

contacting Ms. Dobis. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States.

SUPPLEMENTARY INFORMATION: The Cedar Fields Proposed RMP Amendment would change the existing Monument RMP.

The Cedar Fields Proposed RMP Amendment/Final EIS analyzes management options for the BLM-managed portions of the Cedar Fields Project Area (Project Area) that were not evaluated in the EIS for the 1985 Monument RMP. Its purpose is to consider a range of reasonable alternatives for managing recreation use while providing cultural resource protection on BLM-managed lands and adjacent U.S. Bureau of Reclamation-managed lands in the Project Area. This will be done in a manner that maintains the values identified in the 1985 Monument RMP and the 1999 American Falls Archaeological District (AFAD) listing on the National Register of Historic Places. The five alternatives range from reducing the area available for rock climbing and off-highway vehicle use to limiting the type of rock climbing allowed in the AFAD.

The BLM initiated the land use planning process on August 23, 2011, through a Notice of Intent published in the **Federal Register** (76 FR 52687), which notified the public of a formal scoping period and solicited public participation in the planning process. The BLM held three scoping meetings in September and October 2011 in Pocatello, Burley, and American Falls, Idaho. Based on public input gathered during initial scoping and from stakeholders throughout the process, the BLM formulated the five alternatives considered and analyzed in the Cedar Fields Proposed RMP Amendment/Final EIS.

Comments received on the Cedar Fields Draft RMP Amendment/Draft EIS were considered and incorporated as appropriate into the Proposed RMP Amendment/Final EIS. Public comments resulted in the addition of clarifying text but did not significantly change proposed decisions.

Protest of the Proposed RMP Amendment

BLM planning regulations state that any person who participated in the preparation of the RMP and has an interest that will or might be adversely affected by approval of the Proposed RMP Amendment may protest its approval to the BLM. Protest on the

Proposed RMP Amendment constitutes the final opportunity for administrative review of the proposed land use planning decisions prior to the BLM adopting an approved RMP Amendment. Instructions for filing a protest with the BLM regarding the Proposed RMP Amendment may be found online (see **ADDRESSES**). All protests must be in writing and mailed to the appropriate address or submitted electronically through the BLM ePlanning project website (see **ADDRESSES**). Protests submitted electronically by any means other than the ePlanning project website or by fax will be invalid unless a hard copy of the protest is also submitted. The BLM will render a written decision on each protest. The protest decision shall be the final decision of the Department of the Interior. Responses to valid protest issues will be compiled and documented in a Protest Resolution Report made available following the protest resolution online at: <https://www.blm.gov/programs/planning-and-nepa/public-participation/protest-resolution-reports>. Upon resolution of protests, the BLM will issue a Record of Decision and Approved RMP.

Before including your phone number, email address, or other personal identifying information in your protest, you should be aware that your entire protest—including your personal identifying information—may be made publicly available at any time. While you can ask us in your protest to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

INTERNATIONAL TRADE COMMISSION

[Investigation No. 337–TA–1320]

Certain Universal Golf Club Shaft and Golf Club Head Connection Adaptors, Certain Components Thereof, and Products Containing the Same; Notice of a Commission Determination Not to Review an Initial Determination Finding Respondent Top Golf in Default; Request for Written Submissions on Remedy, the Public Interest, and Bonding

AGENCY: U.S. International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that the U.S. International Trade Commission (“Commission”) has determined not to review an initial determination (“ID”) (Order No. 7) of the presiding administrative law judge (“ALJ”), finding respondent Top Golf Equipment Co. Limited (“Top Golf”) in default. The Commission requests written submissions from the parties, interested government agencies, and other interested persons on the issues of remedy, the public interest, and bonding, under the schedule set forth below.

FOR FURTHER INFORMATION CONTACT:

Cathy Chen, Office of the General Counsel, U.S. International Trade Commission, 500 E Street SW, Washington, DC 20436, telephone 202–205–2392. Copies of non-confidential documents filed in connection with this investigation may be viewed on the Commission’s electronic docket (EDIS) at <https://edis.usitc.gov>. For help accessing EDIS, please email EDIS3Help@usitc.gov. General information concerning the Commission may also be obtained by accessing its internet server at <https://www.usitc.gov>. Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission’s TDD terminal on (202) 205–1810.

SUPPLEMENTARY INFORMATION: The Commission instituted this investigation on June 27, 2022, based on a complaint filed on behalf of Club-Conex, LLC of Scottsdale, Arizona. 87 FR 38179 (Jun. 27, 2022). The complaint, as supplemented, alleges violations of section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337, in the importation into the United States, the sale for importation, or the sale within the United States after importation of certain universal golf club shaft and golf club head connection adaptors, certain components thereof, and products containing the same by reason of the infringement of certain claims of U.S. Patent No. 7,857,709 (“the ‘709 patent”) and U.S. Patent No. 8,562,454 (“the ‘454 patent”). *Id.* The complaint further alleges that a domestic industry exists. *Id.* The Commission’s notice of investigation named Top Golf of China as the sole respondent. *Id.* The Office of Unfair Import Investigations (“OUII”) is participating in the investigation. *Id.*

On August 16, 2022, the ALJ issued Order No. 6 pursuant to Commission Rule 210.16, 19 CFR 210.16, directing respondent Top Golf to show cause why it should not be found in default and

why judgment should not be rendered against it for failing to respond to the complaint and notice of investigation. Order No. 6 directed Top Golf to make any showing of good cause by no later than August 31, 2022. No party responded to Order No. 6.

