Study of Implementation and Outcomes: Early Childhood Language Development (ECLD)

OMB Control Number: 1850-0871

Agency Form Number(s): N/A

Frequency of Responses: once

Affected Public: Not-for-profit institutions

Total Estimated Number of Annual Responses: 24,120

Total Estimated Annual Burden Hours: 9,385

Abstract: The study is being conducted as part of the National Assessment of Title I, mandated by Title I, Part E, Section 1501 of the Elementary and Secondary Education Act. The study is designed to identify school programs and instructional practices associated with improved language development, background knowledge, and comprehension outcomes for children in prekindergarten through third grade. Analyses will estimate the associations between instructional programs and practices and student outcomes to inform future rigorous evaluation of strategies to improve language and comprehension outcomes for at-risk children in these early years of school. We will identify 10 locations

for the study, including seven-eight of the largest urban school districts and two-three states with large Title I populations. Within each of the 10 locations, we will select five high-performing and five low-performing schools. Within each school, we will randomly sample an average of three classrooms per grade. Within each classroom, we will randomly sample eight students. Students will be assessed in fall and spring. Principals, teachers, and parents will be surveyed once, and students' classrooms will be observed twice in the fall and twice in the spring. Information from students' school records will be extracted at the end of the school year.

Title of Collection: Report of Randolph-Sheppard Vending Facility Program.

OMB Control Number: 1820-0009.

Agency Form Number(s): N/A.

Frequency of Responses: Annually.

Affected Public: State, Local, or Tribal Government, State Educational Agencies or Local Educational Agencies.

Total Estimated Number of Annual Responses: 52.

Total Estimated Annual Burden Hours: 702.

Abstract: The Vending Facility Program authorized by the Randolph-Sheppard Act provides persons who are blind with remunerative employment and self-support through the operation of vending facilities on federal and other property. Under the Randolph-Sheppard

Program, state licensing agencies recruit, train, license and place individuals who are blind as operators of vending facilities (including cafeterias, snack bars, vending machines, etc.) located on federal and other properties. In statute at 20 U.S.C. 107a(6)(a), the Secretary of Education is directed through the Commissioner of the Rehabilitation Services Administration (RSA) to conduct periodic evaluations of the programs authorized under the Randolph-Sheppard Act. Additionally, section 107b(4) requires entities designated as the state licensing agency to "make such reports in such form and containing such information as the Secretary may from time to time require * * *." The information to be collected is a necessary component of the evaluation process and forms the basis for annual reporting. These data are also used to understand the distribution type and profitability of vending facilities throughout the country. Such information is useful in providing technical assistance to state licensing agencies and property managers. The Code of Federal Regulations, at 34 CFR 395.8, specifies that vending machine income received by the state from federal property managers can be distributed to blind vendors in an amount not to exceed the national average income for blind vendors. This amount is determined through data collected using RSA-15: Report of Randolph-Sheppard Vending Facility Program. In addition, the collection of information ensures the provision and transparency of activities referenced in 34 CFR 395.11 and 395.12 related to training and disclosure of program and financial information. The following changes are found in the revised information collection (IC) RSA-15: Report of Randolph-Sheppard Vending Facility Program. In Section II, E. "Facilities on Public Property, Line 4 was expanded to include a breakdown of the types of public facilities. Since this information is currently used to calculate the total number of facilities on public property, there is no additional reporting burden. In Section IV, an additional column was added to capture other sources of funding for expenditures other than those traditionally associated with the program. At the end of the reporting form, a text box was added for notes or explanations at the request of the respondents, and contact information was also requested to expedite follow-up by RSA for approval of the reports. The instructions were modified accordingly to accommodate these
