SUPPLEMENTARY INFORMATION: Title: 30 CFR Part 210—Forms and Reports.

OMB Control Number: 1010-0140.

Bureau Form Number: Form MMS-2014.

Abstract: The Secretary of the U.S. Department of the Interior is responsible for matters relevant to mineral resource development on Federal and Indian lands and the Outer Continental Shelf (OCS). The Secretary, under the Mineral Leasing Act (30 U.S.C. 1923) and the Outer Continental Shelf Lands Act (43 U.S.C. 1353), is responsible for managing the production of minerals from Federal and Indian lands and the

OCS, collecting royalties from lessees who produce minerals, and distributing the funds collected in accordance with applicable laws.

The Secretary has a trust responsibility to manage Indian lands and seek advice and information from Indian beneficiaries. The MMS performs the royalty management functions and assists the Secretary in carrying out the Department's trust responsibility for Indian lands.

The Federal Oil and Gas Royalty Management Act (FOGRMA) of 1982, 30 U.S.C. 1701 *et seq.*, states in Section 101(a) that the Secretary " * * shall establish a comprehensive inspection, collection, and fiscal and production accounting and auditing system to provide the capability to accurately determine oil and gas royalties, interest, fines, penalties, fees, deposits, and other payments owed, and collect and account for such amounts in a timely manner." The MMS collects the information on Form MMS-2014, Report of Sales and Royalty Remittance, which is the only document used for reporting oil and gas royalties, certain rents, and other lease-related transactions (e.g., transportation and processing allowances, lease adjustments, and quality and location differentials). The information collected includes data necessary to ensure that the royalties are paid appropriately.

The persons or entities described under FOGRMA at 30 U.S.C. 1713 are required to make reports and submit reasonable information as defined by the Secretary. When a company or an individual enters into a lease to explore, develop, produce, and dispose of minerals from Federal or Indian lands, that company or individual agrees to pay the lessor a share (royalty) of the value received from production from the leased lands. The lease creates a business relationship between the lessor and the lessee. The lessee is required to report various kinds of information to the lessor relative to the disposition of the leased minerals. Such information is similar to data reported to private and public mineral interest owners and is generally available within the records of the lessee or others involved in developing, transporting, processing, purchasing, or selling of such minerals.

Public laws pertaining to mineral royalties are located on our Web site at http://www.mrm.mms.gov/Laws_R_D/PublicLawsAMR.htm.

The MMS is requesting OMB's approval to continue to collect this information using Form MMS-2014. Not collecting this information would limit the Secretary's ability to discharge his/her duties and may also result in