On September 26, 2022, the ALJ issued the subject ID finding Top Golf in default pursuant to Commission Rule 210.16. No petitions for review were filed.

The Commission has determined not to review the subject ID. Respondent Top Golf has been found in default.

In connection with the final disposition of this investigation, the statute authorizes issuance of, *inter alia*, (1) an exclusion order that could result in the exclusion of the subject articles from entry into the United States; and/or (2) a cease and desist order that could result in the respondent being required to cease and desist from engaging in unfair acts in the importation and sale of such articles. Accordingly, the Commission is interested in receiving written submissions that address the form of remedy, if any, that should be ordered. If a party seeks exclusion of an article from entry into the United States for purposes other than entry for consumption, the party should so indicate and provide information establishing that activities involving other types of entry either are adversely affecting it or likely to do so. For background, see *Certain Devices for Connecting Computers via Telephone Lines*, Inv. No. 337-TA-360, USITC Pub. No. 2843, Comm'n Op. at 7-10 (Dec. 1994).

The statute requires the Commission to consider the effects of that remedy upon the public interest. The public interest factors the Commission will consider include the effect that an exclusion order and a cease and desist order would have on: (1) the public health and welfare, (2) competitive conditions in the U.S. economy, (3) U.S. production of articles that are like or directly competitive with those that are subject to investigation, and (4) U.S. consumers. The Commission is therefore interested in receiving written submissions that address the aforementioned public interest factors in the context of this investigation.

If the Commission orders some form of remedy, the U.S. Trade Representative, as delegated by the President, has 60 days to approve, disapprove, or take no action on the Commission's determination. See Presidential Memorandum of July 21, 2005, 70 FR 43251 (July 26, 2005). During this period, the subject articles would be entitled to enter the United

States under bond, in an amount determined by the Commission and prescribed by the Secretary of the Treasury. The Commission is therefore interested in receiving submissions concerning the amount of the bond that should be imposed if a remedy is ordered.

Written Submissions: Parties to the investigation, interested government agencies, and any other interested parties are encouraged to file written submissions on the issues of remedy, the public interest, and bonding.

In its initial submission, Complainant is also requested to identify the remedy sought and Complainant and OUI are requested to submit proposed remedial orders for the Commission's consideration. Complainant is further requested to provide the HTSUS subheadings under which the accused products are imported, and to supply the identification information for all known importers of the products at issue in this investigation. The initial written submissions and proposed remedial orders must be filed no later than close of business on November 3, 2022. Reply submissions must be filed no later than the close of business on November 10, 2022. No further submissions on these issues will be permitted unless otherwise ordered by the Commission.

Persons filing written submissions must file the original document electronically on or before the deadlines stated above. The Commission's paper filing requirements in 19 CFR 210.4(f) are currently waived. 85 FR 15798 (March 19, 2020). Submissions should refer to the investigation number (Inv. No. 337-TA-1320) in a prominent place on the cover page and/or the first page. (See Handbook for Electronic Filing Procedures, https://www.usitc.gov/documents/handbook_on_filing_procedures.pdf). Persons with questions regarding filing should contact the Secretary, (202) 205-2000.

Any person desiring to submit a document to the Commission in confidence must request confidential treatment by marking each document with a header indicating that the document contains confidential information. This marking will be deemed to satisfy the request procedure set forth in Rules 201.6(b) and 210.5(e)(2) (19 CFR 201.6(b) & 210.5(e)(2)). Documents for which confidential treatment by the Commission is properly sought will be treated accordingly. Any non-party wishing to submit comments containing confidential information must serve those comments on the parties to the investigation pursuant to the applicable

Administrative Protective Order. A redacted non-confidential version of the document must also be filed with the Commission and served on any parties to the investigation within two business days of any confidential filing. All information, including confidential business information and documents for which confidential treatment is properly sought, submitted to the Commission for purposes of this investigation may be disclosed to and used: (i) by the Commission, its employees and Offices, and contract personnel (a) for developing or maintaining the records of this or a related proceeding, or (b) in internal investigations, audits, reviews, and evaluations relating to the programs, personnel, and operations of the Commission including under 5 U.S.C. Appendix 3; or (ii) by U.S. government employees and contract personnel, solely for cybersecurity purposes. All contract personnel will sign appropriate nondisclosure agreements. All nonconfidential written submissions will be available for public inspection on EDIS.

The Commission vote for this determination took place on October 20, 2022.

The authority for the Commission's determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in Part 210 of the Commission's Rules of Practice and Procedure (19 CFR part 210).

By order of the Commission.

Issued: October 20, 2022.

Katherine Hiner,

Acting Secretary to the Commission.
