

DEPARTMENT OF THE INTERIOR**National Park Service****Information Collection; Request for Extension**

AGENCY: National Park Service, Interior.

ACTION: Notice of request for a currently approved information collection.

SUMMARY: In compliance with the Paperwork Reduction Act of 1995 and 5 CFR part 1320, the National Park Service (NPS) is announcing its intention to request an extension for a currently approved information collection (OMB Control Number 1024-0029) under 36 CFR part 51 relating to Concessioner Annual Financial Reports. This program will measure performance in meeting goals as required by the 1995 Government Performance and Results Act. Send comments on: (1) The need for the collection of information for the performance of the functions of the agency; (2) the accuracy of the agency's burden estimates; (3) ways to enhance the quality, utility and clarity of the information collection; (4) and ways to minimize the information collection burden on respondents, such as use of automated means of collection of the information.

DATES: Comments on this notice must be received no later than January 20, 2004.

ADDITIONAL INFORMATION OR COMMENTS: Contact Cynthia Orlando, Concession Program Manager, National Park Service, 1849 C Street, NW., (2410) Washington, DC 20240, or (202) 513-7144.

SUPPLEMENTARY INFORMATION:

Title: Concessioner Annual Financial Report.

OMB Control Number: 1024-0029.

Expiration Date of Approval: December 31, 2003.

Type of Request: Extension of a currently approved information collection.

Abstract: The regulations at 36 CFR part 51 primarily implement title IV of the National Parks Omnibus Management Act of 1998 (Pub. L. 105-391 or the Act), which requires that the Secretary of the Interior exercise authority in a manner consistent with a reasonable opportunity for a concessioner to realize a profit on his operation as a whole commensurate with the capital invested and the obligations assumed. It also requires that franchise fees be determined with consideration to the opportunity for net profit in relation to both gross receipts and capital invested. The financial information being collected is necessary

to provide insight into and knowledge of the concessioner's operation so that this authority can be exercised and franchise fees determined in a timely manner and without an undue burden on the concessioner.

Bureau Form Number: 10-356, 10-356a, 10-356b.

Frequency of Collection: Annually.

Description of Respondents: National Park Service concessioners.

Total Annual Responses: 500.

Estimate of Burden: Approximately 20 hours per response.

Total Annual Burden Hours: 3,800.

Total Non-hour Cost Burden: None.

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record. Copies of the information collection can be obtained from Cynthia L. Orlando, Concession Program Manager, National Park Service, Department of the Interior, 1849 C Street, NW., (2410), Washington, DC 20240.

Dated: October 15, 2003.

DEPARTMENT OF INTERIOR**National Park Service****60-Day Notice of Intention To Request Clearance of Collection of Information; Opportunity for Public Comment**

AGENCY: National Park Service, Department of Interior.

ACTION: Notice of intended submission to the Office of Management and Budget (OMB) and request for comments.

SUMMARY: Under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. 3507 *et seq.*) and 5 CFR part 1320, the National Park Service (NPS) invites comments on its intention to request OMB to approve information collections associated with Historic Preservation Fund (HPF) grants to Historically Black Colleges and Universities (HBCUs). These are existing collections in use without an OMB control number. Section 101(e)(3)(B) of the National Historic Preservation Act, as amended, (16 U.S.C. 470a(e)(3)(B)) provides general authorization for this kind of grant program. Section 507 of the Omnibus Parks and Public Land Management Act of 1996 (P.L. 104-333), as amended (16 U.S.C. 470a note) specifically mandates grants to HBCUs.

The purpose of the HPF grants-to-HBCUs program is to assist in the preservation and restoration of historic buildings and structures on the campuses of Historically Black Colleges and Universities.

DATES: To assure that the NPS considers your comments on this notice, NPS must receive the comments on or before January 20, 2004.

SUPPLEMENTARY INFORMATION:

Title: Historic Preservation Fund grants to Historically Black Colleges and Universities.

OMB Number: 1024-xxxx.

Expiration Date of Approval: Being requested from OMB.

Type of Request: Existing collection in use without an OMB control number.

Abstract: This information collection has an impact on not for profit institutions that wish to apply for Historic Preservation Fund grants to Historically Black Colleges and Universities to preserve and restore historic buildings and structures on campus. The NPS uses the information collections to ensure compliance with the requirements of section 507 of the Omnibus Parks and Public Land Management Act of 1996 (Pub. L. 104-333), as amended (16 U.S.C. 470a note) and the government-wide grant requirements that OMB has issued and the Department of the Interior implements through 43 CFR part 12. This information collection also will produce performance data that NPS uses to assess its progress in meeting goals set in Departmental and NPS strategic plans created pursuant to the 1993 Government Performance and Results Act, as amended.

