

and local agencies who decide to obtain OCA information must send a written request on their official letterhead to EPA certifying that they are covered persons under Public Law 106-40, and that they will use the information for official use only. EPA will then provide paper copies of OCA data to those agencies as requested. The rule authorizes and encourages state and local agencies to set up reading rooms. The local reading rooms would provide read-only access to OCA information for all the sources in the LEPC's jurisdiction and for any source where the vulnerable zone extends into the LEPC's jurisdiction.

Members of the public requesting to view OCA information at federal reading rooms would be required to sign in and self certify. If asking for OCA information from federal reading rooms for the facilities in the area where they live or work, they would be required to provide proof that they live or work in that area. Members of the public are required to give their names, telephone number, and the names of the facilities for which OCA information is being requested, when they contact the central office to schedule an appointment to view OCA information.

Burden Statement: The annual public reporting and recordkeeping burden for this collection of information is estimated to average approximately 2 hours per response. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

Respondents/Affected Entities: State and local agencies and the public.

Estimated Number of Respondents: 4,155.

Frequency of Response: Annual, On occasion.

Estimated Total Annual Burden Hours: 9,330 hours.

Estimated Total Annual Cost: \$322,095, which includes \$100 annual O&M cost.

Changes in the Estimates: There is slight decrease in burden and costs from

the previous ICR due to updated data on the number of people visiting the reading rooms to obtain OCA data, therefore reducing the burden on state and local agencies to provide the data.
