the catcher vessel forms include asking for information about lease dates of the vessel, and the addition of several expense categories based on feedback from the 2009 and 2010 data collections. The first receiver and shorebased processor form was modified to better align with accounting practices and to clarify the information required for reporting fish purchases. There were no other changes to the mothership or catcher processors forms.

Affected Public: Business or other for-profit organizations.

Frequency: Annually.

Respondent's Obligation: Mandatory.