Respondents: Not for profit institutions.

Estimate of Burden: NPS estimates that the public burden for the HPF grants for HBCUs program collection of information will average 10 hours per

application and 21 hours per grant per year for all of the grant-related collections. The combined total public burden for the HPF grants-for-HBCUs program-related information collections would average 31 hours per successful applicant/grantee. These estimates of burden include time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and reviewing the collection of information.

Estimated Number of Respondents/Record Keepers: NPS estimates that there are 335 responses per year. This is the gross number of responses for all of the elements included in this information collection. The net numbers of applicants and grantees participating in this information collection annually are 47 applicants and from among them 24 grantees. The frequency of response varies depending upon the activity. Applicants complete the grant application once. Successful applicants execute the grant agreement once and usually seek an amendment once during the two-year grant cycle. During the grant cycle, grantees seek NPS approval once for qualified consultants, plans and specifications, and the final report. There are three on-site inspections during the course of the two-year grant. There is one on-site inspection at the beginning of the project, one in the middle, and one at the end of the project. Grantees comply with government-wide record-keeping requirements throughout the duration of the grant. Grantees provide one interim report per year and usually make requests for payment six times a year.

Estimated average number of Applicant responses: 47 annually.

Estimated average gross number of Grantee responses: 288 annually.

Estimated average gross number of responses: 335 annually.

Estimated average burden hours per Applicant response: 10 hours.

Estimated average burden hours per Grantee response: 2 hours.

Estimated average annual burden hours per Grantee for all responses: 21 hours.

Estimated total annual average burden hours per respondent: 31 hours.

Estimated Annual Burden on Respondents: 957 hours.

NPS is soliciting comments regarding:

(1) Whether the collection of information is necessary for the proper performance of the functions of NPS, including whether the information will have practical utility;

(2) The accuracy of the burden estimate including the validity of the method and assumptions used;

(3) Ways to enhance the quality, utility, and clarity of the information to be collected;

(4) Ways to minimize the burden of collecting the information, including through the use of appropriate automated, electronic, mechanical, or other forms of information technology; or,

(5) Any other aspect of this collection of information.

NPS will summarize and include in the request for OMB approval all responses to this notice. All comments will also become a matter of public record. You can obtain copies of the information collection from John W. Renaud, Project Coordinator, State, Tribal and Local Programs, Heritage Preservation Services, National Center for Cultural Resources, National Park Service, 1849 C St., NW., Org. Code 2255, Washington, DC 20240-0001

Dated: October 28, 2003.

DEPARTMENT OF THE INTERIOR

National Park Service

60 Day Notice of Intention To Request Clearance of Collection of Information; Opportunity for Public Comment

AGENCY: Department of the Interior, National Park Service, Yellowstone National Park.

ACTION: Notice and request for comments.

SUMMARY: The Yellowstone National Park Wolf Economic Study will provide park managers and others with important, accurate information about the Yellowstone National Park visitor population in general as well as visitor and trip characteristics of those who specifically view wolves in the park. The importance of visitation specifically tied to wolves in the park will be examined. The mail-back questionnaire is designed to systematically collect data from visitors in several different topic areas: Individual characteristics, trip/visit characteristics, individual activities and individual opinions on park and wildlife management.

Yellowstone National Park Wolf Economic Study ..	5,000	1,917

Under provisions of the Paperwork Reduction Act of 1995 and 5 CFR part 1320, Reporting and Record Keeping Requirements, the National Park Service is soliciting comments on the need for gathering the information in the proposed surveys. The NPS also is asking for comments on the practical utility of the information being gathered; the accuracy of the burden hour estimate; ways to enhance the quality, utility, and clarity of the information to be collected; and ways to minimize the burden to respondents, including use of automated information collection techniques or other forms of information technology.

The NPS goal in conducting this survey is to develop statistically valid estimates of Yellowstone National Park visitation and to evaluate the economic effects of wolf restoration in the context of an accurate regional economic model that measures the role of Yellowstone National Park in the overall regional economy. The broader information on visitation, visitor demographics, and the regional economy will have application to other park planning efforts where reliable visitation and economic data is needed for evaluation of project proposals and other management issues.

DATES: Public comments will be accepted on or before 60 days from the date of publication in the **Federal Register**.

Send Comments to: Dr. John Duffield, University of Montana, Department of Economics, Missoula, MT 59812.

Type of request: Request for new clearance.

Description of need: Wolf restoration in Yellowstone is an internationally important wildlife conservation success story. The visibility and public interest in wolves, wolf viewing, and wolf-based education programs has far exceeded initial expectations. A major public issue with wolf restoration was the cost to implement, in tax dollars, versus
