SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-62528; File No. SR-BX-2010-048]

Self-Regulatory Organizations; NASDAQ OMX BX, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Extending the Pilot Period To Receive Inbound Routes of Orders From Nasdaq Execution Services

July 19, 2010

Pursuant to Section 19(b)(1) ¹ of the Securities Exchange Act of 1934 (“Act”) and Rule 19b-4 thereunder,² notice is hereby given that, on July 15, 2010, NASDAQ OMX BX, Inc. (the “Exchange” or “BX”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I and II, below, which Items have been prepared by BX. The Exchange has designated the proposed rule change as constituting a non-controversial rule change under Rule 19b-4(f)(6) under the Act,³ which renders the proposal effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of the Substance of the Proposed Rule Change

BX submits this proposed rule change to extend the pilot period of BX’s prior approval to receive inbound routes of equities orders from Nasdaq Execution Services, LLC (“NES”) through January 15, 2011.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, BX included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. BX has prepared summaries, set forth in Sections A, B,

and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

Currently, NES is the approved outbound routing facility of the NASDAQ Stock Market LLC (“NASDAQ”) for cash equities, providing outbound routing from NASDAQ to other market centers.⁴ BX also has been previously approved to receive inbound routes of equities orders by NES in its capacity as an order routing facility of NASDAQ on a pilot basis.⁵ The Exchange hereby seeks to extend a previously approved pilot period for such inbound routing (with the attendant obligations and conditions) for an additional 6 months from the date of this filing through January 15, 2011.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with the provisions of Section 6 of the Act,⁶ in general, and with Section 6(b)(5) of the Act,⁷ in particular, in that the proposal is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in

securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. Specifically, the proposed rule change will allow the Exchange to continue receiving inbound routes of equities orders from NES acting in its capacity as a facility of Nasdaq, in a manner consistent with prior approvals and established protections. The Exchange believes that extending the previously approved pilot period for six months is of sufficient length to permit both the Exchange and the Commission to assess the impact of the Exchange’s authority to receive direct inbound routes of equities orders via NES (including the attendant obligations and conditions).

B. Self-Regulatory Organization’s Statement on Burden on Competition

BX does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing rule change does not: (1) Significantly affect the protection of investors or the public interest; (2) impose any significant burden on competition; and (3) become operative for 30 days after the date of this filing, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act⁸ and Rule 19b-4(f)(6) thereunder.⁹

A proposed rule change filed under 19b-4(f)(6) normally may not become operative prior to 30 days after the date of filing.¹⁰ However, Rule 19b-4(f)(6)(iii)¹¹ permits the Commission to designate a shorter time if such action is consistent with the protection of

⁸ 15 U.S.C. 78s(b)(3)(A).

⁹ 17 CFR 240.19b-4(f)(6).

¹⁰ 17 CFR 240.19b-4(f)(6)(iii). In addition, Rule 19b-4(f)(6)(iii) requires that a self-regulatory organization submit to the Commission written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.

investors and the public interest. BX has requested that the Commission waive the 30-day operative delay. BX notes that the proposal will allow the Exchange to continue receiving inbound routes of equities orders from NES, in a manner consistent with prior approvals and established protections, while also permitting the Exchange and the Commission to assess the impact of the pilot.¹² The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest because such waiver would allow the pilot period to be extended without undue delay through January 15, 2011. For this reason, the Commission designates the proposed rule change to be operative upon filing with the Commission.¹³

At any time within 60 days of the filing of such proposed rule change the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors or otherwise in furtherance of the purposes of the Act.

[Release No. 34-62523; File No. SR-ISE-2010-73]

Self-Regulatory Organizations; International Securities Exchange, LLC; Notice of Filing of Proposed Rule Change Relating to Modified Rules for Qualified Contingent Cross Orders

July 16, 2010.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on July 14, 2010, the International Securities Exchange, LLC ("Exchange" or "ISE") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II, and III below, which items have been prepared by the self-regulatory organization. The Commission is publishing this notice to

solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange is proposing modified Qualified Contingent Cross Orders.³ The text of the proposed rule change is as follows, with deletions in [brackets] and additions in *italics*:

Rule 715. Types of Orders

(a) through (i) no change.

(j) *Qualified Contingent Cross Order. A Qualified Contingent Cross Order is comprised of an order to buy or sell at least 1000 contracts that is identified as being part of a qualified contingent trade, as that term is defined in Supplementary Material .01 below, coupled with a contra-side order to buy or sell an equal number of contracts.*

(k) through (l) no change.

Supplementary Material to Rule 715

.01 A "qualified continent trade" is a transaction consisting of two or more component orders, executed as agent or principal, where:

(a) *At least one component is an NMS Stock, as defined in Rule 600 of Regulation NMS under the Exchange Act;*

(b) *all components are effected with a product or price contingency that either has been agreed to by all the respective counterparties or arranged for by a broker-dealer as principal or agent;*

(c) *the execution of one component is contingent upon the execution of all other components at or near the same time;*

(d) *the specific relationship between the component orders (e.g., the spread between the prices of the component orders) is determined by the time the contingent order is placed;*

(e) *the component orders bear a derivative relationship to one another, represent different classes of shares of the same issuer, or involve the securities of participants in mergers or with*

³ The Exchange first proposed to adopt Qualified Contingent Cross Orders in SR-ISE-2009-35. *Infra* note 6. This proposal was approved by the Division of Trading and Markets ("Division") pursuant to delegated authority, *infra* note 7, but this approval was stayed by a petition seeking fully Commission review. *Infra* note 8. The Exchange is now submitting this new proposed rule change that modifies the initial proposal, along with a letter requesting that the Commission vacate the Division's approval of SR-ISE-2009-35 simultaneously with approval of this modified proposal. Letter from Michael J. Simon, Secretary and General Counsel, ISE, dated July 14, 2010. The rule text presented in this proposed rule change shows proposed changes to ISE's rules as if the Commission vacated the Division's approval of SR-ISE-2009-35.

¹² See *supra* Section II.A.2.

¹³ For the purposes only of waiving the 30-day operative delay, the Commission has considered the proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).
